JUDICIAL.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Judicial),—dated 29th January 1889.

READ THE FOLLOWING PAPER:—

From the Inspector General of Prisons, To the Dewan of Mysore, No. 5, dated Bangalore, 5th January 1889.

I have the honor to make the following proposals for the consideration of Government:—

2. It has long, I know, been the intention of Government to ameliorate, to a certain extent, the condition of the life term prisoners in the Central Jail, immediately to some of those who have been for a great many years in Jail; prospectively to all who conduct themselves well.

3. I beg to propose that, under the provisions of Section 401 of the Code of Criminal Procedure, His Highness the Maharaja should be graciously pleased to suspend at once the execution of the sentences passed on the prisoners in the accompanying list, upon the conditions laid down in the rules No. I, herewith enclosed. These rules are very similar to the rules passed by the Government of the Punjab regulating the admission of prisoners to the Ticket of Leave system.

4. I propose that, in future, every life term prisoner, who has completed 16 years in the Jail and who has conducted himself well, shall, on the report of the Superintendent, be admitted to the benefit of these rules. Prisoners, whose sentences are suspended under these Rules and whose conduct has been good, shall, at the expiration of the term of two years, be released from Jail, on the conditions specified in the rules No. II, herein enclosed which are also taken from the Punjab rules.

RULES.

I.

1. Prisoners under these rules shall wear a distinctive uniform to be prescribed by the Superintendent of the Central Jail under the sanction of the Inspector General.

2. They shall be provided with sleeping accommodation inside the walls of the Jail.

3. Prisoners under these rules may be accommodated in the same sleeping barrack.

4. They shall, at the discretion of the Superintendent of the Jail, be allowed to work at their trade, or be employed as convict officials; in the former case, they shall receive half of their earnings; in the latter, half of the pay of the lowest grade of peon.

5. Prisoners under these rules shall be allowed such special indulgences in the matter of food as the Inspector General may, on the recommendation of the Superintendent, sanction.

6. Prisoners under these rules may, at the discretion of the Superintendent of the Jail, be allowed to send to their relatives portion of the money at their credit in the Prisoners' Property Register.

7. They shall be allowed to see their relatives, or to write to them, once in 3 months: interviews with their relatives shall be at such time and place as the Superintendent of the Jail may appoint.

8. They must be industrious and attentive to their work, or the duties assigned to them, and they must not infringe or aid in infringing Jail rules.

9. For any misconduct or disobedience of orders, the Superintendent of Jail is authorized with the sanction of the Inspector General to remand them to Jail, there to complete the full term of their sentence.

10. After having passed another *third* of the portion of sentence unexpired when first they were taken from the general body of prisoners, they may, if their conduct has been good, be released from prison on ticket-of-leave.

RULES.

II.

1. The Superintendent will give to every prisoner, on his release, a ticket in English and Vernacular, on which shall be entered his descriptive roll, and the conditions on which the unexpired portion of his sentence is remitted.

2. The descriptive roll and ticket are to be in the form annexed. The ticket is to be signed by the prisoner, in the presence of two witnesses, and countersigned by the Superintendent of the Jail.

3. A prisoner released on ticket-of-leave will be aided by the Police in finding employment, so long as he shall conduct himself properly.

4. On his release, the Superintendent of the Jail will give him sufficient money from that at his credit in the Prisoners' Property Register, to carry him to his home or place of residence. The balance of the money at his credit will be transmitted to the District Superintendent of Police, when that officer shall apply it either to support the released prisoner or to set him up in his trade.

5. If, at the time of release, the amount of money to the prisoner's credit is too small to enable him to reach his home, and to provide himself with the implements of his trade, the Superintendent of Jail shall be at liberty to give him the implements he has been using whilst in prison.

6. At the time of release, the conditions of his ticket are to be carefully explained to him and accepted by him in writing.

7. He is, in the first instance, to report himself to the District Superintendent of Police of his District, or, in his absence, to the nearest Magistrate.

8. If the prisoner fails to fulfil any of the conditions set forth in the ticket-of-leave, His Highness may cancel the remission of his punishment, whereupon he may be arrested by any Police officer without warrant and remanded to undergo the unexpired portion of his original sentence.

9. In every instance in which a prisoner is released on ticket-of-leave, copy of these rules, as well as a copy of the prisoner's ticket, shall be forwarded by the Superintendent of the Jail from which the prisoner is released to the District Magistrate and to the District Superintendent of Police of the District in which the prisoner is to reside.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Judicial),—dated 29th January 1889.

PART I.

GENERAL.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (General),—dated 20th January 1889.

READ THE FOLLOWING PAPERS:—

Public Works Department Secretary's Note, dated 31st October 1888, forwarding a statement showing lands that will be commanded by the proposed new channel from the Kadlur anikat on the Yegachi river, West Branch, Hassan District.

No. 6856-8—P. CIR. No. 193, DATED MADRAS, 20TH JANUARY 1889.

ORDER THEREON.—A copy of the *papers on this file relating to the construction of a new channel from the Kadlur anikat on the Yegachi river will be forwarded to the Deputy Commissioner of Hassan with the following observations and orders.

*1. Public Works Department Secretary's Note, dated 5th February 1887, with Dewan's orders thereon, dated 28th April 1887.
2. Letter No. 202, dated 11th October 1888, from Executive Engineer, Hassan Division, to D. P. W. Secretary, with statement.
3. Public Works Department Secretary's Memo, dated 31st October 1888.
4. Survey plan (copy of this will be sent from D. P. W. Secretary's office).

2. The work is estimated to cost about Rs. 85,000, and before it can be undertaken, the arrangements ordered in Proceedings No. 1382—90, dated 1st October 1888, regarding the levy of an acreage contribution, should be effected by the Deputy Commissioner with inamdars and holders of unalienated lands likely to be supplied with new irrigation from the work. They should enter into mutchalikas binding themselves to pay fixed acreage contribution for all dry lands proposed to be converted into wet, unoccupied Government land being reserved for sale in due course.

3. Unoccupied Government land already classed as wet should also be similarly reserved for sale.

4. Occupied Government lands and Inam lands, already classed as wet, are liable to pay a water-rate in addition to present wet assessment in consideration of the improved water supply, *vide* Sections 53 and 114 of the Land Revenue Code. The Inamdar paying such additional water-rate is entitled to an enhanced rent from his tenant. *Vide* Section 86, Clause C, Land Revenue Code.

5. Dry Inam lands to be newly converted into wet must pay full water-rates, and for similar Government lands, a water-rate may be fixed, in addition to the dry assessment for the present, instead of the ordinary wet assessment.

6. The Deputy Commissioner will accordingly report to the Superintendent of Revenue Survey and Settlement full particulars of the lands in question in view to a fair water-rate being fixed for dry lands to be converted into wet, and for wet lands for which better irrigation is to be supplied. The rates thus fixed should be duly reported for the information and orders, if any, of the Government.

7. The Deputy Commissioner will be requested to take immediate action as regards the acreage contribution and report the result. In the meantime, the Public Works Department will proceed with the preparation of the regular estimates which should be accompanied by a report to be furnished by the Deputy Commissioner, containing a definite forecast of the anticipated revenue and the aggregate acreage contribution promised.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Deputy Commissioner, Hassan District.
Copy to Secretary, Public Works Department.
Copy to Superintendent, Revenue Survey and Settlement.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (General),—dated 22nd January 1889.

No. 6769-77—CIR. 190, DATED 22ND JANUARY 1889.

ORDER.—To Rule 1, para 3, of Dewan's Proceedings No. 1382—90, dated Mysore, 1st October 1888, the following sentence shall be added, *viz* :—" Government unoccupied wet land should similarly be reserved for sale. "

GENERAL.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (General),—dated 5th February 1889.

READ THE FOLLOWING PAPERS:—

Proceedings No. 5053—107 and No. 6230—Cir. 134, dated 6th December 1884 and 4th February 1885, respectively.

Letter No. 331—310, dated 3rd October 1888, from the Deputy Commissioner of the Chitaldroog District.

Letter No. 2587, dated 21st November 1888, from the Comptroller.

No. 7140-71—CIR. 200, DATED 5TH FEBRUARY 1889.

ORDER THEREON.—In supersession of the orders contained in Proceedings No. 5063—107, dated 6th December 1884, as amended by Proceedings No. 6330—Cir. 134, dated 4th February 1885, the following Rules in regard to casual leave are published for general information and guidance:—

Rules.

I. The grant of casual leave of absence by Heads of Offices will be restricted, as hitherto, to 15 days in each calendar year; but when an officer is entitled to privilege leave and desires to take more than 3 days' casual leave, the same will, under ordinary circumstances, be granted and deducted from the privilege leave at his credit, but without prejudice to his ability to take the balance of privilege leave at his credit at any time when, but for such deduction, he could have taken it. If no privilege leave is due to him, casual leave not exceeding 15 days as above may be granted on sufficient cause being shown therefor, such casual leave being deducted from the privilege leave that may thereafter be earned by him.

II. In the case of officers who enjoy annual vacations and who, for that reason, are entitled to no privilege leave, the total amount of casual leave allowed will be 10 days in each calendar year.

III. Casual leave shall be given only when it can be granted without inconvenience to the public service; and such leave shall not be granted in continuation of any other leave, nor shall it be taken either immediately before, or immediately after, any authorized public holidays so as to make the total period of absence exceed 5 days.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Compiler, Mysore Gazette, for publication in English and Kanarese.
All Heads of Departments.
The Deputy Commissioners of Districts.
The Comptroller.
The Secretary, Public Works Department.
The Secretary, Educational Department.
The Secretary, Legislative Department.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (General),—dated 27th February 1889.

No. 7708-15—209, DATED 27TH FEBRUARY 1889.

ORDER.—In continuation of the orders contained in Proceedings No. 4850-58—120, dated 12th September 1887, regarding the effect to be given to orders of excommunication by Heads of Religious Matts, the subjoined extracts from Proceedings No. 3907—65, dated 24th August 1888, will be communicated to Deputy Commissioners of Districts for information and guidance.

Extract from Proceedings No. 3907—65, *dated 24th August* 1888.

"The orders contained in Proceedings No. 4850-58—120, dated 12th September 1887, were not intended to apply to *every* order of excommunication issued by *every* Matt in the Province. They were expressly intended to apply to *Matts* whose orders of excommunication used to be enforced by Muzarayi officers, as a matter of course, previous to August 1877. Again, even as regards such Matts, specific instructions were laid down, namely :—

(1) The enquiry should be made by the Guru himself;

(2) there should be a distinct declaration by the Guru himself that the excommunicated person *is not in caste* by reason of specified violation of recognised rules of caste; and

(3) an express declaration by the Guru himself that the excommunicated person is unfit to enter temples."

2. Deputy Commissioners are now requested to make such enquiries as may be necessary to ascertain the particular Matts whose orders of excommunication used to be enforced by Muzarayi officers previous to 1877, and to submit for record in this office a complete list of all such Matts. No Matt should be entered in this list unless there are *Government records* to prove that their excommunications had, previous to 1877, been enforced by Muzarayi officers in such a uniform manner and in such a number of cases as to constitute, in the Deputy Commissioner's opinion, a binding custom.

3. The grounds for the Deputy Commissioner's finding in each individual case should be briefly recorded against each Matt whose name is entered in the list called for above.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Deputy Commissioners of Districts.

PART II.

JUDICIAL.

TABULAR STATEMENT OF MATTERS OF ROUTINE FOR THE MONTH OF FEBRUARY 1889.

PART I

REVENUE

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Revenue),—dated 14th March 1889.

READ THE FOLLOWING PAPERS :—

From the Superintendent, Revenue Survey and Settlement, Mysore, To the Chief Secretary to the Dewan of Mysore, No. 809, dated Bangalore, 9th February 1889.

I have the honor to forward letter No. 43 of the January 1889 from the Deputy Superintendent, Mysore Revenue Survey, and appended correspondence, relating to the revision of the assessment of the Kolar Taluk of the District of the same name.

2. Lieutenant-Colonel Rutherfurd has submitted his proposals in the usual form and as his rates were adopted after full consultation with me. I need scarcely say that they have my entire concurrence. I shall therefore confine my remarks to a few of the leading features of the proposed settlement.

3. The rates now proposed are in strict keeping with rates already sanctioned and working well in adjoining settled taluks. They are certainly not higher than the latter and as they give, after providing the pay of village officers and the contribution to the Irrigation Fund, a substantial addition to the revenue of about Rs. 9,000, I imagine there is no desire on the part of Government to have the rates pitched higher, although the circumstances of the Kolar Taluk, notably its exceptionally excellent means of communication, its unusually dense population and its proximity to the gold fields and the Railway, might perhaps justify slightly higher maximum rates than in the adjoining settled taluks.

4. The population of this Taluk, although no doubt it suffered much during the Famine, is at the present moment unusually dense being 214 to the square mile, for the whole area, and no less than 676 per square mile for the cultivated area. I must note that Lieutenant-Colonel Rutherfurd in the statistical statement at para 5 of his report has shown in column 5 the plough-cattle only, the total number in the Taluk of all kinds being 92,762; still the number of superior animals, as Lieutenant-Colonel Rutherfurd remarks, seems out of proportion to the number of ploughs and carts.

5. I agree generally with the conclusions arrived at by Lieutenant-Colonel Rutherfurd at para 9 regarding the cause of the serious fluctuations in the revenue during the last 25 years. As has been frequently observed in previous Reports, the existence of the Batayi system, on any large scale, and the gradual commutation of this to the Nagadi system, must necessarily disturb the normal fluctuation of the revenue. I think however that Lieutenant-Colonel Rutherfurd wrongly describes the rapid fall in the collections under the head of Batayi as fluctuations; these so called fluctuations were simply the result of the gradual abandonment of the Batayi system. The improvement in the revenue during the last 7 or 8 years, during which the Batayi system had almost disappeared, is however very satisfactory and is no doubt due to rapid recuperation from the effects of the Famine and to the favorable conditions for disposing of surplus produce induced by the presence of a comparatively dense population, the proximity of the gold fields and the facilities afforded by the Railway.

6. The grouping for the purposes of distributing the new assessment is I think sufficiently minute considering that there is little room for any great difference of climate or even in general advantages. Where the means of communication are not quite so good as usual Lieutenant-Colonel Rutherfurd has placed the villages in the 2nd group and beyond this any further grouping does not appear to me to be necessary.

7. The general results of the proposed settlement are, as I have already stated, that an increase of about Rs. 9,000 accrues to the revenue after providing for the pay of the Patels and Shanbhogs and the Irrigation Fund. At para 22 Lieutenant-Colonel Rutherfurd shows that these results have been obtained by taking about

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Revenue),—dated 11th March 1889

3 annas more per acre for dry lands than the average hitherto paid under the old system and, in the case of wet land of all descriptions, by raising the average rate from Rs. 3—13—1 to Rs 5—1—3. If the high rates supposed to be in force, and no doubt in many instances actually imposed, be considered and also the extent to which the old bijavari is understated, the new rates cannot be considered high. In the first group the effect of the proposed settlement is to reduce the assessment in 29 villages and in the 2nd group 30 villages are similarly reduced. The total increase must therefore be regarded as due almost entirely to the ascertainment of the correct area and not to any raising of the rates.

8. I am glad to find that the Deputy Commissioner concurs in the suitability of the proposed rates. The instance which that officer cites of the village of Ikamballi the assessment of which has been raised by the operation of the proposed settlement (see Lieutenant Colonel-Rutherfurd's para 23) from Rs. 107 to Rs. 344 is of course an extreme case. I do not think it necessary at present to institute an enquiry into the circumstances of this particular village but will do so at the settlement. There are unfortunately too many similar, although not such extreme, cases and so long as there is nothing exceptional in the rates fixed under the proposed settlement it would scarcely repay minute enquiry into each such instance. In the case of Ikamballi the new rates are not higher than elsewhere and the circumstances of the village underwent most careful scrutiny at the time of classification. I am not surprised that the Deputy Commissioner should view with some apprehension the startling increase in cases of this kind. It may very possibly be found that some of the lands of other villages have been included in Ikamballi or that some perfectly simple explanation of the matter may be found but as regards the weight of the new assessment I do not myself entertain the slightest misgiving.

9. I shall feel obliged by as early sanction as practicable to my proceeding with the introduction of the settlement the preliminaries for which are now nearly completed.

From the Deputy Superintendent, Revenue Survey, To the Superintendent, Mysore Revenue Survey, No. 43, dated Bangalore January 1889.

I have the honor to submit the following proposals for the revision of the assessment of the Kolar Taluk of the Kolar District.

2. The accompanying report, compiled by Mr. Butcher, Assessment Settlement Officer, from notes taken by himself and by Mr. Appu Rao, Assistant Commissioner, during classing operations, contains much useful information regarding the physical characteristics, climate, crops and other matters more or less connected with the economic condition of the Taluk.

3. The Kolar Taluk is divided into the 7 maganis mentioned in the following statement :—

Number.	Name of Magani.	Government villages.	Sarva Inam.	Jodi Inam.	Kayamgutta	Mahal Jodi.	Plantation.	Total.	Remarks.
1	2	3	4	5	6	7	8	9	01
1	Kolar	50	2	4	1	1	...	58	There are no kavals or forests.
2	Vakkaleri	48	1	10	3	...	...	62	
3	Vemgal	70	1	4	10	...	...	85	
4	Sugatur	38	...	4	3	..	1	46	
5	Dalsanur	44	...	2	2	...	...	48	
6	Holur	33	...	6	1	1	...	41	
7	Huttur	40	..	13	3	...	...	56	
	Total.....	323	4	43	23	2	1	396	

4 When the revision of the Taluk boundaries took place in 1880—81, numerous villages from adjoining taluks were transferred to Kolar, which, as at present constituted, comprises altogether 396 villages, Government and Inam. In shape the Taluk is fairly compact except on the west, where the Malur Taluk approaches within 6 miles of the Kasaba. The Kasaba, though not centrally situated, is easily accessible from almost every part of the Taluk, thanks to the numerous roads which radiate in all directions except towards the north-west. The Taluk presents an undulating appearance, with here and there rocky hills either isolated or forming an irregular chain of moderate height. Tanks are very numerous and are fully described in para 7 of Mr. Butcher's report. There are no kavals or forests, but a considerable tract of scrub jungle is met within the north of the Taluk, a portion of which has been converted into a Government Plantation. The rain-fall averages 30·83 inches and is distributed pretty uniformly over the Taluk. The climate is healthy and the condition of the people generally satisfactory.

5. The resources of the Taluk, especially from an agricultural point of view, will be understood from the following statement, the details of which were obtained by the classers during Classing operations :—

Government Villages.	Houses.	Population.	Square miles.	Cattle.	Ploughs.	Carts.	Markets.	Remarks.
1	2	3	4	5	6	7	8	9
* 323	11,215	54,103	253	† 15,530	7,764	2,728	8	*Includes Inam village Mantnahalli measured into Government village of same name. † Plough cattle only.

The figures in column 3 represent the population of the Government villages only. According to the Census of 1881, the total population of the whole Taluk was 74,554. Deducting the population of 72 Inam villages and making due allowance for deaths and desertions, the temporary absence of large numbers at the gold mines and on the Railway works the figures given above probably represent pretty accurately the actual population.

The density of the population per square mile is 214, on the cultivated area it is as high as 676. Compared with the number of carts and ploughs the number of cattle seems disproportionately small.

6. The following statement shows how the lands of the Taluk have been divided by the survey :—

Description of Land.	Government.		Inam.		Total.		Grand Total, Government and Inam.
	Occupied.	Waste.	Occupied.	Waste.	Occupied.	Waste.	
1	2	3	4	5	6	7	8
Dry Crop	41,953	10,973	10,676	...	52,629	10,973	63,602
Rice	6,894	2,715	2,289	...	9,185	2,715	11,898
Garden...	2,524	126	343	...	2,867	126	2,993
Total.....	51,371	13,814	13,308	...	64,679	13,814	78,493

Uncultivable area including roads, village sites, &c.	...	83,587
Area of Inam villages...	...	29,937
Area of plantation	...	302
Gross area of the whole Taluk, *i, e.*, about 300 square miles	...	1,92,319

7. The proportion of waste to occupied area under the heads of dry crop and rice is, though large, not nearly so marked as was found to be the case in Mulbagal and some other taluks of the Kolar District. There is very little garden of the superior kinds in the Taluk, and the waste, which, when cultivated, consisted chiefly of minor garden produce, is comparatively of small extent.

8. The incidence of the old assessment will be apparent from the following maganiwar statement :—

No.	Name of Magani.	Dry Crop.			Rice.			Garden.		
		Acres by Survey.	Old Collections.	Average Rate.	Acres by Survey.	Old Collections.	Average Rate.	Acres by Survey.	Old Collections.	Average Rate.
1	2	3	4	5	6	7	8	9	10	11
1	Kolar	8,089	9,880	1 3 7	1,582	6,287	3 15 7	508	1,346	2 10 5
2	Vakkaleri ...	4,840	7,571	1 9 0	499	3,048	6 1 9	421	906	2 2 5
3	Vemgal ...	8,221	10,661	1 4 9	1,241	6,466	5 3 4	572	1,118	1 15 3
4	Sugatur ...	5,356	6,656	1 3 11	1,016	3,658	3 9 7	215	456	2 1 11
5	Dalsanur ...	5,774	9,832	1 11 3	850	3,835	4 8 2	300	645	2 2 5
6	Holur	4,162	6,760	1 10 0	564	2,252	3 15 11	269	732	2 11 6
7	Huttur	5,511	6,975	1 4 3	1,142	4,730	4 2 4	239	454	1 14 5
	Total... ...	41,953	58,335	1 6 3	6,894	30,276	4 6 3	2,524	5,657	2 3 9

The above rates for dry crop and rice appear to be fairly moderate on the whole, and for garden decidedly low, and were they evenly distributed there would not be much cause for complaint against the pressure of the old assessment. But here as elsewhere inequality of assessment is the rule and not the exception. What the nominal and actual rates are will be seen from para 13 of Mr. Butcher's report, though for the reasons therein given, the information regarding the latter is not so ample and therefore not so useful as it would otherwise have been. The rates for rice and garden given above, though useful for purposes of comparison, would have been more instructive, had the division of these descriptions of land in the old accounts been more accurate. At para 23 will be found a statement showing increase and decrease of assessment in a few villages taken from each group, and illustrating the inequality of the old rates.

9 The following statement shows the actual realizations of revenue for the last 25 years, and the prices of the staple products of the Taluk for the same period :—

Year.	Total Demand.	Remissions.	Total Collections	Seers per Rupee.		Remarks.
				Paddy.	Ragi.	
1	2	3	4	5	6	7
1863—64	93,435	...	93,435	15	20	
1864—65	92,676	...	92,676	15	18	
1865—66	1,03,009	...	1,03,009	15	16

Ten years' average	90,046
Twenty years' average	92,404
Twenty-five years' average	93,853

The fluctuations in the revenue during the last 25 years appear from the figures given above to have been very great, and the suddenness of the rise and fall in some consecutive years is difficult to explain. The conversion of Batayi into Nagadi no doubt accounts to a certain extent for a decrease in the revenue. At the same time while the former system was in force the fluctuations in the revenue derived from this unsatisfactory mode of cultivation were chronic and of startling amounts ranging from a few hundreds to tens of thousands of rupees. For instance in the years 1863—64, 1867—68, 1871—72, 1876—77, 1881—82 the sums realized were respectively Rs. 25,725, 19,212, 13,353, 395, 897. In most of the taluks hitherto settled the highest realizations occurred in 1865—66 ; in Kolar the maximum was reached in 1867—68, and exceeded by several thousand rupees the largest amount paid into the Treasury either before or since that year. From 1868 to 1872 the fluctuations in the total demand were comparatively slight, then commenced a downward course which with two or three insignificant checks continued till 1886—87, when matters slightly improved. Last year the total demand was Rs. 95,089 against Rs. 95,279 of the year previous, and Rs. 93,435 of the year 1863—64. The revenue does not appear to have been seriously affected by the famine of 1876—78, and according to the Amildar no remissions were granted.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Revenue).—dated 14th March 1889.

10. For purposes of assessment I propose dividing the Taluk into two groups which, as well as the maximum rates, are shown in the following statement :—

Group.	Number of villages.	Maximum dry crop rate.	Maximum rice rate.	Maximum garden rate.	
				Tank.	Well.
1	2	3	4	5	6
I	204	2 12	8 0	12 0	8 0
II	119	2 8			

With the exception of the north and north-western and in a minor degree of the north-eastern portion of the Taluk, the communications are unusually good. I have therefore included in the first group the central and southern portion comprising nearly two-thirds of the total number of villages, which moreover have the additional advantage of easy access to the Kolar-Road Station of the Bangalore-Madras Railway. The road to Srinivaspur passes through several villages in the north-east of the Taluk, but as the road is not of much importance and as only a few villages on each side derive any benefit from it, I did not consider it necessary to make a third group for such a small area. On the extreme west a very similar road goes to Chintamani. It passes through only 2 or 3 villages of the Kolar Taluk, but is within easy reach of a considerable number. Under the above circumstances I thought it advisable to include the remaining 119 villages in the 2nd group.

11. The results of the proposed rates on the occupied area are tabulated in the following statement :—

Group.	Villages.	Dry Crop.			Rice.			Garden.			Total.		
		Acres.	Assessment.	Average rate.	Acres.	Assessment.	Average rate.	Acres.	Assessment.	Average rate.	Acres.	Assessment.	Average rate.
1	2	3	4	5	6	7	8	9	10	11	12	13	14
I ...	204	26,407	42,455	1 9 9	4,261	21,330	5 0 1	1,607	7,993	4 15 7	32,275	71,778	2 3 7
II ...	119	15,546	23,835	1 8 6	2,633	14,022	5 5 2	917	4,467	4 13 11	19,096	42,324	2 3 6
	323	41,953	66,287	1 9 3	6,894	35,352	5 2 1	2,524	12,460	4 15 0	51,371	1,14,099	2 3 6

12. The area and assessment of the unoccupied arable waste are given below :—

Group.	Villages.	Dry Crop.			Rice.			Garden.			Total.		
		Acres.	Assessment.	Average rate.	Acres.	Assessment.	Average rate.	Acres.	Assessment.	Average rate.	Acres.	Assessment.	Average rate.
1	2	3	4	5	6	7	8	9	10	11	12	13	14
I ...	204	6,612	9,993	1 8 2	1,278	5,552	4 5 6	70	321	4 9 4	7,960	15,866	1 15 11
II ...	119	4,361	6,577	1 8 2	1,437	6,854	4 12 4	58	234	4 2 10	5,854	13,665	2 5 4
	323	10,973	16,570	1 8 2	2,715	12,406	9 1	126	555	4 6 6	13,814	29,531	2 2 2

13. The subjoined statement gives information similar to the above for minor Inam lands :—

Group.	Villages.	Dry Crop. Acres.	Assessment.	Average rate.	Rice. Acres.	Assessment.	Average rate.	Garden. Acres.	Assessment.	Average rate.	Total. Acres.	Assessment.	Average rate.
1	2	3	4	5	6	7	8	9	10	11	12	13	14
I ...	204	6,027	9,587 1 9 5		1,582	7,732 4 14 2		205	1,071 5 3 7		7,814	18,390	2 5 8
II ...	119	4,649	7,278 1 9 1		707	3,630 5 2 2		138	650 4 11 4		5,494	11,558	2 1 8
	323	10,676	16,865 1 9 5		2,289	11,362 4 15 5		343	1,721 5 0 3		13,308	29,948	2 4 0

14. The result of the proposed rates on all the arable land, occupied, waste and inam is shown below and at the same time contrasted with the old collections :—

Group.	Villages.	As per old accounts. Collections.	As per survey. Government occupied. Acres.	Assessment.	Government waste. Acres.	Assessment.	Inam. Acres.	Assessment.	Grand Total. Acres.	Assessment.
I ...	204	58,468	32,275	71,778	7,960	15,866	7,814	18,390	48,049	1,06,034
II ...	119	36,621	19,096	42,321	5,854	13,665	5,491	11,558	30,444	67,544
	323	95,089	51,371	1,14,099	13,814	29,531	13,308	29,948	78,493	1,73,578

15. The grazing in 1887—88 realized Rs. 5,814 and for purposes of comparison I will retain the amount at the same figure.

16. The Local Fund in 1887—88 produced Rs. 7,376 under the proposed settlement, the amount will be from Government occupied lands Rs. 7,131, and from minor Inam lands Rs. 1,872, or a total of Rs. 9,003.

17. The general result of the proposed settlement is summed up below :—

	Rs.
Land revenue of 1887—88	95,089
Local Fund do	7,376
Grazing do	5,814
Total...	1,08,279
Survey assessment of occupied lands	1,14,099
Local Fund	9,003
Grazing	5,814
Total...	1,28,916

18. Leaving out the proceeds from Local Fund and grazing there is an increase of the assessment of occupied lands of Rs. 19,010.

19. The pay of village officers will require about Rs. 6,000.

20. The contribution to the Irrigation Fund will amount to about Rs. 4,000.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Revenue),— dated 14th March 1889.

21. Deducting Rs. 10,000 the total of the items in the two last paras, there remains a net increase on the old assessment of Rs. 9,010.

22. The incidence of the new assessment generally, compared with that of the old, will be understood from the following statement :—

Description of Cultivation.	Acres by Survey.	Average per acre under old system.			Average per acre under new system.			Remarks.
1	2	3			4			5
		Rs.	A.	P.	Rs.	A.	P.	
Dry . ..	41,953	1	6	3	1	9	3	
Wet	9,418	3	13	1	5	1	3	Rice and garden combined.

23. The following statement gives a few cases of increase and decrease of assessment taken from each of the two groups into which the Taluk has been divided and illustrates pretty clearly the inequality of the old rates :—

In classwar statement No.	Class.	Name of Village.	Old Collections.	Survey Assessment.	Percentage of Increase and Decrease.	Average Rate. Dry.	Wet.	Garden.	Remarks.
1	2	3	4	5	6	7	8	9	10
3	1	Ikamballi ...	107	475	344	1 8 0	5 1 0	3 0 0

From the Deputy Commissioner, Kolar District, To the Superintendent, Mysore Revenue Survey, No. 2425—1573, dated 7th February 1889.

In reply to your letter No. 790, dated the 31st ultimo, I have the honor to state that I have carefully and with much interest read Colonel Rutherfurd's report containing proposals for the revision of assessment in the Kolar Taluk.

2. The settlement of the Taluk comes off after that of more than two-thirds of the District, especially after the experience gained by the settlement of the adjoining taluks of this and the Bangalore District.

3. I could, therefore, do little beyond the approval of the proposed rates, which are in entire accordance with those already sanctioned in the said adjacent taluks. The rates seem to be generally moderate and fairly suited to the condition of the Taluk in question, which is growing in importance on account of its proximity to the gold fields of Bowringpet.

4. With reference to the statement attached to para 23 of the Survey Deputy Superintendent's letter, I beg to state that the percentage of increase, *viz.*, 344 seems exceptionally high, and I am not, in the absence of particulars, in a position to find whether or how such high percentages affect individual cases. I would, however, leave this point for your favorable consideration if it should really press unusually hard on individuals.

5. The enclosures of your letter under acknowledgment are herewith returned.

Report on the Kolar Taluk, Kolar District, compiled by Mr. Butcher, Assistant Settlement Officer, from his own and Mr. Appu Rao's Notes.

Boundaries.—This Taluk is situated in the District of the same name having for its boundaries on the north the Sidlaghatta and Chintamani Taluks, south Bowringpet, on the east Mulbagal, and on the west the Malur and Hoskoto Taluks.

2. *Extent and Area.*—The Taluk is of fairly regular shape being about 16 miles from north to south, and 20 miles from east to west. The total area by survey is 180,399 acres, or roughly 281 square miles. Of this area about one lakh of acres is culturable.

3. *Physical Characteristics.*—In appearance the Taluk is gently undulating with low rocky hills cropping up here and there. These are more numerous in the Kolar and Vakkaleri Maganis, where they form an irregular chain.

4. *Population.*—The population of the Taluk, according to the village accounts or "Khaneshumari" of 1871, was 75,674. By the Census of 1881, it stands at 74,554 which would seem to show that this Taluk did not lose many people in the late famine. The average per square mile is about 269 souls, which is pretty evenly distributed over the Taluk.

5. *Sub-divisions and Villages.*—The following statement shows the sub-divisions of the Taluk with the number of villages in each hobli :—

Name of Hobli.	Government Villages.	Inam.	Total.
1 Kolar	50	8	58
2 Huttur	40	16	56
3 Hulur	33	8	41
4 Vakkaleri...	48	14	62
5 Vemgal	69	14	83
6 Sugatur	37	8	45
7 Dalsanur	44	4	48
Total.....	321	72	393

Of the above 393 villages, there have been transferred from the taluk of Bowringpet 9 villages, from Malur Taluk 7 villages, Devanhalli 19 villages, Hoskote 2, Srinivaspur 24, and Sidlaghatta 2 (which have already been settled). These transfers took place in 1880—81.

6. *Rivers and Drainage.*—The drainage of the Taluk is from west to east. The only small stream is that known as the Palar river which takes its rise near Nundydroog flowing through the Vemgal and Sugatur Hoblis. The drainage of the northern part of the Taluk finds its way into this stream.

7. *Irrigation Works.*—A glance at the map will show that there is a perfect network of tanks all over the Taluk : in fact almost every village has its tank. There are about 300 tanks on the Taluk register, of which some 10 may be called large. In what is known as the Palar river series there is a fine chain of tanks going across the Taluk from west to east. The following are the principal tanks in the series :—Maliappanhalli tank—this has lately been improved by the Irrigation Department at a cost of nearly Rs. 9,000. Kyalanur—this tank has had Rs. 12,000 spent on it recently. The Bianhalli tank—had its waste weir raised 4 feet and improvements made costing Rs. 15,000. Somanbudhi Agrahar tank—this is the finest tank in the Taluk, covering an area of about 900 acres, and has had work done to it costing Rs. 33,000. The two irrigation channels which are being opened out from it, one on each side of the Palar river, are not yet completed. They pass through the lands of the following villages :—Somanbudhi Agrahar Amanikere, Banteganhalli, Mutanhalli, Kolagunjanhalli, Ankatatti, Madavaganjanhalli, Chittanhalli, Totli, Kasaba Sugatur and Gaudahalli. As the work on the channels is not yet completed, it is impossible to say what land can be irrigated from these channels and what cannot be converted into tari. The Classers have therefore classed the lands of those villages which are below the channels according to the present "Wahiwat." After a time there should be a re-classification of the lands in the Palar valley of

those villages that are affected by the new irrigation works. Next in order in the series is the Mudvadi tank which is at present a fine sheet of water, but an estimate for improvements, raising the kodi 4 feet and other works, amounting to Rs. 28,000 has been sanctioned, and will be carried out at once, which will double the capacity of the tank. Below Mudvadi is the fine tank of Chillapalli, the improvement of which by raising the kodi is in contemplation. The last of the series is the Huttur tank. Besides these there is a fine tank at Kolar which is to have Rs. 15,000 spent on its improvement. There are numereous other tanks besides the above which have had money spent on their improvement and repair quite recently by the Public Works Department. In fact the Taluk is fortunate in having had so much attention bestowed on its irrigation works.

8. *Wells.*—Wells are numerous in the Taluk especially in the hoblis to the south of the Taluk where water is found very near the surface. I did not come across many "Kapile" wells in the portion of the Taluk classed by my establishment, but "Yatas" were very numerous in the valley of the Palar river where they are used for irrigating cane and rice in the hot months when the supply of tank water is exhausted. These wells are often mere water holes with one side built up with stone work but some magnificent wells were met with in some of the large villages built entirely of stone and which must have cost large sums of money.

9. *Rain-fall.*—The following table gives the rain-fall as gauged at Taluk head-quarters:—

Year.	Fall.		Year.	Fall.	
	Inch.	Cent.		Inch.	Cent.
1874	40	5	1881 ...	38	6
1875	17	9	1882 ...	29	33
1876	15	9	1883 ...	41	58
1877	32	2	1884 ...	24	69
1878	42	0	1885 ...	25	60
1879	26	7	1886 ...	29	70
1880	29	0	1887 ...	37	95

Average for 14 years past 30·83. It will be seen from the above that the rain-fall is fair, but it is said that the tanks only fill on the average every fourth year. The Taluk does not feel the influence of the south-west monsoon to any great extent, its tanks depending on the north-east monsoon for a full supply of water.

10. *Roads.*—The Taluk under report is, as will be seen by a reference to the map, well found in roads. The old road to Madras runs through the Maganis of Vakkaleri, Kolar and Huttur. A road running due north and south goes to Srinivaspur and the Kolar road station which is the principal feeder. From Kolar to the west run 3 roads to Nundydroog, Hoskote and the Malur station of the Madras Railway, whilst a road to the east goes to Mulbagal. Those portions of the Taluk which are the worst off for roads are the Hulur Hobli and the northern portions of the Vemgal and Sugatur Hoblis, carts finding a difficulty in crossing the numerous water channels of the Palar river irrigation works. With these exceptions, every hobli of the Taluk is in close proximity to a good road.

11. *Soils.*—The dry crop soils of the Taluk are generally red with more or less admixture of sand. The best soil is found in the Hulur and Dalsanur Hoblis where

the soil is of a darker color with less sand. Stretches of black soil are also met with not infrequently in these hoblis. As a whole the soil of the Taluk is better on the average than that of any taluk classed by my establishment for some years past, the soil being of greater depth and capable of supporting superior crops of ragi, which is the staple. The soils of the irrigated lands are of the usual kind, generally dark in color with more or less admixture of sand.

12. *Crops.*—The dry crops raised are those usual in a Maidan taluk, *viz.*, ragi usually mixed with either avare or togari, harka, samé, haralu, hutchellu, walleyellu, jola, which is generally sown in the early or mungari rains, and is followed by horse-gram and ground-nuts which are grown without any irrigation in very sandy soils.

In irrigated lands rice, chiefly of 2 kinds, dod-baira and sanna-bhatta, generally grown as a Vaisakh crop, as the tanks generally depend more on the north-east monsoon than on the south-west for their supply of water. Two crops of rice are rarely met with in one year, but there is no doubt that double crops of rice could be raised without any difficulty below most of the tanks connected with the Palar river irrigation works. Sugar-cane is grown to a very limited extent, very much less apparently than in the adjoining taluks. The capabilities for growing sugar-cane with the supplementary aid of well water are very considerable, water being found near the surface in the hoblis to the south Dod-rastali and chik-rastali are the kinds chiefly grown, and in the Vemgal, Magani a good deal of a small and hard kind called kattigekabbu, all take one year to come to maturity. I was pleased to find that sugar-cane mills of English manufacture were extensively in use, the raiyats having discovered how much more efficient they were than their own wooden mills. The little iron mills cost about Rs. 175. The hire of a mill with two copper boiling pans is Rs. 2—4—0 per 24 hours. In some villages the raiyats have clubbed together and purchased a mill; in others one is hired either from a sahukar or well-to-do Patel. The cultivation of mulberry has been carried on in the Taluk for many years and at one time there was a considerable area under this crop which is a very paying one, but in consequence of disease breaking out amongst the silk-worms, the cultivation of late years has fallen off. Still a good deal is met with in the Kolar, Hulur and Vemgal Maganis, the finest piece of this kind of cultivation that I saw was in the inam village of Kyalanur of the last Magani, the soil being superior. Small patches of tobacco, chillies and other vegetables are met with in almost all the villages with here and there a small betel-vine garden. Cocoanut and supari gardens are very rarely met with, but I am unable to assign any reason for this, as water being found so near the surface in many places such gardens could be planted with advantage.

13. *Rates of Assessment.*—The nominal rates in the Taluk, as stated by the Amildar, are for khushki from Rs. 0-1-2 to Rs. 5-13-0 per wokkala. In tari from Rs. 0-1-5 to Rs. 1—7—0 and in the case of sugar-cane cultivation a special rate of from Rs. 0—14—0 to Rs. 1-2-8 per wokkala used to be charged, but for the last 12 to 15 years there has been no extra rate on cane grown in tari lands. The rate for mulberry is higher than for ordinary tari being from Rs. 10 to Rs. 20 per khandi. These are the nominal rates. The actual average rates for the different descriptions of lands so far as they could be ascertained at test are as follows, but this average is taken from a few villages only and cannot be depended upon as a fair average, Shanbhogs having as a rule absented themselves from the test of their villages, although repeated orders were given to ensure their presence:—

Hobli.	Khushki.			Tari.			Bagayat.		
	Rs.	A.	P.	Rs.	A.	P.	Rs.	A.	P.
Sugatur	1	7	0	3	11	0	6	3	0
Dalsanur	1	15	0	3	8	0	4	12	0
Vakkaleri	1	14	0	3	8	0	4	9	0
Vemgal	1	5	0	4	6	0	7	9	0
Hulur	1	8	6	3	9	0	...	..	..
Huttur	1	7	3	3	9	7	...	...	...
Kolar	1	11	0	4	10	0	7	0	0

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Revenue),—dated 14th March 1889.

14. *Markets.*—Local weekly markets are held at the undermentioned villages :—

Kasaba Kolar	..	.. Thursday.
Vakkaleri	..	.. Tuesday.
Vemgal	..	.. Wednesday.
Sugatur	..	.. Friday.
Kyalanur	..	.. Saturday.

In the Huttur Magani there are three market towns, *viz.*, Tambehalli, Kembodi and Shapura.

15. *Exports and Imports.*—The chief articles of export are ragi, jaggory, beans and various kinds of oil-seeds, silk thread said to be 200 maunds. The chief imports are salt, brass utensils, cloths, chillies and cocoanuts.

16. *Fairs.*—A celebrated cattle fair takes place in the month of March at the village of Wanrase in the Dalsanur Magani near the borders of the Chintamani Taluk, lasting 15 days. Many thousands of cattle are brought together here and people come from all parts to them, some coming from great distances. A very considerable trade is also carried on in brass utensils and cloths of all kinds. A smaller fair is held at Kasaba Vakkaleri in February where brass utensils, cloths, &c., are sold to the value of about Rs. 5,000.

17. *Manufactures.*—The only manufactures are cumblis of good quality and coarse cotton cloths of various kinds. Silk-worms are reared in many of the villages, but the silk thread is not manufactured into cloths locally but exported.

18. *Carts.*—Ordinary "chakra bandies" are not numerous except at Kolar, but in most of the villages there are low carts with solid wooden wheels which are used for carrying manure and carting their crops.

19. *Cattle and Grazing.*—The cattle of the Taluk are of very fair size and breed. Pasturage is generally sufficient except in the Kolar Hobli, where it is reported as insufficient.

20. *Trees and Forests.*—One of the distinguishing features of this Taluk is its fine topes of trees. Almost every village has its tope and in the larger villages there are generally several fine topes which are known as "Hakdari Topes" that is to say the topes were planted originally by a well-to-do Gauda or Patel of the village, and he has been allowed to take the dead wood as fuel. Numerous honge trees are also conserved on the margins of the streams, below tank bunds, on the borders of the fields and as topes. The leaves, flowers and oil-cake are in great demand as manure for rice and sugar-cane, the seeds for oil and stalks for fuel. The Gold Mines in the Bowringpet Taluk draw large quantities of honge wood from the Huttur, Hulur and Kolar Hoblis. Wood of all kinds is of very great value in the Taluk, consequently great care will have to be exercised at the Survey settlement in dealing with hakdari topes and other trees growing in cultivated and waste lands. In the northern part of the Taluk, a great quantity of high scrub jungle is met with. Firewood is abundant everywhere.

21. *Remuneration of Village Servants.*—Shanbhogs get from each Pattadar a cash allowance of from 2 to 8 annas, and dry grain from 4 to 9 seers, and 2 to 4 seers of rice, and where cane is cultivated about 6 seers of jaggory. Shanbhogs also hold inam lands. Patels get nothing at all. The Toti, Talvar and Nirganti have inam lands and are entitled to miras according to mamul.

22. *General condition of the People.*—The raiyats generally seem in fairly good circumstances and enjoy a good and healthy climate, but they are rather backward in making use of the advantages which they possess, especially in the way of garden cultivation. I believe, however, that they are waiting till the Survey settlement of the Taluk is completed. They have a good climate, abundance of good roads close to the Railway, with a market at Bangalore for all their surplus produce.

APPENDIX

Statement showing the Area, Cultivation, Cattle, Carts, Ploughs, Houses, Population, and past
District, reported on in Survey Superintendent's

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Revenue),—dated 14th March 1889.

CAMP No. 2035-46, DATED 14TH MARCH 1889.

ORDER THEREON.—The above read papers contain proposals for the settlement of the Kolar Taluk, which is surrounded by the settled Taluks of Hoskote, Sidlaghatta, Chintamani and Mulbagal on the west, north and east and by the unsettled Taluks of Malur and Bowringpet on the south. The Taluk is proposed to be divided for the purposes of settlement into two groups, the first group comprising the southern and central parts which are more favored than the remainder of the Taluk in the matter of communications and proximity to the Bangalore Madras Railway

2. Regarding irrigation works, the report of the classifying officers Messrs. Butcher and Appu Rao states that "there is a perfect net work of tanks all over the Taluk," almost every village having its tank. Small wells in the south are numerous and cheaply constructed with water very near the surface Well-cultivation is not as considerable as it might be, though there is in the south every facility for this cultivation on a large scale. Mr. Butcher thinks that it may be that the raiyats are awaiting the settlement rates. The raiyats are industrious, and the density of the population above the general average.

3. The old rates of assessment as in almost all other taluks in the country, are not reliable, wanting in anything like uniformity, and the past collections show great variations. The highest was in 1867—68 Rs. 1,14,000 and the lowest in 1880—81 Rs. 84,000. Since then, the land revenue has gradually risen and amounted to Rs. 95,000 in 1887—88. Applying the last named figure to the area ascertained by the survey, the following average rates are obtained :—

	Rs.	A.	P	
Dry	1	6	3	per acre.
Rice	4	6	3	,,
Garden	2	3	9	,,

4. The settlement proposes the following maximum rates :—

		Dry.			Rice.			Tank gardens.			Well gardens.		
For the 1st group of 204 villages ..	Rs.	2	12	0	8	0	0	12	0	0	8	0	0
For the 2nd group of 119 villages ...	Rs.	2	8	0	8	0	0	12	0	0	8	0	0

These maximum rates are, with a slight exception, identical with those sanctioned for the settled Taluks of Hoskote, Sidlaghatta, Chintamani and Mulbagal, and they give very equitable average rates on the occupied area as shown below :—

Taluks.	Dry rates.							Rice rates.				Garden rates.					
		1st class maximum.		2nd class maximum.		3rd class maximum.		4th class maximum.		Average.		Maximum.		Average.		Tank gardens. Maximum.		Well gardens. Average.	
		Rs.		Rs.		Rs.		Rs.		Rs.		Rs.		Rs.		Rs.		Rs.	
Sidlaghatta	...	2 12	0	2 10	0	2 8	0	2 4	0	1 9	6	9 0	0	6 5	5	12 0	0	8 0	6 3 8
Chintamani	...	2 12	0	2 8	0	...		...		1 8	11	8 0	0	6 4	0	12 0	0	8 0	5 15 5
Mulbagal ...	...	2 12	0	2 8	0	...		...		1 3	0	8 0	0	6 0	0	12 0	0	8 0	6 7 0
Hoskote ...	...	2 12	0	2 8	0	...		...		1 12	3	9 0	0	5 4	11	12 0	0	8 0	5 12 7
Kolar ...	...	2 12	0	2 8	0	...		...		1 9	3	8 0	0	5 2	1	12 0	0	8 0	4 15 0

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Revenue),—dated 14th March 1889.

5. It will be seen from the foregoing statement that the maximum rates proposed, which are in themselves moderate, give fair and reasonable average rates as compared with those for neighbouring taluks. The incidence of the wet and garden assessment is lighter than in any other neighbouring taluk, while that of the dry is slightly higher than in Chintamani and considerably higher than in Mulbagal, the very light dry average rate of the last named taluk being due to the comparative poverty of the soil. The Deputy Commissioner generally supports the proposed settlement pointing out however some individual cases of villages which, under the new rates, show a very large increase in the Government demand. Colonel Grant rightly remarks in reference to this, that the increase cannot be explained now, but will be examined carefully at the time of the introduction of the settlement. Extreme cases of hardship, if well established, should be dealt with considerately. It is probable that the increase is due to exceptionally low hulgaval rates prevailing in these villages and to exceptionally low under statement of area in the old accounts. But the rates now proposed are in themselves moderate.

6. The result of the settlement proposed is—

	Rs.
Survey assessment of occupied lands ..	1,14,099
Local Funds	9,003
Grazing	5,814
Total.. .	1,28,916

The local funds and grazing being deducted, the net land revenue increase is Rs. 19,010, out of which provision for the remuneration of Shanbhogs, &c., Rs. 6,000, and for the irrigation fund Rs. 4,000, total Rs. 10,000 being made, there remains a net increase of Rs. 9,010, which is extremely moderate for a Taluk possessing exceptional advantages as regards climate, communications and irrigation.

7. With the foregoing remarks, His Highness the Maharaja's Government sanction the proposed settlement with the usual guarantee for 30 years.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Superintendent of Revenue Survey and Settlement in Mysore.
The Deputy Superintendent, Mysore Revenue Survey.
The Deputy Commissioner, Kolar District.
Copy to other Deputy Commissioners for information.
„ to Secretary, Public Works Department, for information.
„ to Comptroller for information.

PART II.

JUDICIAL.

TABULAR STATEMENT OF MATTERS OF ROUTINE FOR THE MONTH OF MARCH 1889.

No.	Subject and Order.	Date of Order.	Date of previous Orders.
1	In reply, the Assistant to the Resident was informed that the lunatic Shek Mohiadin No. 802, a private of the 27th Native Infantry having gone to Bellary would be arrested and sent on his return from that place.	2nd March 1889.	
2	In forwarding the papers in connection with the case of theft, the Assistant to the Resident was requested to issue a warrant under the Extradition Act for the arrest and surrender of the accused Virakonda and Chik Subbanna of the Dharmavaram Taluk, Anantapur District.	Do do	
3	A copy of a letter from the Assistant to the Resident No. 979 —2868, dated the 22nd instant, was forwarded to the Deputy Commissioner, Shimoga District, who was requested to inform what steps had been taken for the arrest of Vobya therein alluded to.	Do do	
4	The Sessions Judge, Mysore, was requested to submit the entire records of the Sessions case No. 9 of 1889 as early as practicable.	Do do

REVENUE.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 17th April 1889.

READ THE FOLLOWING PAPERS :—

Docket No. 517—480 of the 4th February 1889 from the Deputy Commissioner, Chitaldroog strict, reporting that a village called Yadinhalli in the Hiriyur Taluk was granted on four years' "Shraya" tenure, which expired on the 31st March 1888, and that the holder thereof has felled several cart-loads of trees therein, and has applied for a license to remove them to Chitaldroog.

Docket from the same No. 563—525 of the 11th March 1889, reporting that the trees were felled for building purposes, but not to facilitate cultivation nor to improve the village.

No. 309-317—CIR. 8, DATED BANGALORE, 17TH APRIL 1889.

ORDER THEREON.—The so called shrayadar should be treated as an occupant of Government assessed land, and the rules regarding trees on occupied lands, as applied to the Taluk at the settlement, should regulate his rights to the trees in question. A distinction should be drawn between trees on assessed *occupied* lands of the village, and those on unassessed Government lands or lands set apart for public purposes. To trees of the latter class (and for that matter to lands on which such trees stand), the shrayadar has no right. To trees on assessed lands of which he must be regarded as the occupant, he may have a right, if the settlement gave it to the occupant.

2. The Deputy Commissioner must settle the question in accordance with the above observations and submit a brief report of the settlement, together with a classified statement showing the assessed occupied lands and other lands of the village.

3. The shraya tenure of a bechirakh village does not elevate the grantee to the position of the holder of an alienated village, such as Kayamgutta, Inam or Jodi.

Chief Secretary.

To—The Deputy Commissioner, Chitaldroog.
The Deputy Commissioners of other Districts.
The Superintendent, Revenue Survey.

PART I.

FINANCIAL.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 29th April 1889.

READ THE FOLLOWING PAPER:—

Letter No. 3003—224, dated 4th March 1889. from the Inspector General of Forests and Plantations.

No. 1019-28—CIR. 23, BANGALORE, DATED 29TH APRIL 1889.

ORDER THEREON.—With the above letter, the Inspector General of Forests and Plantations submits the Budget estimates of the forest Department for the year 1889—90, with propsals for a revision of the existing forest subordinate establishment.

2. *Receipts.*—The total receipts for the year 1889—90 are estimated at Rs. 10,90,000 as against Rs. 10,86,000 for the previous year. The chief item of income is "Sandal" and a revenue of Rs. 6,99,000 from this source is a reasonable estimate, judging from the actuals of (Rs. 6,68,214) 1887—88, especially as a large quantity of the superior classes of Sandalwood is on hand in the Kotis of the Mysore District.

3. The income from wood fuel is estimated at Rs. 1,08,996, which shows an increase of Rs. 51,996 over the estimates of 1888—89. This increase is provided in anticipation of the increased demand for fuel likely to be made by the Southern Mahratta Railway Company in consequence of the completion of the Gubbi-Harihar extension, but if the Company could arrange with private contractors for the supply of fuel required by them, the above estimate will have to be considerably reduced.

4. The receipts from timber and bamboos are estimated at Rs. 1,41,150.

5. *Disbursements.*—The estimate of disbursements provides for a total expenditure of Rs 4,90,000, of which Rs. 3,50,000 is for "works and conservancy", and Rs. 1,40,000 for "establishment".

6. The cost of plantations which have been undertaken on a large scale is estimated at Rs. 1,00,400.

7. Under the head of "Sandalwood", the collection and conservancy charges are estimated at Rs. 61,550. To this have to be added, for the purpose of comparison, Rs. 12,576 on account of Manegars, Kolkars and the Koti establishment and Rs. 11,725 on account of direction charges. In addition to this, a sum of Rs. 29,000 has been provided to meet the cost of the construction of a Sandal Koti at Sagar and of certain improvements to the Bangalore Koti. The total cost during the current year under the head "sandal" may thus be estimated to amount to Rs. 1,14,851 against an estimated revenue of Rs. 6,99,000, showing a net revenue from Sandalwood of Rs. 5,84,149.

8. The extension of reserved forests, the formation of plantations and systematic fire-protection render it necessary that the existing subordinate forest establishment should be strengthened and placed on an efficient footing. The Inspector General accordingly recommends that the pay of Rangers, Foresters and Watchers should be increased and that likewise the salaries of the office establishments, both of the Inspector General and of District Forest officers, should be improved. Under the head of office establishment, the proposals made involve an increased expenditure of Rs. 376 per month, and of Rs. 1,537 per mensem under that of subordinate executive establishment. These proposals are justified by the very large extension, in recent years, of forest work in all branches. The extent of operations is now quite twice what it was in 1880—81, and the revenue which then stood at below 7 lakhs has now mounted up to nearly 11 lakhs. Under such circumstances the revision of establishment proposed by the Inspector General is sanctioned as per appended schedule. Provision is made in this schedule for the horse allowances of Rangers and of the Fuel Inspector which had been left out in the proposition statement submitted by the Inspector General.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 29th April 1889.

9. The provision of Rs. 9,000 on account of the salary of the Inspector General will be raised to Rs. 10,200 to meet a moiety of the increase to his pay sanctioned in Proceedings Camp No. 2247, dated 21st March 1889. With these additions, the estimate of disbursements amounting to Rs. 4,94,020 is sanctioned.

10. Omitting the item of "Sandal" from both sides of the account (as per details in para 7 above,) the probable forest revenue from other sources for 1889—90 is Rs. 3,91,000 as against an estimated expenditure of Rs. 3, 79,169 ; or in other words, Forest operations (except under Sandal) just pay their own cost. This is due doubtless to the fact that a large expenditure (Rs. 1,00,400) is incurred in connection with an extensive system of new plantations which bring no immediate income. The fact however is worthly of notice, as "Sandal," the chief source of forest income, engrosses but a very small share of the attention of the Forest Department, while the tracts which contribute to the remainder of the forest income benefit so little from the new plantations, though, taking the Province as a whole, there is scarcely any work better calculated to confer a lasting boon upon posterity than the growth of new forests in denuded tracts.

PART I.

GENERAL.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 4th April 1889.

READ THE FOLLOWING PAPERS:—

Letters Nos. 569—44 and 594—45, dated the 12th and 23rd March 1889, respectively, from the Anche Bakshi in Mysore.

CAMP NO. 24—30, DATED MYSORE, 4TH APRIL 1889.

ORDER THEREON.—With the above letters, the Anche Bakshi submits statements showing particulars of age, serivce, &c., in regard to 162 superior officials of the Anche Department who have been thrown out of employment owing to the transfer of the Anche to the Imperial Postal Department.

2. Upon an analysis of the statements submitted by the Anche Bakshi, it is found that there are 61 officials who have either completed 25 years' service or whose age is over 50 years, and most of them are entitled to half pension. The retirement of these men is hereby sanctioned with effect from 1st April 1889.

3. The four officials whose names are noted on the margin will be retired, as desired by them, on such pension or gratuity as they may be entitled to.

	Present Pay. Rs.
1. Annamale Mudaliar, Raktavan, Anche Bakshi's Office	7
2. Sampangi Ramasami Naidu, Anche Inspector	35
3. Murugesa Mudaliar, Mutsaddi, Bangalore Anche Office	25
4. Subba Rajulu do do do	20

4. Manjappa, Mutsaddi at Kalasa in the Mudgere Taluk, is reported to be unfit for further service and he will accordingly be retired.

5. Subbanna, Mutsaddi at Kolar, has already been otherwise provided for by the Deputy Commissioner.

6. The undermentioned five officials, who though selected for employment by the Imperial Postal authorities refuse to accept service in the British Postal Department, will also be retired:—

		Present Pay. Rs.
1.	Venkanna, Acting Munshi and Clerk, Anche Bakshi's Office ...	25
2.	Balasundra Mudaliar, Record-keeper, do do ...	12
3.	Srinivasaiya, Mutsaddi, Mysore	10
4.	Srinivas Rao, do Chamrajnagar	15
5.	Ramanna, do Kikkeri	10

A few other officials who similarly refused to accept British Service are omitted from this list as they come under para 2 above.

7. The nine officials whose names are subjoined and whose service falls short of five years will be discharged without gratuity:—

				Present Pay. Rs.
1.	Mari Honnappa,	Mutsaddi,	Bangalore	10
2.	Muttusami Mudaliar	do	do	10
3.	Surya Sastri	do	Huliyar	10
4.	Subbanna	do	Periyapatna...	10
5.	Murgeppa	do	Yeslur	10
6.	Venkatesaiya	do	Gandasi	10
7.	Naranappa	do	Channarayapatna	10
8.	Dasappaiengar	do	Sravan Belagola	10
9.	Ranga Rao	do	Benkipur	5

8. Twenty-one officials are between 45 and 50 years of age, an age at which they will find it difficult to adapt themselves to a new Department or to render useful service in it. They are mostly entitled to $\frac{1}{3}$rd pension and there is no prospect of finding employment for them at present. Their retirement is also accordingly sanctioned.

9. The above paragraphs dispose of 102 officials; the principles laid down in them must be strictly adhered to, but the Anche Bakshi will be at liberty to correct any errors found upon full verification of service, &c. The remaining 60 men who are below 45 years of age and have less than 25 years' service, as per accompanying List A, will be allotted for employment to the Districts specified opposite their names, and the Deputy Commissioners as well as the Abkari Department will be requested to examine them and to provide employment for such of them as may be found fit as vacancies occur. Till such provision is made, the men in List A will be paid such pension or gratuity as they may be entitled to, subject of course to the provisions of the Civil Pension Code in the event of re-employment.

10. The Government will be glad if the Deputy Commissioners can see their way to finding employment for any of the officials noted in para 8 above so as to decrease the pensionary charges on the State.

11. A large number of additional hands will soon be required for the Abkari Department, and instructions have been issued to employ in that Department as many of the discharged Anche officials as possible. The selection for that Department will be made in the first instance from List A, and when the men in that list have been provided for either in the Abkari Department or elsewhere, an attempt should be made to re-employ the men referred to in para 8 above. By drawing some of the new hands required for the Abkari Department from the Dewan's and the District offices, it is hoped that there would arise in the last named offices some vacancies for which Anche officials may be found qualified. But it must be distinctly understood that re-employment must depend entirely upon the individual's qualification.

12. Having regard to the fact that Mutsaddis of the Anche Department have always been employed in this Province on small salaries although the work required of them was of a kind usually performed by officials of the superior service in other Departments, the Government are pleased to sanction that service as Mutsaddis on pay of Rs. 10 shall (as a special concession in the case of all Anche officials now to be retired) be reckoned as "Superior" service under the Civil Pension Code. The benefit of this concession should be given to all Anche officials, whether their present salary is Rs. 10 or more, and the Government hope that this concession in addition to the very liberal ones already granted will reduce to a minimum any hardship to individual officers necessarily resulting from the transfer of the Anche to the British Postal Department.

13. The Anche Bakshi will at once distribute among all Anche officials a printed circular in Kanarese, explaining the liberal concessions granted by Government in regard to their pensions and the orders now issued for the re-employment of such of them as may be found to be fully qualified. A copy of the circular issued should be submitted for the Dewan's information.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Anche Bakshi.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 30th April 1889.

READ THE FOLLOWING PAPER.—

Annual Report on Vaccination, Mysore, for 1887-88.

No. 656—6, DATED CAMP OOTACAMUND, 30TH APRIL 1889.

REVIEW THEREON.—The total number of persons operated on during the year 1887—88 was 100,380 or 184 less than in the previous year. Out of 99,717 primary vaccinations, 75,636 were successful, giving a percentage of success of 75·85 against 76·82 in the previous year; and out of 663 re-vaccinations, 551 were successful, being 83 10 per cent against 73 75 in 1886—87. Much more attention was given by Deputy Inspectors to testing the work than in the previous year; and the proportion of success recorded is probably genuine

2. There was an increase in the Tumkur, Hassan and Shimoga Districts. 14,496 children under one year were successfully vaccinated, being 2,226 less than the number in 1886—87. If the number of births (93,120) be considered, it must be said that the children are still very badly protected. The average number of operations performed by each Vaccinator during the past year was 1,153·79 against 1,183·10 in 1886—87.

3. The cost of the Department amounted to Rs 15,680—10—9 against Rs. 14,530—5—10 in 1886—87. The cost of each successful case was Rs. 0—3—3 51, being 6·57 pies less than in the previous year.

4. In Dispensary vaccinations 71 37 per cent of the primary, and 86·4 per cent of the secondary operations were reported to have been successful in 1887—88 against 87 07 per cent and 82·15 per cent, respectively, in 1886—87.

5. In the Municipality of Bangalore, 1,968 persons were successfully vaccinated.

6. The establishment was increased during the year by the employment of four Deputy Inspectors of Vaccination in the Districts of Kolar, Chitaldroog, Shimoga and Hassan In the absence of compulsory vaccination, the spread of vaccination depends very largely on the interest taken in it by the higher Revenue officials. In order to secure their co-operation, steps will be taken to place the Vaccinators and the supervising officers experimentally for the first time in much closer subordination than formerly to the Deputy Commissioners of Districts, the general control of the Department being with the Senior Surgeon. The Amildars will be made immediately responsible for the state of vaccination throughout their Taluks.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Senior Surgeon to the Government of Mysore.

READ THE FOLLOWING PAPER:—

Medical and Sanitary Report of Mysore for the year 1887.

No. 657—7, DATED CAMP OOTACAMUND, 30TH APRIL 1889.

VITAL STATISTICS.

REVIEW THEREON.—The subject of health in Jails will be treated in the section relating thereto.

2. The total births registered in 1887 were 93,120, whilst in 1886 they were 90,708; the proportion of males to females was 103·24 to 100. The rate per 1,000 of population was 22·75 against 22·16 in the previous year.

3. The deaths registered were 76,074 or 18·59 per mille, males to females being as 111·40 to 100. The returns for the towns and the rural populations give a death- rate of 21·82 and 19·90 per mille respectively, but the former is probably more correct than the latter owing to the improved and satisfactory mode of recording Vital Statistics in Municipalities. The highest rate of mortality was in the months of January, June and July. The agency of the Patels is utilized for this purpose in villages. Mortality is heavy among infants under a year old which is as high as 115 per mille.

4. More than one-half of the mortality of the year was due to fever, mostly due to the insanitary conditions surrounding the homes of the people. Mysore and Shimoga stand at the head of the fever list.

5. The cholera epidemic broke out in September of 1887, and 832 persons lost their lives before the year closed. Shimoga showed the largest mortality. The points which require attention are the water-supply and the arrangements for conservancy and cleanliness. It is hoped that sanitary improvements about to be carried out will mitigate the ravages of this epidemic disease. The plan under consideration consists of projects for the drainage of the town and the improvement of the water-supply.

6. Small-pox was more fatal than in the previous year. Nearly one-third of the mortality was among infants under one year. It is to be hoped that under the efficient supervision of the Deputy Inspectors the mortality under this head will decrease.

SANITARY WORKS.

7. At Mysore valuable improvements have been effected in the construction of sewage and drainage works, and in the water-supply of the town. With the exception of the above, no new sanitary works of any importance were executed by the Public Works Department, the work done being the sinking and cleaning of wells and the repairing of tanks and wells, and some other minor matters. In some Municipalities new drains were built, and those existing repaired; some latrines and dust-bins, roads and wells were constructed and repaired, and some other minor works executed. The conservancy of the towns was as usual attended to.

R. VIJAYINDRA RAO,

Chief Secretary.

To—The Senior Surgeon to the
Government of Mysore.

READ THE FOLLOWING PAPER:—

Report on the Operations of the Money Order Department for 1887—88.

No. 658—40, DATED CAMP OOTACAMUND, 30TH APRIL 1889.

REVIEW THEREON.—The transactions of this Department exhibit satisfactory financial results for the year 1887—88. The total receipts of the Department have been Rs. 2,064—7—0 and charges Rs. 1,245—12—0, giving a balance in favor of the Department of Rs. 818—11—0.

2. The number and amount of Local Money Orders both issued and paid show a slight falling off. In regard to Imperial Money Orders, however, there is a fair increase in number and amount of both issued and paid as compared with 1886—87. Out of a total of 2,152 Orders issued, 1,276 were of values not exceeding Rs. 10 and 264 of amounts ranging from Rs. 10 to Rs. 50. Those for Rs. 150 numbered 29. These results when compared with those of the previous year show that the use of Money Orders for petty remittances is increasing.

3. The amount of Orders which lapsed to Government was Rs. 30 against Rs. 27 in 1886—87.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Comptroller in charge Money Order Department.

READ THE FOLLOWING PAPER :—

Report on the Operations of the Inam Department for the year 1887—88.

No. 659—6, DATED CAMP OOTACAMUND, THE 30TH APRIL 1889.

ORDER THEREON.—Two hundred and fifty cases were disposed of during the year under review against 499 in 1886—87.

2. The total area confirmed amounted to 66-19-6½ khandis bearing an assessment of Rs. 523—2—11 and a jodi of Rs. 63—6—5. The quit-rent imposed amounted to Rs. 200—5—7, making the sum payable to Government on account of the lands confirmed Rs. 265—11—0 or 50 $\frac{4}{5}$ per cent of recorded assessment.

3. 7—3—3 $\frac{3}{20}$ khandis of land assessed at Rs. 109—7—9 and paying jodi to the extent of Rs. 55—5—0 were resumed for invalidity, non-existence of pagodas, or failure to render service for which they were granted. The net gain on this account was Rs. 54—2—9.

4. One hundred and forty-six whole villages were settled under the Dewan's Proceedings No. 4701-9—133, dated 2nd September 1881, and 192 minor inams revised.

5. Four hundred and fifty-nine quit-rent registers were prepared against 469, and 1,964 title-deeds for minor inams against 650 in 1886.

6. The cost of the Department during the year under review was Rs. 7,888-9-0. The additional revenue derived from its operations amounted to Rs. 4,746-13-4, to which Rs. 4,531-8-4 were permanent increae.

7. The total cost of the Department from the commencement of operations to the end of 1887—88 was Rs. 10,12,132—14—5 or Rs. 1,47,772—3 more than one year's revenue secured by it to Government.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Superintendent, Revenue Survey and Inam Settlements.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 30th April 1889.

READ THE FOLLOWING PAPER :—

Report on the Administration of Jails and Lock-ups in Mysore for the year 1887.

No. 783—94, DATED CAMP OOTACAMUND, THE 30TH APRIL 1889.

REVIEW THEREON.—There were 3 jails and 87 lock-ups in the Province during the year 1887, or one less than in the preceding year, the lock-up at Bangalore having been closed. The total number of prisoners confined was less than in the preceding year by 1,422 (7,258 against 5,836) ; the number in confinement at the close of the year was smaller by 216 (1,103 against 887). The daily average number was 914·894 against 1,130·295 in 1886.

2. The number of civil prisoners was much smaller than in 1886. The number of under-trial prisoners was 2,933 against 3,614 in 1886. The number convicted was 792 against 885 in 1886.

3. At the commencement of the year there were 977 convicts, the number received under fresh sentences or by transfer from other jails during the year was 1,835 ; 2,005 were released or otherwise disposed of, leaving 807 convicts in prison on the 31st December 1887, or 177 convicts less than at the close of the year 1886. By special order of Government 285 convicts were released in honor of the Jubilee of Her Majesty the Queen Empress of India. The selection was made in accordance with the provisions of the Resolution of the Government of India in the Home Department No. 37 C., dated 1st January 1877. This benefit was extended to women sentenced to imprisonment for not more than two years and to those of specially good conduct and whose sentences would expire on or before the 20th June 1887.

4. Out of 807 convicts remaining in prison at the close of the year, 15 were Christians, 84 Muhammadans, 635 Hindus, 3 Budhists and Jains and 70 belonged to other classes. 9 convicts were under 16 years of age, 568 between 16 and 40 years of age, 206 between 40 and 60 years, and 24 above 60 years of age. Out of 749 male convicts, 46·45 per cent were classified as laborers and persons engaged in agriculture. 20·69 per cent figure under the head of miscellaneous, which shows that many of the criminals came from a class who have no fixed employment.

5. Looking at the terms of imprisonment it appears that 216 convicts out of those remaining on the last day of 1887 were undergoing sentences not exceeding one year, 110 were in for terms above 1 year and under two years ; 107 for terms above 2 years and not exceeding 5 years ; 147 above 5 and not exceeding 10 years ; 10 for a term above 10 years ; and 217 were sentenced to transportation.

6. On the first day of the year under review, there were 156 old offenders, of whom 74 had been once, 41 twice, and 41 more than twice before in jail. Of those admitted during the year, 95 were in jail on one, and 54 on more than one occasion.

7. There were 7 juvenile convicts in jail on the 31st December 1886. 43 juvenile convicts, that is under 16 years of age were admitted during the year under review ; 13 of them under second conviction. From the fact that 30 per cent of juvenile criminals are undergoing imprisonment for the second time, it may be presumed that they have been undeterred by their first experience of prison life.

8. There were in all 39 convicts at large on the 31st December 1886 ; during the year one made his escape from outside the jail in Shimoga. He is still at large. One was re-captured during the year under review.

9. Seven prisoners were punished by the Criminal Courts, and 163 by the Superintendents of Jails. The latter were punished as under :—

By reduced diet	21
Do solitary confinement with reduced diet	20
Do corporal punishment	18
Do other punishments	17

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 30th April 1889.

The Dewan observes that notwithstanding the decrease in the average daily Jail population, there was an increase in the number of offences shown in the returns. The number of offences rose from 65 in 1886 to 170 in 1887. The ratio of punishments to the average population in the Bangalore Central Jail was 32·4 against 8·5 in 1886, while the percentages recorded against the Mysore and Shimoga Jails were 2·5 and 5·6 respectively. No satisfactory explanation of this increase is suggested.

10. The education of the prisoners received some attention during the year under review. The average daily number under instruction was 529·493. According to the returns received there was in the Bangalore Central Jail a daily average number of 282 convicts under instruction, while at Mysore there were 170. The Superintendents of Jails should be warned that it is waste of time and labor attempting to teach men who by reason of their advanced age and entire ignorance are incapable of learning.

11. The total number of convicts employed as prison officers was 219 as compared with a total of 328 in 1886.

12. Sixteen prisoners were granted remissions of sentences under the mark system, money gratuities were also given during the year under review.

13. The scale of diet in force in the Province is liberal ; since 785 prisoners released during the year had gained in weight during the period of their imprisonment.

14. The total expenditure of the Jail Department was Rs. 1,04,597 or an average of Rs. 113—14—0 for each prisoner for the year. This was an increase on the previous year when the expenditure per prisoner was Rs. 102—6—7. Of the average daily number of convicts, 139·320 were employed on unremunerative labor, 77·353 as prison warders, 139·284 as prison servants, 63·346 on jail gardens, 55·629 in preparing articles for use or consumption in the jails, 24·001 on repairs to jail buildings, 205·872 on manufactures, and 90 by the Department of Public Works. The total credits due to manufactures amounted to Rs. 30,111 and the total debits to Rs. 24,764, leaving an excess of credit or profit of Rs. 5,347. The average amount earned during the year by each prisoner varied from Rs. 16—9—4 at Shimoga to Rs. 3—9—9 at Mysore. At Bangalore it was 5¾.

15. The total number of deaths was 23 against 19 in 1886, the daily average number of sick was 15·924 as against 19·463 in 1886 ; there was complete immunity from cholera. Of the deaths 12 occurred among the prisoners between the ages of 16 and 40, seven between 40 and 60 years and 3 among the prisoners above 60 years of age. The largest proportion of deaths was among prisoners who had been in jail for more than seven years, 5 died among prisoners who were incarcerated for periods of from 3 to 7 years, two died among those who had been in jail for periods less than one year, 7 died among those who were incarcerated for periods of from 1 to 3 years. The greatest number of deaths (10) occurred in the Central Jail at Bangalore.

16. The total amount expended on jail buildings on account of alterations and repairs was Rs. 4,956—5—0, of which Rs. 3,678—5—0 were spent on the Bangalore Central Jail. Convict labor was utilized as far as practicable.

17. The average daily number of prisoners of all classes confined in lock-ups was 84·922 in 1887 against 125·731 in 1886. The health of the prisoners was good, there were only two deaths during the year.

Efforts should be made to increase the discipline and penal character of the lock-ups and to employ the prisoners incarcerated therein on some form of unskilled penal but profitable labor.

Increased attention should also be paid to the inspection of jails and lock-ups by the Deputy Commissioners of Districts.

R. VIJAYINDRA RAO,
Chief Secretary

To—The Inspector General of Prisons.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 30th April 1889.

READ THE FOLLOWING PAPER :—

Report on Special Hospitals in Mysore for the year 1887.

No. 902—S, DATED, CAMP OOTACAMUND, 30TH APRIL 1889.

REVIEW THEREON.—The Special Hospitals in the State are the Lunatic and Leper Asylums, and the Maternity Hospital at Bangalore, and Her Highness the Maharani's Female Hospital at Mysore.

2. *The Lunatic Asylum.*—At the close of 1886 there were 177 patients in the Asylum. 49 were admitted during the year, making a total of 226 under treatment or observation. Of this number 14 were discharged cured, 17 improved, 1 not improved and 13 died. The Dewan hopes that harmless lunatics who can safely be entrusted to the care of their friends are not admitted.

3. The average daily number of inmates in the Asylum during the year 1887 was 180 against 168 in 1886.

4. The returns for the year under review show an increase in the number of criminal lunatics in confinement, the number of this class at the close of the year being 24 against 19 in 1886, and a daily average of 21·69.

Dr. McGann remarks as follows at page 2 of the report :—

"I think the question of detaining some of these criminal lunatics so called for "an indefinite time as exists under present rules is one which might be looked into "with advantage. Some are charged with comparatively mild offences and to make "incarceration perhaps life long, that is, until they can be certified as capable of "making a defence seems severe, much more severe than in the case of save offend-"ers who for a similar offence would regain their liberty in a comparatively short "time".

The Dewan recognizes there is some force in this representation ; he will be prepared to consider each case on its merits and the Senior Surgeon may submit a separate communication on this subject.

5. Of 226 persons who were under treatment during the year, 57 were suffering from acute mania, 55 from chronic mania, 4 from melancholia, 89 from acute dementia, 7 from mania with epilepsy, 2 from monomania and 12 from chronic dementia. The predisposing cause of insanity was ascertained in 12 cases of new admissions. In all of these, insanity was produced by the excessive use of ganja and spirits.

6. Out of 55 cases treated in the Hospital of the Asylum during the year, 10, 9 and 7 were respectively cases of ague, diarrhœa and dysentery.

7. The total cost of the Asylum was Rs. 14,524—2—6 against Rs. 13,680-1-3 in 1886. The increase is mainly accounted for by the larger number of patients dieted, and in part by the inclusion under the head of contingencies of expenditure on account of furniture, &c., provided for the Reading Room of the East Indians and other improvements. The average cost per Native and East Indian patient was Rs. 6-9-1¼ and Rs. 9—13—10 respectively against Rs. 6—7—10 and Rs. 10—9—0 respectively in 1886.

8. The average daily number employed on the various classes of work during the year was 105, or 58·3 per cent of the total Asylum population. The receipts o the year amounted to Rs. 805—9—4.

9. *Leper Asylum.*—There were 33 lepers in the Asylum on the 31st Decembe 1886 and 14 were admitted during the year. Of the 47 patients, 8 were discharge

and 4 died, reducing the number at the close of the year under review to 35. The average daily number was 34·64 against 33·67 in 1886.

10. Complete cure of this disease is impossible Gurjon and other wood oils used on the patients do not appear to give any permanent benefit.

11. The total expenditure incurred on account of the Asylum was Rs. 2,661—7—9 against Rs. 2,538—14—9 in 1886.

12. *Maternity Hospital, Bangalore.*—The number of individuals treated as in-door patients was 157 or 20 more than in 1886. Of this number,

32 were Europeans or Eurasians,
4 „ Muhammadans,
46 „ Hindus,
and 75 belonged to other classes.

13. The surgical operations performed numbered 20. Five of them proved fatal; a result in a great measure due to the admission of neglected women who seek admission only when recovery is impossible.

14. The total number of out-patients treated was 2,991 or 4,382 less than in 1886. This marked decrease is very unsatisfactory and requires full explanation.

15. The expenditure on the institution amounted during the year to Rs. 4,484—9—9 against Rs. 4,826—9—10 in 1886.

16. *Her Highness the Maharani's Female Hospital at Mysore.*—The popularity of this institution was maintained during the year.

Taking *in* and *out* patients together, the number who received medical treatment and surgical aid was 6,292 or 128 more than in 1886.

17. Of the 19 patients who underwent obstetric operations, 15 are shown to have been cured or relieved, while 4 died.

18. Of the 151 persons treated as in-patients,
5 were Europeans,
10 „ Eurasians,
20 „ Muhammadans,
73 „ Hindus,
and 43 belonged to other classes.

19. The total cost of the institution during the year was Rs. 4,539—4—2 against Rs. 4,290—8—3 of 1886.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Senior Surgeon to the Government of Mysore.

PART I.

JUDICIAL.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Judicial),—dated 1st May 1889

READ THE FOLLOWING PAPER:—

Report on the Administration of Criminal Justice in Mysore for the year 1887.

No. 802—S, DATED, CAMP OOTACAMUND, 1ST MAY 1889.

REVIEW THEREON.—During the year under review sanction was accorded to the introduction into the Chief Court on its original side of the system of trial of Sessions cases by Jury as an experimental measure. The total number of persons under trial before the Chief Court in its Criminal Jurisdiction during 1887 was 112, of whom 49 were convicted and 61 acquitted. Of the 49 persons convicted, 8 were sentenced to death, 3 to transportation and 38 to imprisonment with or without fine. The sentences of death do not include those passed by Sessions Judges and confirmed by the Chief Court. In only one case the Judge having differed from the Jury, reference was made to a Full Bench where a majority of the Judges upheld the verdict of the Jury.

2. The total number of persons who appealed to the Chief Court, or in whose cases appeals were preferred by Government from judgments of acquittal under Section 417 of the Code of Criminal Procedure including those remaining at the end of 1886 was 1·92. The result of these appeals was as follows:—

Sentences confirmed	108
Do reduced	21
Do reversed	47
Appeals rejected	11
New trial ordered	1
Appeal in which the appellant died ..	1

There was a decrease of about 1⁵ per cent in original cases and of 17·05 per cent in appeals as compared with the figures for 1886.

The average pendency of these appeals was 33·8 days as compared with 40·59 in 1886.

3. As a Court of reference, the Chief Court disposed of 15 cases referred under Section 374 of the Code of Criminal Procedure for confirmation of sentences of death passed on 20 persons.

The sentences of 13 persons were confirmed; of 4 were modified, while 3 were acquitted,

4. On the revision side under Sections 435 and 439 of the Criminal Procedure Code, the Chief Court disposed of the cases of 455 persons confirming the sentences of 337, modifying those of 23, enhancing those of 5, reversing 54 and ordering retrial of 14.

The number of applications for revision presented by parties was 89 or 26 more than in 1886. They were disposed of with the following result—Applications by 127 persons were rejected; under applications by 10 persons new trials were ordered; under an application by one person the conviction was set aside.

5. As at the close of 1886, there were two Sessions Judges and eight District Magistrates (Deputy Commissioners) employed at the close of 1887. The number of Magistrates employed was 114.

The receipts and charges of all the Criminal Courts for 1886 and 1887 were as follows:—

	Receipts.			Charges.		
	Rs.	A.	P.	Rs.	A.	P.
1886 ..	66,970	1	9	2,24,452	0	7
1887 ..	68,849	11	6	2,51,140	7	3

The excess of expenditure over receipts was Rs. 1,62,290—11—9.

The total number of offences reported was 14,615 or 112 more than in 1886. Of this number 3,401 were not brought on the file. The number of offences admitted to have occurred was 10,835 as compared with 10,124 in 1886. This number was made up as follows :—

	1886.	1887.
Offences under the Indian Penal Code ..	8,316	8,700
Offences under Special and Local Laws ..	1,808	2,135

Out of 22,417 persons put on trial, 8,620 (38·4 per cent) were convicted and punished.

6. The Magistrates dealt with 22,503 accused persons as compared with 20,616 in 1886. Of these 13,507 were discharged or acquitted, 8,545 were convicted, 6 died, escaped or were transferred, and 204 remained under trial when the year closed.

The number of cases decided by Magistrates of Districts was 1,002, involving 2,396 persons as compared with 947 in 1886, involving 2,170 persons.

The Dewan is satisfied that as a rule the Magistrates of Districts take a sufficient share in the direct disposal of cases.

The average duration of cases decided by Magistrates was 5·5 days, being nearly one day in excess of the average in 1886.

In cases disposed of by Magistrates of Districts, the average duration was 8·66 days, being greater by about three days than that in 1886.

The practice of trying cases in camp should as far as practicable be discouraged.

Of the witnesses who appeared in 1887 in the Courts of Magistrates, 34,743 were discharged on the first day, 5,733 on the second, 554 on the third and 162 witnesses were not allowed to leave until after the third day.

7. The number of persons tried by the Sessions Courts was 155, or 9 more than in 1886. Only 48·3 per cent of persons concerned were convicted. This result is not quite satisfactory. The cases of 12 persons were pending trial at the close of the year.

The number of European British subjects accused of offences was 2, one of whom was acquitted and the other convicted.

8. The sentences awarded by all the tribunals were—

Death ..	.. ..	13
Transportation ..	.. ..	4
Imprisonment ..	Rigorous ..	1,150
	Simple ..	169
Fine ..	. ..	7,445
Whipping ..	.. ..	105

The sentences of imprisonment under two years, and sentences of upwards of two years were in 1887 1,296 and 36 against 1,433 and 54 in 1886 respectively.

The amount of fines imposed was Rs. 46,456—1—0 in 1887 as compared with Rs. 46,686—15—3 in 1886, and the amount realized was Rs. 40,743—11—6 as compared with Rs. 40,278—4—5 in 1886.

The amount of compensation awarded to injured parties was Rs. 4,559—10—0 as against Rs. 4,296—8—10 in 1886.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Judicial),—dated 1st May 1889.

There were 194 miscellaneous cases before the Courts in 1887, of which about two-thirds related to security for good behaviour and to frivolous or vexatious complaints summarily dealt with under Section 250 of the Code of Criminal Procedure.

9. In 1887 there were 19 appellate Courts, namely 9 Assistant Commissioners' Courts, 8 Courts of Magistrates of Districts and two Courts of Session.

The total number of appellants was 981, or a little more than in 1886 when the number was 954. The appeals of 64 of these were rejected, while the sentences of 498 were confirmed, of 69 reduced and of 333 reversed. The largest number of appeals was in the Ashtagram Division, 97.

The Dewan trusts that District Magistrates personally inspect and scrutinize the proceedings of their subordinate Magistrates' Courts as often as possible.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Chief Judge in Mysore.

PART I.

REVENUE.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 1st May 1889.

READ THE FOLLOWING PAPERS:—

Petitions dated 23rd August 1888 and 5th January 1889 from the Mokhtesar, Nad and Mande Patels of the Manjarabad Taluk, complaining of the imposition of quit-rent on their umbli Inam land.

From the Chief Secretary to the Dewan of Mysore, To the Superintendent of Inam Settlements, No. 6306—85, dated 9th January 1889.

In forwarding herewith petitions Nos. 1303 and 2261, dated the 23rd August 1888 and 5th January 1889 from Mokhtesar Patel Igur Mallegauda and others of the Manjarabad Taluk (to be returned), has the honor to request that he will be so good as to submit a report of the circumstances and rules under which quit-rent has been imposed upon petitioners' Service Inam lands, together with a statement showing the Survey valuation, area, quit-rent, present and past, if any, date of settlement, &c.

From the Superintendent of Inam Settlements, To the Chief Secretary to the Dewan of Mysore, No. 2—4, dated Bangalore, 11th April 1889.

I have the honor to acknowledge the receipt of your letter No. 6306—85 of the 9th January on the subject of petitions Nos. 1303 and 2261 of the 23rd August 1888 and the 5th January 1889 respectively, presented by Mokhtesar Patel Igur Mallegauda and others. In returning the petitions in question, I beg to offer the following remarks.

2. The Service Inams in question first came to light during the collection of data required for determining, under Rules, the final remuneration of the ordinary Patels and Shanbhogs. Nad, Mande and Mokhtesar Patels are the ordinary denominations of the Inams concerned, and include all except the Village Patel Inams.

The superior Patel Inams, as they may be called, were clearly for service, neither required nor rendered, and they were transferred to the Inam Department and disposed of under Rule VIII F.

3. As requested, I append a statement showing the area and other particulars. There are 172 acres of wet land, bearing survey assessment of Rs. 529—4—0, and besides this there are Rs. 67—8—0 confirmed in cash, the land being unidentifiable. On none of these Inams was there any old Jodi, so that the whole must be regarded as clear profit. The quit-rent under Inam Rule VIII F amounts to Rs. 285—8—0.

4. The value of the Inams is absurdly incommensurate with the undoubtedly high and influential position occupied by the Patels in the social scale and would, if regarded in that light, represent a very paltry reward for such services as the petitioners claim to have been rendered by themselves or their forefathers, in connection with the Nagar rebellion, the conquest of Coorg and the troubles which shortly afterwards followed in Canara, not to mention services of a more general character in connection with Taluk management.

5. According to the petitioners' statements the Inams, the imposition of any quit-rent upon which is now so strongly deprecated, are the outcome of action taken by Major Montgomery, under the orders of Sir Mark Cubbon, towards assigning waste lands, on a certain prescribed scale, to Nad, Mande and Mokhtesar Patels respectively, as remuneration or perhaps compensation would be the more accurate term. The uniformity of the old assessment bears out this view.

6. Before making any definite proposal regarding the particular case now under reference, I beg to draw attention to the ruling, as per Proceedings quoted in the margin, under which, in consideration of the smallness of the emoluments concerned, the Mokhtesar Patels in the Belur Taluk were left in undisturbed possession of such small profits as they had.

Chief Commissioner's Proceedings No. 2189—R. 39, dated 24th June 1878.

7. In continuation of the Proceedings noted in the preceding para, there were further Proceedings as noted in the margin, in which it was ruled, with reference to certain proposals by the Deputy Commissioner to assign duties to the Mokhtesar Patels, that the revival of an institution so feudal in its character could not be allowed; and it was further stated as the Chief Commissioner's opinion that, even if feasible, it would be inconvenient to define the duties of the Patels concerned, and that it would be preferable to regard them as public servants liable to be called upon for service upon cases of emergency.

Chief Commissioner's Proceedings No. 12048—113, dated 24th March 1879.

8. I happened to be absent in England when the Proceedings quoted in the two preceding paras took place and therefore, when the Manjarabad cases came up, the undoubted precedent afforded by them escaped my attention, otherwise I think it extremely probable that I should have advised the same treatment in the case of the Manjarabad as in the case of the Belur Inams. Although the tenure of the Inams in the two Taluks was much the same, there was a very considerable difference in the manner in which they were assessed, the old jodi in Belur being very high, in some cases quite as high as the survey assessment, while in Manjarabad there was no old jodi at all, the Inams being practically "Sarva Inam". I now beg to offer my suggestions on the prayer put forward by the petitioners.

9. Judged by a hard and fast rule the petitioners cannot be said to have any duties assigned to them, or required of them. That they actually do still take some part in the Taluk management cannot well be doubted. They would naturally do so, were it only to keep up some semblance of their former power and to display their loyalty. In Police matters their extraordinary influence, if properly directed, must of necessity be a power. These men must, in short, from their position necessarily be of great use to the community, but the difficulty exists, as already shown, of defining their ostensible duties.

10. All that the petitioners now ask for, however, is that they may be left in undisturbed enjoyment of what they already have, and I beg strongly to recommend that in their case and in all similar cases in the Malnad, the emoluments of these superior Patels may be left to them. The concession represents, for the whole Province, a very trivial sacrifice of revenue and will be in favor of a class of men, unique in their patrician position and characteristics and, I think I may say, held in esteem locally by His Highness the Maharaja and by all officers of the administration who have seen much of them. Whether any general scheme for utilizing the services of these superior Patels will ever be entertained is a question for the future, but should it ever be taken up, the action of Government will be freed from complications by the small concession I now advocate.

11. I beg to append copy of a sannad upon which petitioners greatly rely in support of their prayer.

Statement showing the old and Survey Extent and Valuation of Nad, Mande and Moklitesar Patel Inams of the Nanjarabad Taluk prepared as per Chief Secretary's docket No. 6306—85, dated 9th January 1889.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 1st May 1889.

The Commissioner for the Government of the Territories of His Highness the Maharaja of Mysore. No. 28, dated 6th January 1844.

ORDER.

To Viregauda of Malali Gonibidu Nadgauda of Kiggattanadu of the Manjarabad Taluk.

You are allowed to continue to enjoy, as hitherto, that "Umbli," "Mana Mariyadi," "Mirasi" (emoluments), &c., which remain attached to the office of Patel of this Nad, and you are directed to obey and carry out, with the co-operation on the part of the Shanbhog, such orders as may be made by the Amildars and other superior officers in connection with revenue matters, such as cultivation of land, collection of revenue, &c., in the Nad in question. You are further directed to discharge all the duties usually discharged by Patels in giving lawful assistance in Police matters, *viz.*, preventing disturbances from thieves, &c., within the boundaries of the Nad, detecting thefts and arresting the offenders, &c., &c.

The enjoyment of this sannad and the profits in land or any thing else thereby granted shall be subject to the good behaviour (or conduct) on the part of the Patel. Any misconduct will cause the above (rights) to be forfeited or resumed to Government.

No. 1148-51—16, DATED 1ST MAY 1889.

ORDER THEREON.—The report read above relates to the enfranchisement of certain superior Pateli Inams in the Manjarabad Taluk. There are 32 such inams, one belonging to the Mokhtesar Patel, three to Nad Patels and the remaining 28 to Mando Patels. The Survey valuation of these inams (inclusive of certain cash payments in the case of unidentifiable lands) amounts to Rs. 596—12—0. On the ground that these inams were originally granted for certain services which at the present time are no longer required or are only of a nominal character, the Inam Superintendent enfranchised them, subject to the payment of half quit-rent amounting for the whole Taluk to Rs. 285—8—0.

2. Upon a consideration of the important services rendered to the State by this class of Patels, and having regard to their local influence and general usefulness, His Highness the Maharaja's Government are pleased to direct that the inams in question be continued in full as Service Inams, that the Patels in question be regarded as Public Servants liable to be called on for service in the Police, Revenue and other Departments of the State on any occasions of emergency, and that the conditions of the sannads granted to them by Sir Mark Cubbon in January 1844 shall continue to have full force and effect.

3. In the case of Pateli Inams which it has been impossible to identify, it would be desirable to locate the inams in the holdings of the various Patels in lieu of cash payments from the Treasury. Such an arrangement would add to the influence and status of the Patels.

4. The Inam Superintendent will be requested to revise the Settlement in accordance with the above decision and to report for orders cases of similar Patelships in the Malnad which may come under notice hereafter.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Superintendent of Survey and Inam.
The Deputy Commissioner of Hassan for information and guidance.
The Deputy Commissioners of Shimoga and Kadur Districts.
The Comptroller.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 8th May 1889.

READ THE FOLLOWING PAPERS :—

Dewan's Proceedings No., 2726—105, dated 14th July 1888, in regard to the claim of certain Inamdars to the two anna cess levied in lieu of license fees on retail arrack shops.

Bangalore Deputy Commissioner's letter No. 415, dated 25th September 1888, submitting a statement showing the realizations from the said two anna cess in certain Inam villages for the year 1887—88.

No. 1019-4—121, DATED BANGALORE, 8TH MAY 1889.

ORDER THEREON.—The refund to the Inamdars named in the margin of the realizations of two anna cess on retail shops in their villages, is sanctioned as per particulars in margin for 1887—88.

District.	Taluk.	Name of Inam Village.	Quantity of arrack sold in 1887—88	Amount of two anna cess thereon.		
			Gallons.	Rs.	A.	P.
Bangalore.	Bangalore.	Boyamarnahalli	256	32	0	0
Do	Kankanhalli.	Kaglipura	292	36	8	0
Do	Closepet ...	Kodlur	154	19	4	0
Kadur ...	Koppa ...	Sringeri	729			
		Kelavalli	142			
		Bemagudda	45	138	2	0
		Kenchabili	74			
		Saradabagalu or Hosagrara ...	115			

2. The Excise Commissioner will be requested to refund to them the cess realizations for 1888—89, and to communicate to the Inamdars concerned the decision of the Government as above on their claims for the cess in question.

3. The Sivan Samudram Jahgirdar is *not* entitled to the license fee or to the 2 anna cess under the Chief Commissioner's Order dated 26th October 1867. But he is entitled under the same orders to an annual payment of Rs. 278—9—0, in commutation of his right to the Excise revenue of his Jahgir. This annual payment has been regularly made and the bill for the amount (Rs. 278—9—0) due for 1887—88 received with Mysore Deputy Commissioner's letter No. 810, dated 13th March 1889, is hereby sanctioned.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Excise Commissioner of Mysore,
The Comptroller with sanctioned bill referred to in para 3.
The Deputy Commissioners of Bangalore, Kadur and Mysore Districts.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 8th May 1889.

READ THE FOLLOWING PAPER :—

Letter No. 67, dated 26th April 1883, and letter No. 128, dated 23rd May 1888, from the Deputy Commissioner, Tumkur District, regarding the claim of the Jeddars of Sivangere in the Maddagiri Taluk and Kalkere in the Kunigal Taluk for compensation on account of the toddy revenue of their villages

No. 1038-40—14, DATED 8TH MAY 1889.

ORDER THEREON.—The papers submitted do not show whether the Jodi village of Kalkere in the Kunigal Taluk is entitled to the toddy revenue under the original Sannad or the Inam Settlement, nor has the Deputy Commissioner recorded a definite finding upon this question. The Deputy Commissioner will accordingly submit a report upon this question, after receiving and considering any documents which the jeddar may be able to produce, and after referring to any records in his own office.

2. The fact that the jodi village in question contains a large number of date trees and that the jodidar was able in some years to get a *rent* for them from the Toddy Contractor by private arrangement, is no proof of the jodidar's right to the Abkari *Revenue* properly so called.

3. The Deputy Commissioner will be requested to submit the report above called for before the 21st June next when the general question is likely to come before the Dewan for consideration.

4. The Superintendent of Inam Settlement will be requested to report whether, in the case of any jodi and quit-rent paying villages, the Abkari Revenue, where alienated, was ever deducted from the combined quit-rent, or whether this item of revenue was invariably left to be managed by Government and accounted for separately to the Inamdars concerned under the orders of the late Chief Commissioner contained in Proceedings No. 3697—30, dated 8th October 1873, paras 1 and 2, and whether any certificates as directed in para 2 of the said order have been issued by the Inam Department.

5. In the case of the Sivangere Jodi village in the Maddagiri Taluk, the late Chief Commissioner (in para 3 of Proceedings No. 12917—Rev. 363, dated 20th March 1877, page 74, Revenue Manual, 1886) commented upon the Inam Settlement as regards the Abkari Revenue of this village. It appears to the Government that the Inam Settlement gave the date trees to the Jodidar (in the same way as the right to date trees is conceded to occupants), but reserved to Government the Excise Revenue. Viewed in this light the original settlement was just and proper, but by para 6 of the Proceedings above quoted this settlement was revised in accordance with the rules laid down in Proceedings No. 3697—R. 30 of 8th October 1873. The Inam Superintendent will be requested to report what effect, if any, has been given to the settlement revised as above.

6. The Inam Superintendent will also be requested to furnish any information in his office regarding the cases to which the rules of 8th October 1873 have been applied by recognizing certain unauthorized alienations of Abkari Revenue for one or two lives or whether there has been a general non-application of these rules as the result of subsequent discussion or express orders.

7. The Deputy Commissioner of Tumkur will be requested to report (with reference to his office No. 67, dated 27th April 1883,) what local effect, if any, has been given to the settlement ordered as regards the Abkari Revenue of the Sivangere Jodi village in para 6 of Chief Commissioner's Proceedings, dated 20th March 1877, Revenue Manual, page 74.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Superintendent, Inam Settlement.
The Deputy Commissioner, Tumkur District, with Proceedings.
Copy to the Excise Commissioner, Mysore.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 9th May 1889.

The 9th May 1889.

No. 31.—The Government of His Highness the Maharaja, in virtue of the powers vested in them by Section 55 of the Excise Act XXII of 1881, as extended to the Territories of Mysore by Regulation III of 1885, have been pleased to make the following Rules relating to the grant of licenses for the vend (wholesale or retail) of "Foreign spirit" and "Foreign fermented liquor".—

Rule I.—Under Section 3, and for the purposes of the aforesaid Act, the Government of His Highness the Maharaja have decided that:—

Definition.

(*a*) "Foreign spirits" and "Foreign fermented liquors" are such "Spirits" or "Fermented liquors" as are manufactured in any place in Europe, America or Australia and imported into the Territories of Mysore under well-known brands recognized by the Government of His Highness the Maharaja.

(*b*) All other spirits and fermented liquors (including those manufactured in Java, Ceylon, Jamaica and any place whatsoever in India) shall be treated as "Country spirits" or "Country fermented liquors" as the case may be.

Rule II.—(*a*) Foreign spirits and foreign fermented liquors shall not be liable to pay an Excise duty to the Government of His Highness the Maharaja; and

Duty.

(*b*) all country spirits and country fermented liquors shall pay an Excise duty to the said Government, and no such country spirit or country fermented liquor shall be imported into the Territories of Mysore without the payment of such Excise duty.

Rule III.—Licenses for the vend of foreign spirits or foreign fermented liquors or both, shall be granted by the Deputy Commissioner of the District, and every such license shall be for a period ending with the 31st March of the official year in which it is granted.

Licenses by whom granted and for what period.

Rule IV.—Licenses granted under Rule III shall be separate for wholesale vend, for retail vend, for vend in hotels, and for vend in refreshment rooms; but two or more licenses may be held by one person.

Wholesale, Retail, &c., License.

Rule V.—There shall be payable for every license granted under Rule III, a license fee at the following rates:—

Rates of License.

				Rs.	
For Wholesale License	...	...	...	25	Per year or fraction of a year ending with 31st March.
For Retail License	...	...	...	50	
For Hotel License	..	...	...	25	
For Refreshment Room License		...	...	25	

(*Note.*—In addition to the above license fees, every holder of a retail, hotel or refreshment room license within the cities of Bangalore and Mysore is bound to register his place of business under Section 58 of the Municipal Regulations, and pay the Municipality, for the certificate of such registration, an annual fee under Class II, Class III or Class IV of Schedule C. II of the said Regulations.

Rule VI.—Licenses granted under Rule III shall include power to sell "double distilled" arrack at proof and over-proof manufactured in the Mysore Government Central Distillery, or double distilled country spirit imported under bond and excised at the full rates of duty chargeable under Section 7 of Act XXII of 1881, or any preparation of such arrack or such country spirit issued from the said distillery under seal and printed label marked

Double distilled spirits and preparations thereof.

Rule VII.—Refreshment rooms licensed under these Rules must be opened only in places of a monthly rental of not less than Rs. 25 in the cities of Bangalore and Mysore and Rs. 10 elsewhere.

Rule VIII.—Any Excise officer may enter and inspect, at any time by day or by night, any shop or premises in which a vendor licensed under these Rules carries on the sale of any foreign spirit or foreign fermented liquor.

Rule IX.—Licenses granted under Rule III shall be in the appended form.

License for the wholesale vend of "Foreign spirits" and "Foreign fermented liquors."

I the Deputy

Commissioner of the District, do hereby authorize

, son of

residing in

to sell by wholesale foreign spirits and foreign fermented liquors, at Shop Door No. situated in

subject to the conditions prescribed below and to the payment of a license fee of Rs. per annum.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 9th May 1889.

Conditions.

I. The holder of this license is bound to conform in every way to the Excise Law in force for the time being, and to all Rules framed by the Government of His Highness the Maharaja under Section 55 of the Excise Act XXII of 1881 (Mysore Regulation III of 1885).

II. (*a*). This license is granted for the sale of (foreign spirit, or foreign spirit and foreign fermented liquor, or foreign fermented liquor, as the case may be) of the brands described in the appended list. The Deputy Commissioner is at liberty to add to, or otherwise alter, the said list, upon his own motion or upon the application of the holder of this license. Every such addition or alteration shall be attested by the signature of the Deputy Commissioner.

(*b*). No foreign spirit or fermented liquor which is not of one of the brands named in the said list, added to or altered as above, shall be sold under this license.

Here enter List of brands for the sale of which this license is granted :—

III. No foreign spirituous or fermented liquors in a less quantity than two Imperial gallons or twelve reputed quart bottles at a time shall be sold from the above said shop.

IV. (1). No kind of foreign spirituous or fermented liquors shall be sold or given in any quantity whatever to any European non-Commissioned officer or private soldier, nor to any European or East Indian woman connected with, or related to, men of these classes, except with the permission, in writing, of the Commanding officer or some person duly authorized by that officer in this behalf, and such written authority shall be retained by the holder of the license as his voucher for such sale, and shall be produced, when required, to any Excise officer.

(2). The sales from the aforesaid shop shall be confined exclusively to respectable persons known to the holder of this license or vendor.

V. The aforesaid shop shall be closed at 9 P. M. and not opened until 6 A. M. daily.

VI. The holder of this license shall, upon requisition by any officer not below the grade of an Assistant Commissioner, be bound to produce to such officer, or to any Excise officer empowered by such officer, the original invoice showing the importation of all foreign spirits and fermented liquors for the sale of which this license is granted.

VII. The holder of this license may sell or transfer to any other holder of a wholesale or retail license granted under the Rules of , any foreign spirit or foreign fermented liquor which the latter is, by his license, empowered to sell. Such sale or transfer shall not be effected without previously obtaining a permit in duplicate in writing, under the seal and signature of the Deputy Commissioner in the Excise Department. The duplicate permit shall be retained as a voucher for such sale or transfer by the license-holder to whom such sale or transfer has been effected and shall be produced upon requisition of any officer of the Excise Department, and the original permit shall be returned to the office of the Deputy Commissioner in the Excise Department, duly dated and attested by both seller and purchaser.

VIII. The holder of this license shall keep true and correct accounts, giving the month and date, the quantity and description of foreign spirituous and fermented liquors obtained, the source from which they were obtained, the quantity and value sold, the person to whom sold, and the balance of stock on hand, daily. Such accounts shall be open to the inspection of the officers of the Excise Department at any time. An abstract of this account shall be sent monthly in duplicate to the Excise officer appointed to receive the same, for check and transmission to the Deputy Commissioner's office, Excise Department.

IX. This license is not transferable by sale, gift, mortgage or otherwise, and no persons except those mentioned in it shall have power to act under it.

X. The license-holder may appoint a shop-man or vendor to officiate for him at the shop, but the name of such party or parties shall first be registered in the Deputy Commissioner's office, and the name of such shop-man or vendor duly entered at the top of this license.

XI. A breach of any of the conditions above specified will render the license-holder liable to all penalties provided in that behalf by the Excise Law and Rules thereunder and shall also render this license liable to cancellation by the Deputy Commissioner at his discretion under Section 13 of Act XXII of 1881 (Mysore Regulation III of 1885).

XII. This license shall continue in force till the 31st March 18

OFFICE OF THE DEPUTY COMMR., DISTRICT.

Dated

Deputy Commissioner,
District.

I, the undersigned son of

residing at

the abovenamed license-holder, for myself and my heirs, legal representatives and assigns, hereby agree to all the terms and conditions described in the above license.

Signed, sealed and delivered in our presence at office, this

day of

License for retail sale of "Foreign spirits" and "Foreign fermented liquors."

I , the Deputy Commissioner of the District, do hereby authorize son of residing in to sell by retail foreign spirits and foreign fermented liquors at Shop Door No. , situated in , subject to the conditions prescribed below and to the payment of a license fee of Rs. per annum.

Conditions.

I. The holder of this license is bound to conform in every way to the Excise Law in force for the time being, and to all Rules framed by the Government of His Highness the Maharaja under Section 55 of the Excise Act XXII of 1881 (Mysore Regulation III of 1885).

II. (*a*) This license is granted for the sale of (foreign spirit, or foreign spirit and foreign fermented liquor, or foreign fermented liquor, as the case may be) of the brands described in the appended list. The Deputy Commissioner is at liberty to add to, or otherwise alter, the said list, upon his own motion or upon the application of the holder of this license. Every such addition or alteration shall be attested by the signature of the Deputy Commissioner.

(*b*). No foreign spirit or fermented liquor which is not of one of the brands named in the said list, added to or altered as above, shall be sold under this license.

(Here enter List of Brands for the sale of which this license is granted.)

III. No foreign spirituous or fermented liquors in a less quantity than one quart bottle or one pint bottle at a time shall be sold from the above said shop.

IV. (1) No kind of foreign spirituous or fermented liquors shall be sold or given in any quantity whatever to any European non-commissioned officer or private soldier, nor to any European or East Indian woman connected with, or related to, men of these classes, except with the permission in writing of the Commanding officer or some person duly authorized by that officer in this behalf, and such written authority shall be retained by the holder of the license as his voucher for such sale and shall be produced, when required, to any Excise officer.

(2) The sales from the aforesaid shop shall be confined exclusively to respectable persons known to the holder of this license or vendor.

V. This license does not give permission for the sale of liquor to be drunk on the premises.

VI. The aforesaid shop shall be closed at 9 P. M. and not opened until 6 A. M. daily.

VII. The holder of this license shall, upon requisition by any officer not below the grade of an Assistant Commissioner, be bound to produce to such officer, or to any Excise officer empowered by such officer, the original invoice showing the import-

VIII. The holder of this license may sell or transfer to any other holder of a retail license granted under the Rules of , any foreign spirit or foreign fermented liquor which the latter is, by his license, empowered to sell. Such sale or transfer shall not be effected without previously obtaining a permit in duplicate in writing, under the seal and signature of the Deputy Commissioner in the Excise Department. The duplicate permit shall be retained as a voucher for such sale or transfer by the license-holder to whom such sale or transfer has been effected and shall be produced upon requisition of any officer of the Excise Department. The original permit shall be returned to the office of the Deputy Commissioner in the Excise Department, duly dated and attested by both seller and purchaser.

IX. The holder of this license shall keep true and correct accounts, giving the month and date, the quantity and description of foreign spirituous and fermented liquors obtained, the source from which they were obtained, the quantity and value sold, the person to whom sold, and the balance of stock on hand, daily. Such accounts shall be open to the inspection of the officers of the Excise Department at any time. An abstract of this account shall be sent monthly in duplicate to the Excise officer appointed to receive the same, for check and transmission to the Deputy Commissioner's office, Excise Department.

X. This license is not transferable by sale, gift, mortgage or otherwise, and no persons except those mentioned in it shall have power to act under it.

XI. The license-holder may appoint a shop-man or vendor to officiate for him at the shop, but the name of such party or parties shall first be registered in the Deputy Commissioner's office, and the name of such shop-man or vendor duly entered at the top of this license.

XII. A breach of any of the conditions above specified will render the license-holder liable to all penalties provided in that behalf by the Excise Law and Rules thereunder and shall also render this license liable to cancellation by the Deputy Commissioner at his discretion under Section 13 of Act XXII of 1881 (Mysore Regulation III of 1885).

XIII. This license shall continue in force till the 31st March 18

I _____, the Deputy Commissioner of

the District, do hereby authorize

_____, son of _____

residing in

and keeping a Hotel called

Hotel, to sell by retail, foreign spirits and foreign fermented liquors, in the premises

No. _____, situated in

_____

subject to the conditions prescribed below and subject to the payment of a

license fee of Rs. _____, per annum.

Conditions

I. The holder of this license is bound to conform in every way to the Excise Law in force for the time being and to all Rules framed by the Government of His Highness the Maharaja under Section 55 of the Excise Act XXII of 1881 (Mysore Regulation III of 1885).

II. (*a*) This license is granted for the sale of (foreign spirit, or foreign spirit and foreign fermented liquor, or foreign fermented liquor, as the case may be) of the Brands described in the appended list. The Deputy Commissioner is at liberty to add to, or otherwise alter, the said list, upon his own motion or on the application of the holder of this license. Every such addition or alteration shall be attested by the signature of the Deputy Commissioner.

(*b*) No foreign spirit or fermented liquor which is not of one of the brands named in the said list, added to or altered as above, shall be sold under this license.

(Here enter List of Brands for the sale of which this license is granted.)

III. No foreign spirituous or fermented liquors shall be allowed to be conveyed from or out of the aforesaid Hotel-premises and all foreign spirituous or fermented liquors sold under this license shall be drunk on the premises Nothing in this condition shall apply to the removal of foreign spirits or foreign fermented liquors from the Hotel-premises under Condition VII.

IV. (*i*) No kind of foreign spirituous or fermented liquors shall be sold or given in any quantity whatever to any European non-commissioned officer or private soldier nor to any European or East Indian woman connected with or related to men of these classes, except with the permission in writing of the Commanding officer or some person duly authorized by that officer in this behalf; and such written authority shall be retained by the holder of the license as his voucher for such sale, and shall be produced, when required, to any Excise officer.

(*ii*) The sales from the aforesaid Hotel shall be confined exclusively to residents in the said Hotel for their own use or for that of their guests.

V. (*a*) The holder of this license shall not fraudulently dilute or adulterate any such spirituous or fermented liquors as aforesaid or sell the same knowing the same to have been fraudulently diluted or adulterated;

(*b*) nor knowingly permit drunkenness or other disorderly behaviour in the said Hotel or premises;

(*c*) nor knowingly suffer any gambling whatsoever therein;

(*d*) nor knowingly permit prostitutes or persons of notoriously bad character to meet or remain therein;

(*e*) nor wilfully and knowingly harbour or conceal therein any European soldier who is a deserter.

VI. The holder of this license shall, upon requisition by any officer, not below the grade of an Assistant Commissioner, be bound to produce to such officer or to any Excise officer empowered by such officer, the original invoice showing the importation of all foreign spirits and fermented liquors for the sale of which this license is granted.

VII. The holder of this license may in the event of his closing his business, sell or transfer to any other holder of a license granted under the Rules of _____ any foreign spirit or foreign fermented liquor which the latter is, by his license, empowered to sell. Such sale or transfer shall not be effected without previously obtaining a permit in duplicate in writing under the seal and signature of the Deputy Commissioner in the Excise Department. The duplicate permit shall be retained as a voucher for such sale or transfer by the license-holder to whom such sale or transfer has been effected; and shall be produced for the inspection of any Excise officer whenever required. The original permit shall be returned to the office of the Deputy Commissioner in the Excise Department duly dated and attested by both seller and purchaser.

VIII. The holder of this license shall keep true and correct accounts giving the month and date, the quantity and description of foreign spirituous and fermented liquors obtained, the source from which they were obtained, the quantity and value sold, and the balance of stock in hand, daily. Such accounts shall be open to the inspection of the officers of the Excise Department at any time. An abstract of this account shall be sent monthly in duplicate to the Excise officer appointed to receive the same for check and transmission to the Deputy Commissioner's office, Excise Department.

IX. This license is not transferable by sale, gift, mortgage or otherwise. Except with the permission of the Deputy Commissioner to be obtained in writing.

X. A breach of any of the conditions above specified will render the license-holder liable to all penalties provided in that behalf by the Excise Law and Rules thereunder and shall also render this license liable to cancellation by the Deputy Commissioner at his discretion under Section 13 of Act XXII of 1881 (Mysore Regulation III of 1885).

to sell in the above named premises, by retail, foreign spirits and foreign fermented liquors, subject to the conditions prescribed below, and to the payment of license fee of Rs. _____ per annum.

Conditions.

I. The holder of this license is bound to conform in every way to the Excise Law in force for the time being and to all Rules framed by the Government of His Highness the Maharaja under Section 55 of the Excise Act XXII of 1881 (Mysore Regulation III of 1885.)

II. (*a*) This license is granted for the sale of (foreign spirit, or foreign spirit and foreign fermented liquor, or foreign fermented liquor as the case may be) of the brands described in the appended list. The Deputy Commissioner is at liberty to add to, or otherwise alter, the said list, upon his own motion, or on the application of the holder of this license. Every such addition or alteration shall be attested by the signature of the Deputy Commissioner.

(*b*) No foreign spirit or fermented liquor which is not one of the brands named in the said list, added to or altered as above, shall be sold under this license.

(Here enter List of Brands for the sale of which this license is granted.)

III. All foreign spirituous or fermented liquor sold in the aforesaid shop shall be drunk on the premises and none shall be conveyed out of the shop on any pretence whatsoever except as provided for in Condition XI. In case of foreign spirits, the maximum quantity to be sold to any one individual at a time shall be two drams.

IV. (1) No kind of foreign spirituous or fermented liquors shall be sold or given in any quantity whatever to any European non-commissioned officer or private soldier, or to any European or East Indian woman connected with or related to men of these classes, except with the permission, in writing, of the Commanding officer, or some person duly authorized by that officer in this behalf, and such written authority shall be retained by the holder of the license as his voucher for such sale, and shall be produced, when required, to any Excise officer.

(2) No kind of foreign spirituous or fermented liquors shall be sold or given in any quantity whatever to any child under 16 years of age, or to any sepoy, member of the Police force, or servant of a Railway company whilst on duty.

V. The premises in which foreign spirituous and fermented liquors are sold under this license shall be an open shop and so constructed that all persons inside it may be visible to any one at the door or windows; and that it shall not give entrance to any inner room or yard or screened enclosure.

VI. Outside the shop, a board shall be fixed in a conspicuous position on which shall be legibly painted the number of the shop and name of the license-holder and shop-man. A descriptive price-list of the liquors sold shall be hung up in a conspicuous place in the said shop.

VII. (*a*) The holder of this license shall not fraudulently dilute or adulterate any such spirituous or fermented liquors as aforesaid, or sell the same knowing the same to have been fraudulently diluted or adulterated;

(*b*) nor knowingly permit drunkenness or other disorderly behaviour in the said refreshment room or premises;

(*c*) nor knowingly suffer any gambling whatsoever therein;

(*d*) nor knowingly permit prostitutes or persons of notoriously bad character to meet or remain therein;

(*e*) nor wilfully and knowingly harbour or conceal therein any European soldier who is a deserter.

VIII. All sales of foreign spirituous and fermented liquors under this license shall be paid for in ready money, no credit being allowed or any articles received in pledge or barter for liquor.

IX. The aforesaid shop shall be closed at 9 P. M. daily and not opened until 6 A. M., and shall be kept open from 8 A. M. till 9 P. M.

X. The holder of this license shall, upon requisition by any officer not below the grade of an Assistant Commissioner, be bound to produce to such officer or to any Excise officer empowered by such officer the original invoice showing the importation of all foreign spirits and fermented liquors for the sale of which this license is granted.

XI. The holder of this license may, in the event of his closing his business, sell or transfer to any other holder of a license granted under the Rules of any foreign spirit or foreign fermented liquor which the latter is, by his license, empowered to sell. Such sale or transfer shall not be effected without previously obtaining a permit in duplicate in writing under the seal and signature of the Deputy Commissioner in the Excise Department. The duplicate permit shall be retained as a voucher for such sale or transfer by the license-holder to whom such sale or transfer has been effected; and shall be produced for the inspection of any Excise officer whenever required. The original permit shall be returned to the office of the Deputy Commissioner in the Excise Department duly dated and attested by both seller and purchaser.

XII. The holder of this license shall keep true and correct accounts giving the month and date, the quantity and description of foreign spirituous and fermented liquors obtained, the source from which they were obtained, the quantity and value sold, and the balance of stock in hand, daily. Such accounts shall be open to the inspection of the officers of the Excise Department at any time. } from the Toddy Contractors, Mysore.

No. 1042-52—CIR. 24, DATED 10TH MAY 1889.

ORDER.—The Government of His Highness the Maharaja resolve to issue the following rules for regulating the cutting and removal of date leaves in Government unoccupied land and in Government jungles and forests.

2. With reference to Rule X, Deputy Commissioners are authorized to grant the farm to the present toddy contractors, should they be willing to take up the same for the remaining term of their contract for such amount as the Deputy Commissioners may deem reasonable, not less than the average realizations for the last two years.

3. The object of the rules is twofold, 1st to prevent unnecessary injury to date trees, and 2ndly to prevent the poor class of professional rope, basket and mat-makers from being at the mercy of the Government toddy contractors. The latter object will be fully secured by the license system under which moderate fixed fees alone are leviable and the former object will, in the opinion of the Government, be better attained if the toddy contractors be granted the farm of fees under Rule X.

4. In regard to free licenses under Rule II to agriculturists, &c., the Deputy Commissioner may, in his discretion, either generally throughout his District or in one or more specified localities, empower Shekdars or Patels to grant them subject to such control as he may consider desirable. Such empowering of subordinate officials should be tentative at first. The principal object is to prevent needless interference with date trees and at the same time not to put the raiyat or jaggory manufacturers to any avoidable inconvenience. Care should be taken not to grant these free licenses, wherever possible, in topes used for toddy drawing, and in the granting of them, the interests of the toddy contractors should invariably be consulted. This consideration should be enjoined on all officials empowered to grant free licenses.

5. The Deputy Commissioners will submit a brief report at the end of the year regarding the working of these rules and of action taken under paras 2 and 4 of this Order.

R. VIJAYINDRA RAO,
Chief Secretary

To—The Inspector General of Forests and Plantations in Mysore.
The Excise Commissioner of Mysore.
The Deputy Commissioners of Districts.
Copy to Messrs. N. Dodda Papanna and Co., Toddy Contractors.

NOTIFICATION.

The 10th May 1889.

No. 35.—The Government of His Highness the Maharaja hereby sanction the following rules for regulating the cutting and removal of leaves from date trees on Government unoccupied land, Government jungles and forests :—

I. The toddy contractors are prohibited from cutting and using any leaves, except such as may have to be removed for the purpose of drawing toddy.

II. (*a*). Cultivating raiyats who are not professional rope-makers, basket-makers or mat-makers, will be allowed free the use of date leaves required for making ropes or for other *bonâ fide* agricultural purposes.

(*b*). In localities to be specified by the Deputy Commissioner, manufacturers of jaggory, paying the mohatarfa may be permitted to remove dry date leaves for fuel free of charge. The leaves required should be removed from such topes as may from time to time be named by the Deputy Commissioner with due regard to the requirements of the Government Toddy Contractor.

(*c*). No leaves shall be cut for purposes specified in this rule except under licenses granted free of cost by the Amildar or such other officer as may be empowered on this behalf by the Deputy Commissioner.

III. Professional rope-makers, basket-makers, mat-makers and others will be granted licenses for date leaves upon the payment of fees according to the following scale, *viz* :—

For six months or less	Rs. 2
For more than six months or the entire year	Rs. 4

IV. The fees payable under Rule III shall be paid to, and the licenses obtained from, the Amildar or such other officer as may be empowered on this behalf by the Deputy Commissioner, but applications for licenses may be presented to the Amildar either personally or through the village Patel or Hobli Shekdar.

V. The licenses granted under Rules II and III shall specify the number of head or cart-loads permitted to be removed at a time during the period for which the licenses are granted and it shall be discretionary with the officer granting the license to fix the number of head or cart-loads to be entered in each license, with reference to the requirements in each case.

VI. The licenses granted under Rules II and III shall be in the forms appended to these rules and shall not be transferable, and no person other than the license-holder or his *bonâ fide* servant or a member of his family living with him shall cut date leaves under the license. The licenses shall be produced for inspection whenever required by any Patel, Shekdar or Police officer and they shall be returned to the Amildar immediately on the expiration of the period mentioned therein.

VII. In the cutting of date leaves, the following rules shall be observed :—

(*a*). No leaves shall be cut from any trees from which toddy is actually drawn.

(*b*). No leaves shall be cut from any young immature date trees, the trunks of which are less than one yard in height from the ground to the springing of the branches.

(*c*). The licensee shall not cut any leaves, except from trees in such tope as may be specified in his license.

VIII. Any breach of these rules or any of the conditions mentioned in the license shall subject the licensee to forfeiture of his license and to a fine not exceeding Rs. 50, which the Amildar may see fit to impose after due enquiry.

IX. The foregoing rules apply only to date groves in Sarkar unoccupied lands and jungles, but they shall not apply to the removal of leaves from "Kir or Hul Ichal" or to the removal of leaves from date trees standing in Inam villages or in occupied lands paying assessment to Government.

X. The Deputy Commissioner may, with the general or special sanction of the Government of His Highness the Maharaja, let in farm the fees leviable under Rule III, and when the fees are so let in farm, the farmer shall have the power subject to such reservations or restrictions (not inconsistent with these rules) as the Deputy Commissioner may from time to time make or impose to grant licenses under Rule III for the removal of date leaves by professional rope-makers, basket-makers, mat-makers and others, and he shall file at the end of each quarter in the Deputy Commissioner's office a list of all the licenses granted by him in such form as may be prescribed by the Deputy Commissioner. To licenses granted by the farmer the foregoing rules shall apply.

XI. The Deputy Commissioner may, with the sanction of the Government of His Highness the Maharaja, cancel any farm granted under the preceding rule.

By Order,

R. VIJAYINDRA RAO,

Chief Secretary.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 10th May 1889.

READ THE FOLLOWING PAPER :—

Letter No. 302, dated 28th July 1887, from the Deputy Commissioner, Mysore District, submitting a report on the cutting and removal of date trees in the Jodi village of Uppanhalli in the Nanjangud Taluk, the holders of which are not entitled to the toddy revenue under the sannad granted for the village.

No. 1053-4—65, DATED 10TH MAY 1889.

ORDER THEREON.—For the wanton felling of date trees in the Jodi village of Uppanhalli, the jodidars should be deprived of any right to the abkari revenue which they be in possession of, if not under sannad, at least by long enjoyment under the late Chief Commissioner's Proceedings No. 3697—K. 30, dated the 8th October 1873, and No. 12917—R. 363, dated 20th March 1877.

2. The supply of toddy to the village at cost price, referred to in para 8 of the Deputy Commissioner's letter, should be stopped if it has been allowed to continue hitherto.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Deputy Commissioner, Mysore District, with proceedings received from him.
Copy to the Excise Commissioner of Mysore.

READ THE FOLLOWING PAPER :—

Letter No. 718, dated 9th February 1889, from the Deputy Commissioner, Bangalore District, (Excise Department, (proposing certain additions to the provisions of licenses) for the retail vend of Arrack, Opium and Ganja.

No. 1097-15—CIR. 26, DATED BANGALORE, 10TH MAY 1889.

ORDER THEREON.—The following rule regarding the maintenance of stock of Arrack, Ganja and Opium in Retail shops is sanctioned.

The following rates of stock shall always remain on hand and not intrenched upon except when the Whole-sale Depôt runs out of stock :—

	Spirits (Arrack)	Ganja.	Opium.
I. At all District Head-quarters ...	2 Gallons.	2 Seers.	1 Seer.
II. At all Taluk and Depôt Kasaba ...	1 Do	1 Do	½ do
III. Village shops within 5 miles from Depôt...	½ Do	¼ Do	3 Tolas.
IV. Village shops more than 5 miles distant from Depôt... ...	Stock equal to one day's sale for every 10 miles from Depôt and not less than the stock fixed for shops within 5 miles of the Depôt.		

2. The necessary additions will accordingly be made in all Retail licenses hereafter issued.

3. The proposed clause to compel retail vendors to keep their shops open for certain hours every day is not sound in principle and will not be sanctioned. The present clause restricting that the shops shall not be kept opened beyond certain hours is necessary for the protection of the public and is intended to act as a check upon improper and excessive resort to the shops, whereas to adopt the clause now proposed would be directly to encourage the evil.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Excise Commissioner of Mysore.
The Deputy Commissioners of Districts.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 9th May 1889.

READ THE FOLLOWING PAPER.—

From the Inspector General of Forests and Plantations in Mysore,
To the Chief Secretary to the Dewan of Mysore, No. 3003—224,
dated Bangalore, 4th March 1889.

With reference to the marginally noted Proceedings of Government, I have the honor to forward for submission to the Dewan, Forest Budget estimates of receipts and disbursements for the year 1889—90.

Camp No. 830, dated 14th June 1887.
Camp No. 319—20, dated 4th May 1888.
Camp No. 1357—58, dated 29th September 1888.

2. It will be seen that under receipts the revenue estimated stands at Rs. 10,90,000 as against the actuals of Rs. 10,09,063 for 1887-88 and Rs. 10,86,000 estimated for the current year 1888—89. The increase is anticipated chiefly from sandalwood and Railway fuel, owing in the former case to a large stock of certain superior classes left on hand in the kotis of the Mysore District after the last auction sale, and in the case of the latter, to a large quantity of fuel to be supplied to Railway at Arsikere if the company chooses to take the same from the Forest Department, though in one sense it will be more convenient for it to have private contractors. The question of fuel supply at other stations on the Harihar extension, including Tumkur, remains still wavering, at least so, as I have heard nothing definitely from the Agent. Hence I have allowed the provision of Rs. 17,000 to stand in the Budget of the Tumkur District where Amrut Mahal Kavals are now being worked for fuel supply. A sum of Rs. 10,000 may also be anticipated from seigniorage on Railway fuel in Shimoga, Kadur and Chitaldroog Districts.

3. The receipts from timber recedes to its normal figure owing to the completion of sleeper contract. There is yet a large quantity of sleeper wood on hand and more wood out of previous year's fellings is being removed against future requirements of the Railway.

4. I have retrenched the District estimates under A Conservancy and Works so as not to exceed 3½ lakhs granted last year provisionally. In the current year I have already passed applications for credits for that amount and more funds are wanted in the Tumkur and Mysore Districts for full adjustment of charges, which will have to be met from re-appropriations or a special grant to be sanctioned by Government.

5. In restricting the expenditure to 3½ lakhs, allotments under the several sub-heads have been made in due regard to probable requirements. The provision under sandalwood is nearly the same as was granted last year though less than the actuals of 1887—88. Of the other important heads a large provision has been made under "buildings" amounting to Rs. 38,700 for the construction of a central sandal koti at Sagar, addition to the koti at Bangalore and other repairs, including the construction of forest lodges recently sanctioned by Government. This provision may possibly be found insufficient if the Public Works Department has not spent in the current year the full amount of Rs. 10,000 placed at its disposal for the Sagar Koti. Forest demarcation was almost at a stand-still for want of attention thereto, and as this work should progress with the reservation of new forests the expenditure under this head will be heavy for some years. Fire protection has now been placed upon a definite system and the outlay thereon will be somewhat greater, at least in the forests where fire lines have to be cut anew though part of the cost may be recouped from timber felled on the lines. The provision under "plantations" does not vary much from the last year's figure and the whole of it would be required if the rains of this year were regular and copious. The plantation department uses a greater part of the provision for fuel growth and the expenditure is regulated by fixed rates for different items of work.

6. The establishment charges proposed for the budgetted year are greater than last year or the preceding 5 years owing to revision of subordinate establish-

ments as contained in the accompanying proposition statement. This revision particularly concerning the Executive Forest staff, I have had under contemplation for the last 3 years and now place my scheme before Government. The low scale of salaries fixed in the revision of 1882 for the subordinate forest establishment has rendered forest service less attractive to good, honest and qualified men, and this, I may be permitted to remark, is prejudicial to the efficiency of Forest Administration. In the first place the interests of Government in the forests are confided to the low paid foresters and watchers who require to be closely supervised and unless they have different grades to rise by good service they have no incentive and become therefore demoralised. I submit for the Dewan's perusal an extract from the Shimoga District forest report for 1886—87 and invite his attention to para 58 of my report for 1885—86. In creating grades for rangers, foresters, head watchers and watchers who form the chief protective body, I am generally guided by the scale sanctioned by the Government of India as embodied in the late Chief Commissioner's Proceedings No. 3971 R. F. 618—9, dated 16th March 1878, and it will be observed that with increase of 5 rangers to be newly entertained, the cost of 15 rangers in all grades amounts to Rs. 930 against Rs. 810 for 10 rangers as fixed in the above Proceedings. The following statement shows the present and proposed grades and the number required in each grade.—

No.	Present Scale.	No.	Proposed scale.	Remarks.
	Rangers.			
2	Special Rangers at 70 ...	1	1st Grade at 100 ...	Distributed to Districts according to size and importance of Forests *vide* proposition statement. The proposed higher scale of Rangers and Foresters will be filled up gradually on good work being shown. Provision is made for new forests and plantations.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 9th May 1889.

7. The area of State forests has so much increased from 1878, that it is now more than double the area before and within the last 2 years the progress made in this direction has been in fact more than that achieved during the preceding 5 years after rendition. Hence additional subordinate establishments consisting of foresters and watchers have been and are being organized from time to time as needed. Teak and sandal reproductive measures were almost confined to a few individual plantations and are now being carried on as a general measure on a larger scale to meet the growing wants of the day. Different practical methods have been introduced and funds are placed at the disposal of both Forest and Revenue Departments for the purpose. The increase of rangers is particularly called for to check the operations of sandal Managers whose duties have been prescribed in the manual attached. The present number of rangers as employed in certain Districts falls short of due requirements and in the Hassan District where there is none, a ranger and 5 more foresters and 20 extra watchers are required for the conservancy of the existing and proposed State forests in the Manjarabad, Belur, Arsikere, Hassan and Arkalgud Taluks, as shown in the accompanying list (to be kindly returned) submitted by the Deputy Commissioner. Mr. Purnaiya proposes the entertainment of 2 rangers, 11 additional foresters and 24 watchers for the management of both old and new forests most of which have simply to be conserved against future. But I am of opinion that by forming circles and placing 2 or more adjacent forests in charge of one forester, the additional establishment noted by me above might suffice, at least for the present. The large State forest of Hirikalgudda, from which fuel supply will be drawn, has at present no permanent establishment and the same is now provided. In the Bangalore, Kolar, Kadur and Mysore Districts, 5 additional foresters and requisite number of extra watchers are provided on account of new reservations in the first three districts and for the better protection and management of certain district forests in the Hunsur Taluk where there is at present a single forester in charge of 8 different forests under the supervision of the forest officer. Here I beg to point out with reference to Proceedings No. 4782-5—186, dated 16th October 1882 and No. 850-3—34, dated 1st May 1882, the anomaly that exists in the allotment of watchers for the teak forests of Mysore as compared with that sanctioned for the teak forests of Shimoga and also Lakkavalli. The Assistant Conservator of Shimoga in his No. 310 of the 5th July 1888 enunciated a principle, and in which I concur, that one watcher should be provided for 3 square miles of high timber forest. I have instructed him through the Deputy Commissioner to make a re-distribution of watchers as above in view to provide extra watchers for the Shankargudda forest which is extended by 23 square miles. In future, foresters to have no watchers as their orderlies as now obtains only in the Shimoga District and Lakkavalli forest. There is also another reason for strengthening the watching establishment of Teak forests of Mysore owing to additions lately made to the important State forests of Begur, Kakankote, Ainurmarigudi, Metikuppe, and Berambadi, and I therefore provide 15 more watchers for all the above forests, giving each man more than 4 square miles as against 7 to 9 at present. The Chamrajnagar forest which is on the frontier of Her Majesty's forest requires also to be strongly manned. At present there are 2 permanent and 3 temporary watchers borne on working charges for the protection of this forest and I think it very necessary to raise the strength to 6 permanent watchers owing also to special arrangements as to grazing in this forest. In the Shimoga District the frontier establishment sanctioned in Proceedings Camp No. 759—65, dated 8th June 1887, and which is still maintained as per Proceedings quoted in the 1st para is now absorbed into permanent establishment to make provision for the Tirthahalli frontier forests hitherto protected by the above special agency, and which forests are now being demarcated for regular and permanent conservancy, including watch on the frontier. As regards Mutsaddis to Rangers referred to in your docket No. 6969—84, dated 26th January 1887, I fully went into the question and am satisfied that Mutsaddis are to be re-appointed as before, at least in certain Districts such as Mysore, Shimoga and Kadur where the work of rangers is heavy. For the present I provide for only 6 Mutsaddis including the two already in Mysore subject to final sanction of Government. An additional

sandal Manegar with 2 Kolkars is provided for the Kadur District for reproductive measures and for collection of sandalwood in Tarikere and Koppa Taluks for the Tirthahalli Koti in the Shimoga District, which always commands higher rates being nearer to the coast. For want of this provision the collection to the koti in question in the current year has been very small. Similar provision is made for the Mysore District for the charge of sandal reproduction blocks and in the intervals the new man will be employed in sandal collection also. There has hitherto been no State forest to speak of in the Chitaldroog District. The Jogimatti Hill forest is now so constituted and an additional watcher is provided for the same. The number of plantations under the Plantation Department is increasing owing to the opening of new plantations on the Railway lines, wherever possible. Hence there is every necessity for an additional ranger, 2 seedsmen and 17 extra watchers at one for each new plantation where planting has fairly progressed. The plantation officer reports that 10 old plantations have been completly stocked and he has 40 more to deal with situated in different Districts. Sites continue to be selected to add to the existing number, and the subordinate establishment will increase with additional reservation of forests or formation of plantations in the Province.

8. As regards forest survey and mapping, I beg to invite reference to paras 11 and 13 of my reports for 1885—86 and 1886—87. We have at present 3 officers trained at the Forest school Dehra Dun to prepare working plans. These officers have defined charges to attend to several works of improvement. On my recommendation the Government has sanctioned in Proceedings Camp No. 1855—56, dated 26th November 1888, the temporary employment of surveyor on Rs. 30, plus Rs. 10 permanent batta, under Mr. Ramaswami Iyer in the Mysore District. The man now employed is an ordinary Mozindar of the Survey Department, who does not know English and cannot therefore prepare Forest maps as required. We have a trained Surveyor of the late Mysore Topographical Survey, now employed in demarcating fuel reserves in the Bangalore District, and I propose to appoint him a regular Surveyor on Rs. 50 to rise to Rs. 75 with an annual increment of Rs. 5, on report of good work, with a permanent travelling allowance of Rs. 30 per mensem, providing an additional ranger for the Bangalore District owing to larger number of State forests therein. The surveyor will be attached to Mr. Ramaswami Iyer in the place of Mozindar who will revert to his Department, and under Mr. Ramaswami Iyer's instructions. The new surveyor will survey the State forests one after another and map them so as to be useful for reference in preparing working plans hereafter. A preliminary working plan of the Kakankote teak forest will however be got up by Mr. Ramaswami Iyer and the same matured by further practical experience. I am strongly inclined to extend this arrangement to the Shimoga and Kadur Districts where we have high timber forests and will therefore advertize for two more surveyors on the above terms or place myself in communication with the Superintendent, Topographical Survey, for the services of 2 Mysore men including P. S. Ramaswamaiengar referred to in my letter No. 1156-88, dated 27th July 1888, to your address. Each surveyor is provided with 2 peons.

9. I have to bring to special notice the case of sandal koti Darogas. These officials and their Mutsaddis get the same pay for years together without any chance of promotion and the scale of pay Rs. 40 to Daroga and Rs. 15 to Mutsaddi has not been affected at any revision of pay of Forest Establishments. Sandalwood forms the chief source of forest revenue and the Daroga in charge has to furnish security under the rules. The Darogas of the newly constituted kotis at Hassan and Chikmagalur get only Rs. 35 each and it is proposed to have 2 grades of Darogas and Mutsaddis at Rs. 50 and 40 and at Rs. 20 and 15 respectively. We have now 8 pakka kotis with 8 Darogas and Mutsaddis of whom half should be put in each grade with reference to service and good work. The koti at Chikmagalur has no Mutsaddi at present and the Deputy Commissioner strongly recommends the appointment of one which is now provided with an additional koti peon to complete the scale of koti establishment as in other districts.

10. There is no regulated scale of pay among depôt Mutsaddis. We have permanent depôts only in the Districts of Mysore, Shimoga and Kadur, provided with establishments and the depôt Mutsaddis at Mysore and Shimoga get Rs. 25 and 23 respectively. The sales at the Lakkavalli depôt are comparatively larger and I therefore propose to increase Mutsaddi's pay from Rs. 15 to 20. In the Mysore District there are at present 2 Mutsaddis on Rs. 12 each in charge of outlying depôts whose promotion to the Mysore Woodyard is thus too far and wide. I therefore propose to put one of them effecting a larger sale, on Rs. 15. The depôt at Chamrajnagar is at present in charge of a permanent peon and a Mutsaddi on Rs. 10 on working charges who is now brought on the permanent strength. The experimental depôt at Ubrani, Shimoga District, hitherto looked after by a forester in addition to his other duties, is provided with a permanent establishment of a Mutsaddi on Rs. 10 and a peon on Rs. 5, as the depôt is reported to be working well.

11. The total cost of the subordinate forest establishment amounts to Rs. 5,740 as against Rs. 4,068 at present. But there will be a large saving as the newly created higher grades will not be filled up at once.

12. Consequent on the increase of work owing to additional reservations and formation of artificial plantations, forest office establishments of certain districts have had to be strengthened. A new Accountant has already been entertained on Rs. 30 for the Forest Superintendent's office, Mysore, and a similar provision is now made for the office of the Assistant Conservator of Shimoga who in fact has more kotis and depôts and whose office work is also getting heavy. A Junardar or kumki Mutsaddi on Rs. 10 is provided for each forest office of Kadur, Bangalore and Hassan where work is increasing, at least to prevent any forest watcher being brought to office for clerical work, such as writing licenses, registering vernacular papers, &c. The plantation officer strongly urges the entertainment of an additional hand on Rs. 20 increasing at the same time his Deputy Clerk's pay from Rs. 20 to 25. Seeing that plantation work has much increased necessitating an increase of office establishment to check accounts, &c., connected with about 50 plantations an additional hand on Rs. 15 is not too much, and is therefore provided. The Sub-Assistant Conservators in charge of forest Sub-Divisions with head-quarters at Shikarpur and Heggaddevankote have each been provided with a writer without peons. These officers are now provided with tents for which they have no lascars. Provision is therefore made for 2 peons and a lascar to each Sub-Divisional officer.

13. The Deputy Commissioner, Shimoga, applies for a Forest Clerk on Rs. 30 to be attached to his own office for reasons given in the accompanying copy of his letter No. 965 of the 19th July 1888. Shimoga and Mysore are important Districts in every way connected with Forest Administration and in fact they have more kotis and depôts and more valuable forests than other Districts with the single exception of Lakkavalli Forest. The forest accounts are therefore heavy in those 2 Districts, which have to be properly scrutinized in the District office before they are sent on by the Deputy Commissioner. The Deputy Commissioners of Kolar and Chitaldroog have no separate forest office and hence forest accounts are prepared in their own Department. A Forest clerk on Rs. 25 has been since sanctioned for the Deputy Commissioner, Kolar, and also a monthly allowance of Rs. 10 from working charges to one of the Revenue Accountants in the Chitaldroog District office doing forest work. A separate clerk on Rs. 20 is however provided for this District to be entertained when pressingly needed. The other Deputy Commissioners having executive forest offices attached to their Districts, as Shimoga and Mysore, do not ask for a separate forest clerk or accountant for their own office since they treat the forest office as one of the departments under their immediate control and get all forest work done therein only with their countersignature to all accounts forwarded to my office. Provision is therefore made for only two forest accountants on Rs. 30 each for Mysore and Shimoga Districts, subject to their being absorbed into the Deputy Commissioner's establishment when the number of Revenue accountants is raised.

14. The work of my own office is increasing and the establishment is kept working till late in the evening almost daily. The work of the Forest Department as a whole was limited when it was separate from the Revenue Department and there was always a conflict of opinion between the two. Since the amalgamation of these Departments and the appointment of one or more Forest officers to each District according to requirements, forest work progresses satisfactorily and all questions hitherto in abeyance, connected with improvement and extension of forests now receive every attention and support of the Deputy Commissioners. New forests continue to be explored; artificial reproductive measures continue to be organized and extended, grazing and collection of minor products are being regulated and sandal conservancy and growth, which is of the highest importance, continues to receive steady attention; so much so that the operations of the Department are largely extended. The average expenditure under A "Conservancy and Works" was a little more than 1½ lakhs a year up to 1885—86, and it has now risen to 3½ lakhs. The forest revenue has also risen from 7 to 10 lakhs as will be seen from the marginal statement showing the last 7 years' receipts and expenditure and surplus revenue to the State from the year of Rendition as compared with 4 years before the late famine. Under these circumstances I venture to propose a revision of my office establishment which I find is really called for to maintain efficiency. The cost of the present establishment amounts to Rs 426 as per Dewan's Proceedings No. 1007-8—21, dated 9th May 1888, and that of the proposed amounts to Rs 595 including an additional accountant on Rs. 20 in place of a temporary hand applied for in my letters No. 2481—191 and No. 2797—215 of the 9th January and of the 4th February last, and 4 extra peons with 1 dafadar. It was the practice formerly to have some watchers and a Head Watcher as orderlies in addition to peons, but such is not the case now.

Years.	Revenue.	Expenditure. A. Conservancy and Works.	Expenditure. B. Establishment.	Total charges.	Surplus Revenue.
1881—82...	7,05,619	1,55,091	68,005	2,23,096	4,82,523
1882—83...	6,88,248	1,33,957	65,209	1,99,166	4,89,082
1883—84..	6,27,283	1,87,084	61,221	2,48,305	3,78,978
1884—85...	6,57,560	1,86,417	61,845	2,48 262	4,09,298
18 5—86...	8,83,098	1,62,685	63,850	2,26,535	6,56,563
1886—87...	10,02,028	2,41,911	79,473	3,21,384	6,80,644
1887—88...	10,09,063	2,99,347	1,00,081	3,99,428	6,09,635
As compared with—					
1872—73...	3,76,581	25,959	1,60,122	1,86,081	1,90,104
1873—74...	4,97,056	1,11,840	1,26,084	2,37,924	2,59,132
1874—75...	3,83,134	1,08,355	1,28,321	2,36,676	1,46,448
1875—76...	4,56,271	1,10,410	1,24,520	2,34,930	2,21,341

15. The total cost of office establishment, including all Districts as now proposed, amounts to Rs. 1,560 per mensem, as against Rs. 1,184 at present. The cost of both subordinate and office establishments amounts to Rs. 7,300 per mensem or Rs. 87,600 per annum. The pay of the forest officers including moiety of my pay chargeable to forest department amounts to Rs. 32,400. The total cost of both superior and subordinate establishments thus amounts to Rs. 1,20,000. Another sum of Rs. 20,000 is provided for under travelling allowances and contingencies as allotted to several Districts. The estimated charges under B "Establishment" for the year 1889—90 therefore stand at Rs. 1,40,000.

16. In conclusion I beg to append as called for in Proceedings No. 830, dated 14th June 1887, a statement showing the forest establishment as it stood before the revision of 1879, and to that since the area of State forests has increased from 643 square miles in 1880—81 to 1,272 square miles in 1887—88 the establishment charges have not increased in due proportion but show an increase of only Rs. 1,808 over the amount sanctioned in the Chief Commissioner's Proceedings, dated 16th March 1878, No. 3971-R. F. 616—9. I request the Dewan will be pleased to sanction the proposed revision with effect from 1st April next and forward the Budget to the Comptroller who has called for the same.

Statement showing the Present and Proposed Scale of Office and Subordinate Forest Establishments for the several District as provided in the Forest Budget for 1889—90, subject to sanction of Government.

R. VIJAYINDRA RAO,
Chief Secretary.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 9th May 1889.

No. 1019-28—Cir. 23, Bangalore, dated 9th May 1889.

Order thereon.—With the above letter, the Inspector General of Forests and Plantations submits the Budget estimates of the forest Department for the year 1889—90, with propsals for a revision of the existing forest subordinate establishment.

2. *Receipts.*—The total receipts for the year 1889—90 are estimated at Rs. 10,90,000 as against Rs. 10,86,000 for the previous year. The chief item of income is " Sandal " and a revenue of Rs. 6,99,000 from this source is a reasonable estimate, judging from the actuals of (Rs. 6,68,214) 1887—88, especially as a large quantity of the superior classes of Sandalwood is on hand in the Kotis of the Mysore District.

3. The income from wood fuel is estimated at Rs. 1,08,996, which shows an increase of Rs. 51,996 over the estimates of 1888—89. This increase is provided in anticipation of the increased demand for fuel likely to be made by the Southern Mahratta Railway Company in consequence of the completion of the Gubbi-Harihar extension, but if the Company could arrange with private contractors for the supply of fuel required by them, the above estimate will have to be considerably reduced.

4. The receipts from timber and bamboos are estimated at Rs. 1,41,150.

5. *Disbursements.*—The estimate of disbursements provides for a total expenditure of Rs. 4,90,000, of which Rs. 3,50,000 is for "works and conservancy", and Rs. 1,40,000 for " establishment".

6. The cost of plantations which have been undertaken on a large scale is estimated at Rs. 1,00,400.

7. Under the head of "Sandalwood", the collection and conservancy charges are estimated at Rs. 61,550. To this have to be added, for the purpose of comparison, Rs. 12,576 on account of Manegars, Kolkars and the Koti establishment and Rs. 11,725 on account of direction charges. In addition to this, a sum of Rs. 29,000 has been provided to meet the cost of the construction of a Sandal Koti at Sagar and of certain improvements to the Bangalore Koti. The total cost during the current year under the head " sandal " may thus be estimated to amount to Rs. 1,14,851 against an estimated revenue of Rs. 6,99,000, showing a net revenue from Sandalwood of Rs. 5,84,149.

8. The extension of reserved forests, the formation of plantations and systematic fire-protection render it necessary that the existing subordinate forest establishment should be strengthened and placed on an efficient footing. The Inspector General accordingly recommends that the pay of Rangers, Foresters and Watchers should be increased and that likewise the salaries of the office establishments, both of the Inspector General and of District Forest officers, should be improved. Under the head of office establishment, the proposals made involve an increased expenditure of Rs. 376 per month, and of Rs. 1,537 per mensem under that of subordinate executive establishment. These proposals are justified by the very large extension, in recent years, of forest work in all branches. The extent of operations is now quite twice what it was in 1880—81, and the revenue which then stood at below 7 lakhs has now mounted up to nearly 11 lakhs. Under such circumstances the revision of establishment proposed by the Inspector General is sanctioned as per appended schedule. Provision is made in this schedule for the horse allowances of Rangers and of the Fuel Inspector which had been left out in the proposition statement submitted by the Inspector General.

9. The provision of Rs. 9,000 on account of the salary of the Inspector General will be raised to Rs. 10,200 to meet a moiety of the increase to his pay sanctioned in Proceedings Camp No. 2247, dated 21st March 1889. With these additions, the estimate of disbursements amounting to Rs. 4,94,020 is sanctioned.

10. Omitting the item of "Sandal" from both sides of the account (as per details in para 7 above,) the probable forest revenue from other sources for 1889—90 is Rs. 3,91,000 as against an estimated expenditure of Rs. 3, 79,169 ; or in other words, Forest operations (except under Sandal) just pay their own cost. This is due doubtless to the fact that a large expenditure (Rs. 1,00,400) is incurred in connection with an extensive system of new plantations which bring no immediate income. The fact however is worthly of notice, as "Sandal," the chief source of forest income, engrosses but a very small share of the attention of the Forest Department, while the tracts which contribute to the remainder of the forest income benefit so little from the new plantations, though, taking the Province as a whole, there is scarcely any work better calculated to confer a lasting boon upon posterity than the growth of new forests in denuded tracts.

R. VIJAYINDRA RAO,
Chief Secretary.

Havildars { 2nd class	5 0 0	
Privates (Sepoys)	3 8 0	
Drummers and Fifers...	4 0 0	

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Military Secretary.
The Comptroller in Mysore.
The Compiler, Mysore Gazette, for publication of the Notification.

PART I.

GENERAL.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 6th May 1889.

READ THE FOLLOWING PAPER :—

Report on the Amrut Mahal Department for the year 1887—88.

No. 901—105, DATED 6TH MAY 1889.

REVIEW THEREON.—At the end of the year 1886—87, the Amrut Mahal cattle numbered 11,668. During the year under review 1,448 died, 2,352 were sold and 7 strayed away, leaving 7,861. To these must be added 1,982 calves born during the year, and the number at the close of the year under review was thus raised to 9,843. Cattle disease prevailed as usual. 1,448 died, or 683 more than in 1886—87. Rinderpest was rife, and carried off no less than 404. The Report does not show that any instructions were issued for the treatment of diseased cattle.

2. Cattle sold consisted of 934 cows, 149 heifers, 292 cow-calves, 13 bulls, 278 steers, 479 bull-calves and 7 pack bullocks at an average price of Rs. 17—13—2 each. 200 steers were purchased by the Madras Government at Rs. 50 per steer.

3. The total amount of the demand, inclusive of arrears, was rupees 85,174—14—6 as compared with Rs. 96,618—4—0 in 1886—87. The collections amounted to Rs. 61,582—0—0, leaving a sum of Rs. 23,592—14—6 in arrears at the close of the year under review. Of this, Rs. 5,857—4—0 were struck off the accounts as irrecoverable, leaving an outstanding balance of Rs. 17,735—10—6.

The sources of income were as follows :—

	Receipts in 1886—87.				Receipts in 1887—88.		
	Rs.	A.	P.		Rs.	A.	P.
Sale proceeds of cattle ..	69,825	10	4	..	48,363	14	0
Do hides ..	765	0	0	..	1,789	7	0
Terige on kavals ..	10,602	6	8	..	11,274	15	10
Other items ..	2,186	13	5	..	4,913	11	1

4. The charges incurred aggregated Rs. 29,641—14—4, or Rs. 5,327—6—8 less than in 1886—87.

5. Thirteen silos were dug, and 12 filled with grass at a cost of rupees 250—15—0. The dimensions of these were 30 feet × 12 feet × 6 feet. Thirteen silos were opened during the year. The silage turned out nutritious and palatable, as the cattle ate it with relish with the most favorable results on their condition.

6. During the year under review, the continuance of the privilege of free grazing to the Amrut Mahal cattle in the jungles of Coorg was approved by the Government of India, subject to the rules published in the Mysore Gazette of the 24th December 1887.

7. Having regard to the diminished requirements of the Madras Government, Colonel Hay estimates that the numerical strength of the Amrut Mahal may be reduced to 8,800 which, with the diminution in the cost of the establishment, will, it is anticipated, meet all expenses and leave a fair surplus in favor of the Department.

R. VIJAYINDRA RAO,

Chief Secretary.

To—The Officer in charge,
Amrut Mahal Department.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 9th May 1889.

READ THE FOLLOWING PAPER :—

Report on the Military Department for the year 1887—88.

No. 998—17, DATED 9TH MAY 1889.

Military.

REVIEW THEREON.—The strength of the force at the end of the year 1886—87 was 3,094. During the year under review 39 died, 88 were invalided, 63 either deserted or received their discharge, leaving 2,904. To this number must be added 184 recruits. The strength of the force at the close of the year was thus raised to 3,088. There were two Regiments of Cavalry and three of Infantry, the former consisting of 30 commissioned officers, 88 non-commissioned officers and 996 fighting men, and the latter comprising 63 commissioned officers, 199 non-commissioned officers and 1,548 fighting men.

2. The distribution of the troops was as follows :—

	Troops.
Bangalore...	1,294
Kolar	155
Tumkur	195
Mysore	676
Hassan	108
Shimoga	418
Kadur	134
Chitaldroog	108

3. The total number of Silahdars and Sepoys treated in Hospital was 2,863. The deaths were 24. Two Sepoys and a Silahdar died from cholera at Shimoga. The prevailing diseases were febriles, respiratory and rheumatic affections.

4. No change took place in the stations of the Regiments. The roads in different parts of the country were patrolled by 42 Silahdars in very small detachments.

5. The 2nd Regiment and a portion of the 1st Regiment had not completed the course of instruction in cavalry drill and lance exercise. 18 commissioned and 48 non-commissioned officers took part in the Camp of Exercise held at Bangalore in February 1888. Out of 6 recruits under training at the Mysore and Bangalore riding schools, 31 passed out.

6. Eighty horses were cast during the year, 15 died and 42 were purchased. The horses purchased consisted of 15 Australians, 6 Northerns, 17 Persians, 1 English and 3 Arabs. Forty-seven suitable remounts were obtained from the Kunigal Farm.

7. Three Veterinarians were on duty during the year under review and were stationed at Bangalore, Mysore and Kunigal. The health of the horses has, on the whole, been good.

8. The receipts to the credit of Chanda Fund were Rs. 67,677—14—4, and the expenditure Rs. 65,809—15—10.

9. The receipts under the Stable and Repair funds were Rs 5,136—13—6, and the expenditure on petty repairs and conservancy was Rs. 8,771—11—5. The balance to credit was Rs. 1,576—8—1.

10. The course of instruction in drill and exercises of the Mysore Horse received careful supervision both at Bangalore and Mysore. During the year under review sanction was accorded to the entertainment of 2 European Musicians and a Drill Instructor in connection with the Barr Regiment at Bangalore and Mysore. A number of the officers of the 3 Battalions were instructed in the Infantry sword exercise. In consequence of the demand for Sepoys for escort and other duties, Battalion drill was not carried out.

11. The Store Department turned out a good quantity of work in the repair of accoutrements, saddlery, lances and sword scabbards and in making clothing for the Silahdars and Sepoys.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Military Secretary.

READ THE FOLLOWING PAPER:—

Report on the Kunigal Government Stud Farm Horse Breeding Operations for the year 1887—88.

No. 1000—19, DATED 9TH MAY 1889

REVIEW THEREON.—Out of 11 stallions that remained at the close of the year 1886—87, one was sold and the number stood at 10 on the 31st March 1888. They were of the following breeds:—

Australian	..	..	1
Arab	..	..	8
English	..	..	1

2. There were 229 foals on the 1st April 1887; of these 11 died during the year, 47 were passed into the ranks, 13 were sold as unfit for Government purposes and 2 were registered as brood mares. Forty-one foals were born on the Farm during the year. As the season was favorable, the stallions and young stock were maintained in good condition.

3. Colonel Hay has expressed an opinion that the number of stallions is in excess of requirements. The Military Secretary will be requested to submit an estimate with a view to diminish the number, if necessary.

4. The Farm is by no means a success.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Military Secretary.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 9th May 1889.

READ THE FOLLOWING PAPER :—

Annual Report on the working of the Government Press and Gazette office for the year 1887—88.

No. 1001—113, DATED 9TH MAY 1889.

REVIEW THEREON.—The total value of the work turned out during the official year 1887—88 was Rs. 48,887—5—5 (including Rs. 2,746—6—6 cash receipts) as compared with Rs. 55,050—7—4 in 1886—87.

The value of the work done for the various Departments is shown below :—

Miscellaneous	115	10	0

2. The expenditure incurred was Rs. 30,232—4—2 against Rs. 31,655—10—2 in 1886—87. The decrease was due to the smaller quantity of Press materials procured from England and to the reduction in establishment charges. The excess of receipts over expenditure was Rs. 18,655—1—3 against Rs. 23,394—13—2 in 1886—87.

3. During the year under review, sanction was accorded to the entertainment of 2 Proof Readers and 5 Compositors at a cost of Rs. 1,140 per annum on account of work in the Archæological Department.

4. The number of publications of which copy-right was registered under Act XXV of 1867 was 107 against 122 in 1886—87.

The expenditure incurred in the purchase of books under Section 10 of the Act amounted to Rs. 316—8—9 against Rs. 283—3—0 in 1886—87, and the fees levied under Section 18 to Rs. 88 against Rs. 100.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Superintendent, Mysore Government Press.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General), dated 9th May 1889.

READ THE FOLLOWING PAPER :—

Report on the Forest Administration of Mysore for the year 1886 - 87, submitted by the Inspector General of Forests and Plantations.

No. 1095—19, DATED 9TH MAY 1889.

REVIEW THEREON.—*Forest Changes.*—In consequence of the re-constitution of the Hassan and the Chitaldroog Districts from the 1st April 1886, the Forest charges in the Province were revised in the year 1886—87, so as to make them conterminus with the civil Districts.

2. *Forest Administration.*—The Executive Forest Administration has been vested in the Deputy Commissioners of Districts to whom the District Forest officers are subordinate and the Inspector General who is responsible to the Government for the Forest Administration of the Province corresponds with the Subordinate Forest officers through the Deputy Commissioners of Districts. The Executive staff of Forest officers was strengthened in the year by the appointment of three Mysore students who passed out of the Forest School at Dehra Dun as Forest Probationers.

3. *Reserved Forests.*—During the year under review, considerable progress was made in the reservation of Forests, the area of reserved tracts being now 1,113 square miles against 924 in the year previous. The increase of 189 square miles in the year is due to the reservation of Narsimha Devara Betta and Kamasamudram jungles in the Kolar District comprising an area of 182 square miles. Buttanbail Forest in the Shimoga District with an area of 6 square miles and Kempholé Ghat Forest about one square mile in extent in the Hassan District. Thus, the number of State Forests increased in the year from 44 to 47.

4. The area of State Forests in the Bangalore District entered in Statement No. 45 appended to the Report under review under the column "Area on 1st April 1886" is 340 square miles, while the similar statement for 1885—86 shows it to have been 345 square miles. The latter evidently appears to be correct and this has been quoted in para 10 of the Report.

5. *Forest Revenue and Expenditure.*—The total demand for the year under the head of Revenue Forests, inclusive of an outstanding balance of Rs. 79,184, amounted to Rs. 10,68,539. Out of this sum, Rs. 3,664 were remitted, Rs. 8,669 written back and Rs. 9,98,364 recovered, leaving a balance of Rs. 57,842 still outstanding at the close of the year. The expenditure during the year amounted to Rs. 3,21,384. The nett surplus to Government under Forests thus amounted to Rs. 6,76,980. The subjoined is a comparative statement of the Financial results of the Forest Administration in 1885—86 and 1886—87 :—

	Grand Total of Expenditure.....	3,21,384	2,26,534	Net increase 94,850	...

6. *Increase under Revenue*.—It will be seen from the above statement that the income from timber removed by Government amounted to Rs. 1,57,152 as against Rs. 2,61,080 in 1885—86, showing a large decrease of Rs. 1,03,928. This is accounted for by the fact that there remained a large quantity of stunted teak undisposed of during the year in the Mysore District. The total decrease in the revenue amounted to Rs 1,12,684 This, however, was more than made good by increases chiefly under Sandal and Fire-wood. The total increase in income amounted to Rs. 2,2[illegible],950. The increase is chiefly attributable to the improvement in the revenue under the head Sandal, owing to better rates obtained for sale of sandal-wood, the average rate per ton amounting to Rs. 300 against Rs. 252 in the previous year and to larger revenue realized from the fuel seigniorage and Railway fuel supply in the Bangalore District. On the whole, the net increase under receipts amounted to Rs. 1,15,266.

7. *Increase under Expenditure*.—The expenditure during the year exceeded that of the previous year by Rs. 94,850, of this there was an increase of Rs. 15,263 under the head Establishment and Rs. 79,227 under the head Conservancy and Works.

8. The increase under Establishments is mainly due to the half pay and permanent travelling allowance of the Inspector General having been debited to "Forest" and to the promotion of Mr. Lovery, Assistant Conservator, Shimoga, from the 3rd to the 1st grade.

9. The increased expenditure under conservancy and Working Charges was due to the extension of the Forest operations in the year for supply of timber and fuel and for various Plantations to meet the growing demands of the Gold Mining Industry, and the Railway Department. The Plantation Department had to incur large initial outlay upon clearing, pitting and planting. On this point the remarks of the Inspector General are significant. He says "subsequent economic and correct management will, ere long, in prunings and thinnings alone, recoup or help to recoup such initial or capital outlay, whilst the matured wood of the plantations will represent very large sums of money"

10. *Plantations*.—The work connected with Plantations progressed fairly in the year. Sandal Plantation was carried on generally in vegetable mould under bushes and scrub jungles, also by scattering seeds and by planting seedlings in parts of the Bangalore, Hassan, Shimoga, and Mysore Districts. These are reported on favorably. The experiments made in regard to the coppice growth of teak, fuel, &c, trees were promising. Revenue Plantations also throve well.

11. *Demarcation of Forests*.—Demarcation of Forests in the year cost Rs. 1,248 against Rs. 1,863 in 1885—86. The final demarcation of the Vijayapur and the Hirekalgudda forests in the Hassan District was completed in the year. Work under this head in the other forests shows fair progress. Demarcation of Inam jungles in the Shimoga District running in some places contiguous to Government Forests thereby not easily distinguishable, was taken on hand in the year and $22\frac{7}{8}$ miles of boundary line was permanently fixed. The cost on this account has since been ordered to be borne equally by the Inamdars and the Government.

12. *Fire Protection*.—The forest area attempted to be protected from fire was 564 square miles and 318 acres at a cost of Rs. 2,787. The attempt was generally successful, except in the case of $74\frac{1}{8}$ square miles. The failure was very remarkable in the Bangalore District where the fire affected tract was $61\frac{1}{8}$ square miles—a result justly commented on by the Inspector General as anything but satisfactory. This is attributed to "rains having held off for several months which rendered grass very inflammable, and to fires kindled in the fields by raiyats to burn rubbish extending to the adjacent village jungles. Nevertheless, the Government must observe with the Inspector General that greater vigilance and personal exertions on the part of the Assistant Conservator would have secured better results.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 9th May 1889.

13 *Offences against Forest Rules.*—The number of persons prosecuted for offences against Forest Rules was 210 against 258 in 1885—86. The number of convictions amounted to 73 per cent being about 6 per cent less than in 1885—86. Almost all the persons were prosecuted for unauthorized felling or appropriation of wood.

Fourteen elephants were caught during the year. of these 6 were males and 8 females. There were also 8 elephants of the previous year, making a total of 22, of these, 4 died and 16 were sold for Rs. 8,260, the remaining two were tamed for future capture work. The capture and feeding of these animals cost Rs. 4,489 in the year.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Inspector General of Forests.

READ THE FOLLOWING PAPER :—

Report on the working of the Anche Department for the year 1887—88.

No. 1096—122, DATED CAMP OOTACAMUND, 9TH MAY 1889.

REVIEW THEREON.—The number of Anche offices on the 31st March 1888 was 414 against 424 that existed at the close of the year 1886—87, the number opened and closed during the year 1887—88 was respectively 18 and 28.

2. The total mileage of Anche lines during the year under review was 2,526 against 2,459 in 1886—87, the increase of 67 being due mainly to the opening of the Channarayapatna-Arsikere and Shimoga-Shikarpur lines.

3. 17,55,265 private articles consisting of letters, packets, newspapers and parcels were received for delivery by the Anche offices in the State during the year 1887—88 against 16,55,586 in 1886—87, giving an increase of 97,679. The amount of public correspondence also greatly increased. 16,08,177 letters were carried on the public service, being an increase of 129,643 over the number for 1886—87.

4. The number of missent letters decreased from 169 in 1886—87 to 116 in the year under review.

5. The total number of articles returned undelivered was 1,503 as against 946 in 1886—87.

6. The number of letters sent to and received from the Imperial Post office showed an increase of 52,840 and 61,475, respectively.

7. Sixteen complaints were preferred by the public against the Anche during the year under review as compared with 32 in 1886—87.

8. There were two highway robberies of the Anche mail. Both of them occurred on the Bangalore-Nundydroog road. The contents of the mail bags were valued at Rs. 1,420—0—9. The offenders were not traced.

9. The total income of the Department, including postage of official covers, was Rs. 2,37,257—7—11, while the actual receipts amounted to Rs. 74,335—9—11 or 6,372 more than in the year 1886—87, against disbursements amounting to Rs. 1,35,675—12—0.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 10th May 1889.

READ THE FOLLOWING PAPER :—

Annual Report on the Mysore Government Museum for 1887—88.

No. 1041—115, DATED 10TH MAY 1889.

REVIEW THEREON.—The total number of visitors to the Museum during the official year 1887—88 was 195,118 or 11,489 less than in 1886—87.

2. The need of a qualified Taxidermist is much felt by Mr. Cameron. But it is observed that the salary of the present incumbent is sufficient to permit of the appointment of a professional Artist.

3. A collection of specimens of silk-worms indigenous to Mysore was sent to the Indian Museum, Calcutta.

4. One of the special subjects which engaged the attention of Mr. Cameron and Captain R. H. Tufnell was the acquisition of coins. The collection especially of purely Mysore coins received numerous additions during the year under review.

5. There is a public free library attached to the Museum containing 702 olumes.

6. The most important contributions to the Museum by the public during the year 1887—88 consisted of specimens of coins, a statue of Nanmalvar and stuffed birds. In addition to this the Taxidermist personally collected a large number of birds.

7. The cost of the Museum during the year under review was Rs. 2,628—7—0 as against Rs. 2,762—0—0 in 1886—87.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Superintendent, Mysore Government Museum.

CIRCULAR.

No. 1820-7—CIR. 40, DATED 11TH MAY 1889.

Some misapprehension seems to exist regarding the removal of fort stones, and the following extract from the late Chief Commissioner's Proceedings No. 2484-91—Mis. 253, dated 27th July 1880 will accordingly be re-published for information and guidance :—

* * * *

"District officers being in charge of all forts and similar buildings in their Districts, no stones from them should be removed except with their permission. Such permission can be granted by the Deputy Commissioners in the case of dilapidated buildings, the removal of which is desirable ; but where the buildings are more or less in a state of preservation, or possess historical interest and generally in all cases of doubt, the orders of the Government should be obtained. Municipal bodies and even the proprietors of Inam villages can, as a rule, have no right in these buildings which are public property, though situated within their limits, but they should be consulted where the removal of the stones is likely to affect them injuriously."

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Deputy Commissioners of Districts.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 15th May 1889.

READ THE FOLLOWING PAPER :—

Report on the Revenue Administration of the Kadur District for 1887—88.

No. 1224—46, DATED CAMP OOTACAMUND, 15TH MAY 1889.

REVIEW THEREON.—There was no change in the area of the District except that 3 survey numbers comprising 65 acres in the Gutti Village of the Mudgere Taluk which adjoins the District of South Canara were determined to lie within the limits of that District.

2. During the year under review 348 coffee estates covering an area of 2,166 acres were resurveyed, and the Rangapur and Sivani Amrut Mahal kavals were divided into survey fields.

3. The total revenue from coffee land tax was Rs. 90,342—3—0 against Rs. 90,099—1—0 in 1886—87. Rs. 11,367—12—0 were realized from waste lands put up for sale for coffee cultivation under the rules in force.

4. The number of Municipalities in the District was five. During the year under review two new Municipalities were constituted at Ajjampur and Sringeri. The gross income of all these Municipalities during the year amounted to Rs. 34,021—6—0 and the expenditure to Rs. 19,155—8—8.

5. The District Committee met twice during the year for the administration of the funds placed at their disposal for District purposes. The receipts on account of the District Funds were Rs. 75,969—2—3 or Rs. 6,659—4—5 less than those of the year 1886—87. The outlay on original works and repairs to District Fund roads amounted to Rs. 20,923 and Rs. 28,297 respectively.

6. The highest rain-fall of the year was recorded at Koppa where it reached 142 inches 89 cents, and the lowest at Kadur, *viz.*, 24 inches 22½ cents. The rain-fall registered at the Head-quarters of the District was 34 inches 89 cents against 36 inches 34 cents in 1886—87, showing a decrease of one inch and 45 cents.

7. The comparative acreage under coffee, cardamom and cinchona was as follows :—

	1886—87.	1887—88.
	Acres.	Acres.
Coffee	83,401	86,908
Cardamoms	2,036	2,038
Cinchona	248	248
Cotton	1,653	956

8. The out-turn of the supari crop was good, and the halat collected thereon was Rs. 1,02,880—13—3 against Rs. 1,20,759—13—3 in 1886—87.

The coffee crop yielded an average of thirteen annas, while the out-turn of paddy, ragi and sugar-cane was also very fair.

9. The year was, on the whole, a favorable one for cattle.

10. Hundred and seventy-six wild animals were killed against 188 in 1886—87. The amount of rewards granted was Rs. 1,431—4—0 against Rs. 1,342—11—0.

11. There was a general rise in prices as compared with the year 1886—87. But the prices of coffee and cardamom stood much lower than they did in 1886—87.

12. In the Kadur and Chikmagalur Taluks the condition of the avenues was not favorable. No new groves seem to have been planted during the year under review.

13. A lease of 1,350 acres bearing an assessment of Rs. 672—3—0 in the villages of Hosahalli and Timmapur, &c., in the Tarikere Taluk was granted for Gold Mining purposes to the London Mining and Exploration Company, (Limited).

14. In the Kadur Taluk the value of earthwork done by the raiyats to 29 different tanks amounted to Rs. 5,939. The masonry works were completed by the Public Works Department at a cost of Rs. 182—4—0. Rs. 1,056—8—10 were expended by Revenue officers on the construction and repairs of Police and Revenue buildings. It is desirable to utilize the agency of the Revenue officers to a larger extent than now for the execution of projects of a petty nature not requiring professional skill.

15. The current demand for the year under review under all sources of revenue amounted to Rs. 10,99,494—10—10 against Rs. 11,75,168—13—4 in 1886-87, exhibiting a net decrease of Rs. 75,674—2—6. A large portion of this decrease was nominal, being due to the amalgamation of the arrack revenue of the District with that of Bangalore.

Including the outstanding balance of Rs. 84,864—13—3 which remained uncollected on the 31st March 1887, the gross demand amounted to Rs. 10,87,189—8—10, of which Rs. 10,22,447—3—10 were collected, and Rs. 787—5—10 remitted, leaving a balance at the close of the year of Rs. 63,954—15—2. The collection was backward in the Taluks of Koppa and Chikmagalur.

The current land revenue demand for the year under review was Rs. 7,47,180—15—11 as against Rs. 7,32,864—0—8 of 1886—87, exhibiting an increase of Rs. 14,316—15—3. The bulk of the increase occurred in the Tarikere and Mudgere Taluks and was due to the assessment derived from the Amrut Mahal kavals of Sivani and Rangapur and to the extension of coffee cultivation.

The total revenue under the head of Forests amounted during the year to Rs. 54,548—2—8 or Rs. 36,030—3—0 less than that of the year 1886—87. The decrease was chiefly in the item of sandalwood.

16. The births reported were 5,845. The total number of deaths registered was 6,988 as compared with 6,324 in 1886—87. 38 persons died of cholera, 941 persons succumbed to small-pox as against 666 only in 1886—87. The number of deaths from fevers was 4,138.

17. One new Dispensary was opened during the year under review at Sollebail in the Koppa Taluk. The total number of patients treated in the Hospital and Dispensary in the Town of Chikmagalur was 6,551, and the number treated in the 7 Dispensaries at work in the Taluks was 23,729 or 765 more than in 1886—87, excluding the new Dispensary at Sollebail. It is believed that the benefits of these medical institutions are appreciated by the people.

18. The total number of persons vaccinated in the District during the year under notice was 8,558 as compared with 7,908 in 1886—87 and the cost of the operations was Rs. 874—10—1.

19. The total number of Government schools at the end of the year was 70 with an average daily attendance of 2,048 pupils against 68 schools with 1,941 pupils at the end of 1886—87. The strength of the Hobli schools rose from 1,297 to 1,524 owing chiefly to the addition of two schools to the list. 4 students matriculated out of 8 who went up from the High School, Chikmagalur.

20. The repairs to the temple at Kalasa in the Mudgere Taluk progressed under the supervision of the Department of Public Works.

The expenditure incurred on account of the several religious and charitable institutions under the control and management of the Muzarayi Department amounted to Rs. 3,892—8—5 against Rs. 3,384—0—4.

21 The balance of revenue work remaining undisposed of at the end of the year under review was small.

22. The condition of the boundary marks is not reported. It is desirable that many of these should be inspected by the Deputy Commissioner and Jamabandi officers personally.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Deputy Commissioner, Kadur District.

No. 1443-72—Cir. 31, dated 19th May 1889.

Order.—Copies of the appended additional Rules relating to the duties of His Highness the Maharaja's Council will be forwarded to all Deputy Commissioners and Heads of Departments for information.

By Order,

Chief Secretary.

To—The Deputy Commissioners of Districts.
The Heads of Departments.

Additional Rules relating to the duties of Members of His Highness the Maharaja's Council, sanctioned by His Highness the Maharaja on 17th May 1889.

I. In addition to the duties assigned to Members of His Highness' Council by the Rules of 8th July 1881, the following matters coming before His Highness' Government, either in appeal or in the exercise of the powers of revision under Section 217 of the Mysore Land Revenue Code, shall be heard and decided by a Committee consisting of not less than two Members of Council :—

(1.) Claims to all hereditary offices and emoluments attached thereto (including hereditary Muzarayi appointments).

(2.) Claims relating to lands declared by competent authority to be held for any service whatsoever.

(3.) Claims to hold land wholly or partially free from payment of land revenue.

(4.) Claims respecting the occupation of waste or vacant land or beds of rivers, tanks, &c., belonging to Government.

(5.) Claims to be entered in the Revenue Survey or Settlement records or village papers as liable for the land revenue or as superior holder, inferior holder, occupant or tenant.

(6.) Resumption of land encroached upon, (Section 37).

(7.) Fines imposed for felling trees under Section 41.

(8.) Eviction of holder of any land appropriated to prohibited purposes, (Section 48.)

(9.) Fines imposed on superior holders of alienated villages for not granting receipts, (Section 57).

(10.) Eviction, penalty and forfeiture for unauthorized occupation of land, (Section 59).

(11.) Disposal of occupancy rights, (Section 60).

(12.) Disposal of alluvial land, (Section 61).

(13.) Appropriation of land for purposes other than agriculture, (Section 63).

(14.) Eviction and penalty for appropriation of land for purposes other than agriculture, without permission, (Section 64).

(15.) Registration of name of heir on death of occupant, (Section 68).

(16.) Registration of occupant or other person as the registered occupant or holder of alienated holding, (Section 78).

(17.) Reduction or enhancement of rent under Section 83.

(18.) Penalty for unauthorized compulsory process by holder of commission under Section 99, (Section 102).

(19.) Disputes relating to levy of rent by holder of alienated land specially empowered under Section 99, (Section 104).

(20.) Correction of any wrong entry in Settlement Register, (Section 118).

(21.) Registration of changes affecting rights and interests recorded in village accounts, (Section 119).

(22.) Partition of estates, (Sections 122 and 123).

(23.) Orders relating to boundaries of fields or Survey numbers and of villages, (Chapter IX).

(24.) Penalty for erasing, removing, injuring or unauthorizedly erecting a boundary mark, (Section 133).

(25.) Disposal of building sites, (Section 135).

(26.) Penalty for disobedience of orders prohibiting the reaping of crops, &c. issued under Section 147, (Section 148).

(27.) Disposal of claims to attached movable property, (Section 192).

(28.) Claims connected with or arising out of any proceedings held under Chapter XI for the realization of Land Revenue or the rendering of assistance by Government or any officer duly authorized in that behalf, to superior holders, for the recovery of their dues from inferior holders, &c., under Sections 98 and 101, or to registered occupants or other persons paying revenue under Section 77.

(29.) Claims to set aside on account of irregularity, mistake or any other ground, all revenue sales held under Chapter XI or other provisions of the Land Revenue Code.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 19th May 1869.

(30.) Proceedings in cases of resistance or obstruction to eviction, (Section 209).

NOTE.—The references to chapter and section in this Rule are to those of the Mysore Land Revenue Code.

II. In the disposal of the appeals aforesaid, the following Rules shall be observed :—

(1.) When there arises a difference of opinion between two Members of the Council on any material question pending before them, such question shall be referred to the remaining Member or Members of the Council and the decision of the majority shall be regarded as the, decision of His Highness' Government.

(2.) No fee shall be awarded for any legal practitioner who may be allowed to appear.

(3.) No order of a subordinate officer shall be modified or reversed in appeal without due notice of the hearing of the appeal to the party whose interests are affected by the order in appeal.

(4.) Every petition of appeal shall be duly stamped and be accompanied by the decision or order appealed against, or by an authenticated copy of the same.

(5.) Petitions of appeal may be presented either in person to a Secretary or Under-Secretary or at the Meetings of the Council or to the Dewan, or they may be forwarded by post or deposited in the Petition box at, the Dewan's Office, addressed to the Chief Secretary.

(6.) When a petition of appeal is received by a Secretary or Under-Secretary, if it be defective either on the ground of insufficient stamp or absence of copy of order appealed against, the same shall be at once returned with a note of the defect under the signature of the Chief or Under Secretary. If it be found in order and not deficient as aforesaid, there shall be endorsed upon it, under similar signature, the section of the Revenue Code under which the order appealed against was passed, and with such endorsement, it shall be submitted for orders to a Member of the Council. Such Member will either reserve the petition for disposal at any subsequent sitting of the Council, or call for proceedings or report or both, and at the same time, he may, if possible, fix a convenient day for the hearing of the appeal, giving notice thereof to the respondent where considered necessary. The order to issue notice to respondent may be passed either when calling for proceedings, or after perusal of proceedings called for. If appellant is not present when a date for hearing is fixed, a notice to him also will be necessary.

(7.) Every petition which is unnecessarily prolix or argumentative or which is couched in disrespectful or intemperate language shall be returned to the petitioner by the Member of the Council to whom petitions are submitted for orders under Clause (6) of this Rule.

(8.) Any petition of appeal may be rejected (without notice to either party or calling for proceedings) if, after perusal of the petition and of the order appealed against, and after hearing the appellant, if present, there appear no grounds for any interference with the order appealed against.

(9.) The foregoing Rules, contained in Clauses (1) to (8), shall, *mutatis mutandis*, apply also to all applications for revision.

(10.) A copy of every order in appeal or revision under these Rules shall be communicated for the information and guidance of the subordinate officers concerned.

(11.) The work of hearing and disposing of the appeals shall be distributed between all Members of the Council in such way as is most convenient with due regard to the despatch of public business.

III. A brief but clear abstract of every decision in appeal or revision containing a concise statement of the points at issue, with the decision of Government thereon, shall be published in the monthly volume of the Proceedings of the Government under a separate head "Decisions of Government in Revenue cases." Any decision of special importance may be published in extenso under this head below the abstract above referred to.

K. SHESHADRI IYER,
Dewan of Mysore.

READ THE FOLLOWING PAPER:—

Report on the Revenue Administration of the Kolar District for 1887—88.

No. 1325—59, DATED, CAMP OOTACAMUND, 20TH MAY 1889.

REVIEW THEREON.—There was no change in the area of the District, except that two villages covering an area of one square mile were transferred from Malur to Hoskote.

2. During the year under review the Survey Settlement was introduced into the Taluks of Mulbagal and Chintamani including the Srinivaspur Sub-Division. The result of the settlement was that, on the whole, there was an increase of Rs. 31,219 over the demand of the year 1886—87.

3. The available extent of culturable waste at the close of the year was 317,476 acres.

4. During the year under review there were 11 Municipalities in the District. Exclusive of a balance of Rs. 44,721, the total income of these Municipalities was Rs. 18,971, and the total expenditure Rs. 16,895. Of the total income, Rs. 13,626 were raised by mohatarfa (house tax, shop tax, loom tax, oil-mill tax, cart tax) and Rs. 3,518 by octroi. Rupees 4,400 were spent on conservancy and Rs. 2,864 on the construction and maintenance of roads.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 20th May 1889.

5. The average rain-fall of the District for the year 1887—88 was 32·9 inches as compared with 29·34 for 1886—87. The highest rain-fall of the year was recorded at Kolar, where it reached 40 inches 39 cents, and the lowest at Bagepalli, *viz.*, 18 inches 98 cents. The rain-fall was in excess of that of 1886—87 in all Talúks except Chikballapur, Bagepalli and Malur. The rains being sufficient and seasonable, a full crop of paddy was realized. Ragi and other crops, however, suffered from heavy rain.

6. Fodder and pasturage were abundant. Mortality among cattle, however, was in excess of that of 1886—87 owing to the general prevalence of cattle disease. Veterinary medicines must be distributed.

7. Six wild animals were killed against 2 in 1886—87. The amount of rewards granted was Rs. 84 against Rs. 17.

8 Prices of food grains remained nearly stationary.

9. The year was on the whole a prosperous one for the Gold Mining Companies of the District. The total value of gold obtained from the mines worked was Rs. 9,81,965—11—10. The quantities of gold extracted from the mines of the Balaghat, Indian Consolidated and Nine Reefs' Gold Mining Companies were not reported to the Deputy Commissioner. Mining operations were pushed forward by the marginally noted Companies. The arrears of royalty outstanding for collection at the close of the year under review were Rs. 17,131—3—6. The question of legislative provision referred to by the Deputy Commissioner in paragraph 74 of the report is under consideration.

East Mysore	do

10. The estimated value of the total annual out-turn of manufactures in 1887—78 was Rs. 10,25,385 against Rs. 9,39,280, the value in 1886—87.

11. The value of the exports was Rs. 9,47,200 against Rs. 10,52,500 in 1886—87. The exports of sugar, jaggory and molasses amounted to 360,000 maunds, and the value of the trade was nearly 5½ lakhs of rupees. The imports showed an increase from Rs. 13,06,675 to Rs. 14,99,370.

12. Rupees 620—8—6 were expended by officers of the Revenue Department on minor Revenue and Police buildings in the District.

13. The progress made with the earthwork of minor tanks during the year was inconsiderable. Many projects were put in abeyance owing to the unwillingness shown by the raiyats to undertake the work. This unfavorable result is attributable partly to the fact that the present and prospective benefits of the scheme are not adequately appreciated by the raiyats, and partly to the want of energy and want of tact on the part of subordinate Revenue officers.

14. The revenue of the District for 1887—88 amounted in the aggregate to Rs. 12,35,136—6—9, exhibiting a net increase of Rs. 32,734—7—6½ as compared with 1886—87.

The land revenue of the year was Rs. 10,43,127—5—3 against Rs. 10,25,591—0—6 in 1886—87. The increase was due to the financial results of the land revenue settlements effected during the year in the Mulbagal and Chintamani Taluks.

The revenue under Forests was Rs. 7,744—13—4 or Rs. 2,107—13—7 more than in 1886—87. The increase was due partly to the collection of seigniorage on the fuel removed from the Kamasandra jungles, and partly to the larger realizations from tangadi bark under the license system.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 20th May 1889.

The revenue from abkari increased by Rs. 7,118—2—10 owing to the increased rate at which the toddy contract was disposed of.

Including the outstanding balance of Rs. 6,35,828—6—8 which remained uncollected on the 31st March 1887, the gross demand amounted to Rs 18,70,964—13—5, of which Rs. 13,83,903—2—5½ were collected and Rs. 16,531—12—2 remitted, leaving a balance at the close of the year under review of Rs. 4,70,529—14—9½. The collections made up to the 31st July 1888 reduced the balance to Rs. 2,99,817—10—3½.

The receipts on account of the District, Local and Irrigation Funds were Rs 1,18,678—4—11.

15. The births registered numbered 11,731 and the deaths 5,950. More than half the mortality of the year was due to 'fevers.' The number of deaths from cholera was 10.

16. There were altogether 21,202 persons treated at the 2 Dispensaries opened during the year.

17. The total number of vaccine operations effected during the year was 13,820.

18. Seven students matriculated out of 15 who went up from the High School, Kolar.

At the close of the year under review there were 193 Vernacular schools with 7,003 scholars.

19. The income of the Muzarayi Department during the year under review aggregated Rs. 16,081—6—9. Including the balance of the previous years, the receipts amounted to Rs. 16,248—9—8, of which Rs. 16,153—6—3 were allotted for expenditure on account of Devastanams, Chattrams, Dargas.

20. The number of persons fed gratuitously in the Chattrams was 40,323 and the expenditure incurred amounted to Rs. 3,201—12—0.

21. No new village groves were planted during the year.

22. One original revenue case was filed and disposed of during the year. The balance of miscellaneous revenue work remaining undisposed of at the close of the year was large.

23. The condition of the boundary marks is not reported upon. It is desirable that many of these should be inspected by the Deputy Commissioner and Jamabandi officers personally.

R. VIJAYINDRA RAO,
Chief Secretary.

To— The Deputy Commissioner of Kolar District.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 20th May 1889.

READ THE FOLLOWING PAPER:—

Revenue Administration Report of the Hassan District for the year 1887—88.

No. 1334—60, DATED CAMP OOTACAMUND, 20TH MAY 1889.

REVIEW THEREON.—No survey operations were carried on in the District during the year under review. The work of the District Surveyor was confined to the breaking up of large waste numbers into numbers of a more convenient size for coffee cultivation.

2. The unappropriated waste land at the end of the year 1886—87 was 223,068 acres, the extent resigned during the year under review was 7,052 acres, 12,192 acres were granted for cultivation and other purposes, leaving 217,928 acres unoccupied.

3. The proportions of the areas covered by the different classes of produce remained much the same as in the year 1886—87.

4. The year under notice was on the whole a favorable one for cattle.

5. Nine wild animals were killed against 10 in 1886—87. The amount of rewards granted was Rs. 215—0—0 against Rs. 250—0—0.

6. The average rain-fall of the District for the year 1887—88 was 33 inches as compared with 34 for 1886—87. The total rain-fall at the head-quarters of the District was 31·68 inches. Compared with 1886—87, there was a decrease of 3·81 inches. Excessive rain in the months of July, October and November somewhat damaged the pulses, nevertheless the crops were generally good and the estimated out-turn was from 10 to 12 annas.

7. Prices throughout the year ranged higher than in 1886—87.

8. Endeavours were made to plant trees on waste lands. In the Hassan Taluk an area of 20 acres was planted up with sandal, &c. at Gendikatti. Much might be done on waste lands about villages, and the raiyats induced to undertake the work. The eventual result of these operations will lessen the drain on the present fuel bearing tracts.

9. Leases for gold mining purposes were granted to Sir Roper Lethbridge, M. P., and Messrs. Launsdale and Strickland in the Arsikere and Channarayapatna Taluks.

10. There was a slight increase in the value of manufactures. The total value of the principal manufactures of the year was Rs. 4,13,532—0—0.

11. Trial was given to the scheme for the restoration and up-keep of minor tanks. The progress made was fair.

12. The revenue of the District for 1887—88, (exclusive of the revenue, *viz.*, Rs. 1,24,007—12—5 credited under the heads of Local, Irrigation and District Funds,) amounted in the aggregate to Rs. 12,75,728—12—10, exhibiting a net increase of Rs. 21,747—4—1 as compared with that of 1886—87.

13. The land revenue of the year was Rs. 10,03,193—11—11 against Rs. 10,08,521—3—5 in 1886—87, the decrease being due mainly it is said to less frequent sales of "Malki" (right of occupancy of Government lands).

14. The revenue under Forests was Rs. 1,03,678—8—0 or Rs. 21,626—7—7 more than in 1886—87. The increase was under Sandal.

15. The revenue from Abkari decreased by Rs. 4,144—0—8 owing to the diminished rate at which the toddy contract was disposed of.

16. Including the outstanding balance of Rs. 2,16,721—2—3 which remained uncollected on the 31st March 1887, the gross demand amounted to Rs. 14,92,449—15—1, of which Rs. 12,71,249—10—10 were collected and Rs. 2,438—4—1 remitted, leaving a balance at the close of the year under review of Rs. 2,18,762—0—2. The collections made up to the 31st July reduced the balance to Rs. 97,167—15—11, distributed as follows:—

Hassan	..	15,253	1	8
Manjarabad	..	17,813	9	3
Belur	..	15,557	4	8
Arsikere	..	7,003	12	3
Channarayapatna		14,649	5	5
Holé-Narsipur	..	5,619	9	2
Arkalgud	..	21,271	5	9
Total...		97,167	15	11

17. Rupees 14,341—15—4 were realized by distraint and sale of property in satisfaction of arrears of revenue as against Rs. 21,613—12—1.

18. The gross demand on account of bandh charges amounted to Rs 25,844—2—8, the collections together with the remissions granted aggregated Rs. 9,530—7—9. The outstanding balance, *viz.*, Rs. 16,313—10—1 is heavy.

19. During the year under notice 9,085 deaths were registered, or 919 more than in 1886—87. There were only thirteen deaths from cholera, which occurred in the Arsikere, Saklespur and Hassan Taluks. The other Taluks were entirely free from it. The number of deaths from fevers was 4,879 against 4,787 in 1886—87, 979 persons succumbed to small-pox as against only 305 in 1886—87. The number of births registered was 10,513 against 9,085 in 1886—87.

20. There were 5 Dispensaries opened at the end of 1886—87. Two new Dispensaries were opened during the year at Holé-Narsipur and Arkalgud. The total number of persons treated was 27,932.

21. In the Municipalities of the District some attention was paid to sanitary matters. At Hassan the chief sanitary work was the construction of two wells for supplying the town with fresh water for drinking and other purposes. The necessity of improving the water supply of villages outside Municipalities must be steadily kept in view. The total number of vaccine operations effected during the year was 11,230 against 9,184 in 1886—87.

22. One student matriculated out of four who went up from High School, Hassan.

23. The income of the Muzarayi Department during the year under notice aggregated Rs. 1,627, including the balance of the previous year the receipts amounted to Rs. 25,263. Disbursements amounted to Rs. 500, leaving a balance of Rs. 24,763.

24. Condition of road avenues and of bandhs is not reported upon—an important omission.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Deputy Commissioner, Hassan District.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 20th May 1889.

READ THE FOLLOWING PAPER —

Report on the Revenue Administration of the Tumkur District for the year 1887—88.

No. 1379—45, DATED CAMP OOTACAMUND, 20TH MAY 1889.

REVIEW THEREON.—No survey operations during the year under review, but several large survey fields incapable of being cultivated profitably by a single raiyat or by reason of the inclusion therein of waste land, were broken up at the desire of the raiyats under the rules in force

2. The area of arable land available for occupation at the close of 1887—88 was 938 square miles or 43 square miles less than in 1886—87.

3. Meteorological observations were recorded at Tumkur by the Assistant Surgeon of the Station. The highest temperature in the shade 94·54° Fahrenheit was registered in May, and the lowest 64·32° Fahrenheit in December. The highest rain-fall of the year was recorded at Kunigal where it reached 36·55 inches, and the lowest at Pavagada, namely, 20·50 inches. The average rain-fall of the District for the year under notice was 27·89 inches as compared with 35·26 inches for 1886—87.

4. The weather throughout the year was, on the whole, seasonable and the crops were generally good. There was an increase in the area under dry crops, but the extent under wet crops showed a decrease of 8,028 acres as compared with 1886—87.

5. The price of rice, with some slight fluctuations, remained the same as at the beginning of the year, but the prices of wheat and ragi throughout the year ranged lower than in 1886—87.

6. The returns showing the agricultural stock of the District at page 5 of the Report are not altogether reliable. The higher Revenue officers should be directed to devote some time to the checking of the original statements drawn up by the Shanbhogs. Murrain prevailed during the year under review, and caused much loss.

7. Sixty-nine wild animals were killed against 152 in 1886—87, the amount of rewards granted was Rs. 179—7—0 against Rs. 164—3—0.

8. Roadside avenues and village groves received adequate attention.

9. A lease of 634 acres was granted to Messrs. Wilson and Co. for Gold Mining purposes.

10. The Deputy Commissioner notices that the old native machine made for extracting juice from sugar-cane is replaced by the sugar-cane crushers manufactured in England—an improvement decidedly.

11. The trade showed a steady increase. The exports during 1887—88 were valued at Rs. 37,05,671 against Rs. 31,22,112 in 1886—87. The excess of exports over imports was valued at Rs. 20,11,339.

12. The revenue of the District for the year under notice, (excluding the revenue under District Fund, Local Cess, Irrigation Cess and Municipal Funds which aggregated Rs. 1,39,368—10—8 against Rs. 1,37,046—15—5 in 1886—87), exhibiting a net increase of Rs. 32,597—0—9 as compared with 1886—87.

The land revenue was Rs. 10,56,012—8—0 against Rs. 10,82,170—7—5 for the year 1886—87, showing a net decrease of Rs. 26,157—15—5. The decrease was due partly to the character of the season which was unfavorable to the cultivation of wet lands, and partly to the smaller receipts under the head of Maiki (revenue from sale proceeds of trees and right of occupancy).

The revenue under Forests was Rs. 33,835—4—6 against Rs. 22,128—4—1 in 1886—87, showing an increase of Rs. 11,707—0—5 chiefly under Fuel and the angadi bark under the license system.

The revenue under the head "Abkari" increased by Rs. 46,976—12—0 owing to the increased rate at which the toddy contract was disposed of.

Sayer yielded a sum of Rs. 47,940 —14—3 for the year under review against Rs. 40,728—11—11½, exhibiting an increase of Rs. 7,212—2—3½ due to the larger sale of the supari stock of previous years.

13. Including the outstanding balance of Rs. 1,99,491—10—10½ which remained uncollected on the 1st April 1887, the gross demand amounted to Rs. 17,38,458—14—11½, of which Rs. 15,94,979—4—3 or 91·7 per cent were collected and Rs. 7,676—10—0 remitted, leaving a balance at the close of the year of Rs. 1,35,803—0—8½ distributed as follows:—

Arrears.	Rupees.		
Srimukha	3	3	9
Yuva	0	0	6
Dhatu	2,254	15	2½
Isvara	2,961	2	5½
Bahudhanya	272	10	8
Pramadi	1,029	9	0
Vikrama	1,550	7	6
Vishu	3,885	8	11
Chitrabhanu	5,386	3	7
Svabhanu	6,397	12	4½
Tarana	13,261	12	11
Parthiva	11,855	12	7½
Vyaya	15,970	15	1½
Sarvajitu	70,972	8	3

Rupees 3,240—7—10 were realized by distraint and sale of property in satisfaction of arrears of revenue as against Rs. 1,931—7—8 in 1886—87. Very early steps should be taken to realize the uncollected balances of previous years.

14. During the year under review 8,654 deaths were registered against 8,562 in 1886—87. There were 79 deaths from cholera. The total number of births registered was 15,184 as compared with 14,820 in 1886—87.

15. There were eight Dispensaries in operation at the end of the year under review.

16. The receipts of the Muzarayi Department aggregated Rs. 7,027—7—6 and the disbursements Rs. 7,000—14—6.

17. Sixteen original revenue cases were disposed of during the year under notice. The quantity of miscellaneous revenue work remaining undisposed of was small.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Deputy Commissioner, Tumkur District.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 23rd May 1889.

READ THE FOLLOWING PAPER —

Report on the Revenue Administration of the Bangalore District for the year 1887—88.

No. 1366—72, DATED 23RD MAY 1889

REVIEW THEREON.—The average rain-fall was 31 inches as compared with 40 for 1886—87, nor was it everywhere timely. In the early part of the monsoon rain was scanty and caused some anxiety, but the subsequent fall was plentiful and sufficient to revive the crops throughout the District. The out-turn is set down at 10 annas.

2. The survey of four hoblis of the Closepet Taluk, five hoblis of the Kankanhalli Taluk and three Inam villages in the Magadi Taluk was completed.

3. Rupees 13,695—15—2 were advanced on account of boundary marks while nothing was spent in repairing bandhs in unoccupied Government lands. It is observed that no mention is made of the general condition of the boundary marks. It is most desirable that their condition should be annually reported upon. They should receive special care and the raiyats should not be permitted to neglect them.

4. The total area under cultivation during the year was estimated to be 513,279 acres as compared with 509,804 acres in 1886—87.

5. The statistical table showing the agricultural stock of the District gives the marginal figures as compared with the stock of the year previous. The figures are of course not entirely reliable.

Particulars.	Cows and Bullocks.	Buffaloes		Horses.	Ponies.	Donkeys.	Pigs.	Carts.	Sheep and Goats.	Ploughs.	Posts.
		He.	She.								
1886—87 ...	327,497	37	663	110	2,581	10,985	2,463	14,532	279,010	79,709	2
1887—88 ..	324,159	37	100	107	2,595	11,002	2,472	14,202	283,012	81,007	3
Increase ...	...	...	..	.	14	17	9	..	4,002	1,299	...
Decrease ..	3,338	...	563	3	...	...	...	330	...	..	...

6. In 1886—87 the land returned as waste was 386,572 acres, or 3,821 acres more than in the year under review. The amount of Hulbanni was Rs. 18,225—15—5, an increase of Rs. 230—6—4 over the amount for 1886—87.

7. It is noticed that the results of experiments made with Australian rams have not been reported.

8. Sixteen wild animals were killed against 15 in 1886—87. The amount of rewards granted was Rs. 230 against Rs. 200. The loss of human life caused by wild animals decreased.

9. The out-turn of silk is set down at 4,922 maunds.

10. The trade returns show that the trade of the District was, taken as a whole, more active than in 1886—87. The total value of imports exceeded that of 1886—87 by Rs. 12,97,105. The exports were valued at Rs. 46,72,825 as against Rs. 38,87,155 in 1886—87.

11. Prices continued nearly stationary during the year under review.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 23rd May 1889.

12. The total demand inclusive of arrears amounted to Rs. 28,99,656—12—9, of this a sum of Rs 25,38,656—0—1 was collected. Remissions were granted to the extent of Rs. 3,270—8—1; the uncollected balance on the 31st March 1888 was Rs. 3,57,730—4—7, of this a sum of Rs 1,49,408—12—3 has been since collected. It is not stated to what extent coercive measures were resorted to for the collection of the revenue.

There was a net decrease of Rs. 17,626—15—4 under the head of Land Revenue owing to the relinquishment of wet lands in the Taluks of Hoskote, Dodballapur and Devanhalli.

The decrease of Rs. 28,500—10—3 under the head of Forest was due to the smaller sales of sandal and to the diminished demand for firewood.

The decrease of Rs. 7,604—1—1½ under the head of Sayer was owing to the abolition of octroi duty on cocoanut, tobacco and betel-leaves in the District.

13. The revenue of the Bangalore Municipality for the year 1887—88 was Rs. 1,08,221—5—7 as compared with Rs. 1,06,151—6—1 of 1886—87.

The total income of the several Taluk Municipalities amounted to Rs. 18,753—12—6.

14. The number of deaths registered during 1887—88 was 8,206 against 9,000 in 1886—87, a decrease of 794. 1886—87 enjoyed an immunity from cholera. During the year under review, Closepet, Kankanhalli and Bangalore were affected and the total mortality was 200. The chief cholera tract in the year was the Closepet and Kankanhalli Taluks, 121 deaths occurred in the former and 64 in the latter. The total number of births registered was 11,787 as compared with 12,108 in 1886—87.

15. The returns of the Vaccination Department show a decrease of 561 in the number of operations. There has been a marked diminution in the number of deaths from small-pox. The question of improving the existing system of Vaccination in the Districts is under consideration. The two essentials are a closer supervision over the Vaccinators and an increase in the number of qualified and educated operators.

16. Two new Dispensaries were established during the year under review, one at Hoskote and the other at Devanhalli. The public resorted largely to the new Branch Dispensary near the Market in the Bangalore City. The Bangalore Town Dispensary was closed and the St. Martha's Hospital was opened.

A committee of management has been formed consisting of competent European and Native gentlemen. It is hoped that by their co-operation the objects of the Institution will be promoted.

The total number of persons treated at all the Institutions was 336,895 or 43,067 less than in 1886—87.

17. The sanitation of the towns and the larger villages received attention.

18. There has been a falling off in the attendance at, as well as in the number of, schools aided and unaided. This decrease is attributed to the closing of pial or indigenous schools. With an increasing desire for education among the raiyats, it is difficult to understand why the indigenous schools should disappear. It is believed that the break-up of these institutions is due to the establishment of new Hobli Schools. The question of the preservation and improvement of pial schools might engage the attention of the Local Funds Committee.

19. The outlay on tank repairs amounted to Rs. 6,556—8—3 against the grant of Rs. 11,539—2—10.

The expenditure under Civil Buildings was Rs. 1,000—15—6; Rs. 30 being for an original work (constructing an outpost mantapam in the Hoskote Taluk) and Rs. 970—15—6 for repairs.

20. The balance of revenue work remaining undisposed at the end of the year under review was small.

21. The report is silent as to the progress made by Amildars in planting groves and avenue trees, nor is there any mention of sanitary measures adopted for the conservancy and improvement of villages. These are important omissions.

22. During the year under review the management of the Sivaganga temple was made over to the Guru.

23 The expenditure on the State Chattrams fell from Rs. 4,767—4—3 to Rs. 4,320—0—0. 47,254 persons obtained food gratuitously.

24. The issue of daily rations in the Langarkhana should be strictly regulated so as to exclude those who have no proper claim to them.

25. Capitation grants to famine orphans amounted to Rs. 1,097—4—2 against Rs. 913—3—1 in the previous year.

26. In and about Bangalore the Mills of the Maharaja of Mysore Spinning and Manufacturing Company continued to afford employment to large numbers, and their management has been satisfactory. The out-turn of yarn in 1887—88 was valued at Rs. 2,66,732—12—10.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Deputy Commissioner, Bangalore District.

READ THE FOLLLOWING PAPER :—

Annual Report on the Hospitals and Dispensaries in Mysore for 1887.

No. 1572—12, DATED, CAMP MYSORE, 29TH MAY 1889.

REVIEW THEREON.— Besides the Maternity and Lunatic and Leper Asylums at Bangalore and Her Highness the Maharani Hospital for women and children at Mysore, there were 49 Hospitals and Dispensaries at work at the close of 1886 During 1887 new Dispensaries were opened at Hoskote, Gubbi, Heggaddevankote, Chamrajnagar, Arkalgud, Holé-Narsipur, Sorab, Hiriyur, Molakalmuru and Holalkere.

2. The popularity of the Dispensaries increases yearly. The number of patients was as follows :—

1883	211,707
1884	234,822
1885	238,374
1886	284,005
1887	319,201

Of those treated during the year under notice, 2,629 were in-patients and 306,572 out-patients. At page 16 of the report Surgeon-Major P. H. Benson remarks "A great many are admitted as in-patients who simply want food and "shelter for a time and whose proper place would be a poor house. The Munici- "pality should be compelled to provide an institution of this kind to relieve the "Hospital, towards the up-keep of which they contribute nothing'.' It is desirable that the tendency to allow Hospitals to take the place of poor houses should be checked.

Fever as in 1886 was the disease for which most patients applied for treatment. The cases of cholera were 394. Under respiratory diseases there was a considerable increase (16,829 against 12,697). Under dysentery and diarrhœa the numbers varied little.

The Dispensaries which treated the largest number of patients were the Bangalore Petta (18,755), Closepet (11,129), Channapatna (18,456) and Chikballapur (10,832).

In the Kunigal Dispensary the number of patients treated fell from 8,370 in 1886 to 3,183 in 1887. No satisfactory explanation of this decrease has been given.

The number of major operations performed during the year under review was 151 as compared with 104,123 and 145 in the preceding 3 years. These operations included four cases of Urethrotomy and one of Lithotrity, 16 amputations, and 20 operations for cataract. There were 6,191 minor operations as compared with 4,409, 4,333 and 4,608 in the preceding 3 years.

The greatest number of surgical operations were performed in the Dispensaries of Bangalore Petta (452), Closopet (239), Magadi (211), Channapatna (266), Anekal(204), Seringapatam (277), Hassan (280) and Shimoga (231). Of the patients who underwent major operations, 86·7 per cent were cured or relieved against 86·5 per cent in 1886, while the mortality was 7·9 per cent in 1887 against 4·8 in 1886.

3. Of the total number treated, 164,796 were men, 62,319 women and 92,086 children; 1,595 were Europeans, 1,436 Eurasians, 207,039 Hindus, 86,830 Muhammadans and 22,301 persons of other races and religions.

4. The amount realized by the sale of medicines at Dispensaries in the year under review was Rs. 1,000 against Rs. 1,143 in 1886. This result compares unfavorably with that of 1886 when the number of Dispensaries at work was 49 or 10 less than in the year under review. The total income of the Hospitals and Dispensaries during the year under review, excluding the sale proceeds of medicines, was Rs. 80,155, of which the Government contribution was Rs. 62,763 or Rs. 8,088 more than in 1886. The receipts from Local and Municipal Funds amounted to Rs. 17,838. The actual expenditure during the year was Rs. 80,155 or Rs. 11,350 more than in 1886, and the increase was principally under the heads of European medicines and miscellaneous charges and in salaries owing to the establishment of 10 new Dispensaries.

5. Twenty-three of the Dispensaries were inspected by the Senior Surgeon in the course of the year.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Senior Surgeon to the Government of Mysore.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 29th May 1889.

READ THE FOLLOWING PAPER :—

The Revenue Administration Report of the Chitaldroog District for 1887—88.

No. 1577—46, DATED, CAMP MYSORE, 29TH MAY 1889.

REVIEW THEREON.—No Survey operations during the year under review.

2. The available extent of culturable waste at the close of the year 1886—87 was 616,994 acres. The area of lands relinquished during the year under review was 14,347 acres against 55,885 acres sold or granted for cultivation. The area of arable land available for cultivation at the close of 1887—88 was 605,456 acres.

3 The cultivated area increased from 875,950 acres in 1886—87 to 920,852 in the year under notice. Cereals and pulses occupied as usual by far the largest areas.

4. In this as in several other Districts cattle disease caused much loss.

5. Sixteen wild animals were killed against 23 in 1886—87. The amount of rewards granted was Rs. 219 against Rs. 325.

6. The average rain-fall of the District for the year 1887—88 was 19·38 inches as compared with 21·29 in 1886—87. The season was generally favorable. The rains were rather late, but the out-turn of the dry crops was on the whole fairly good; the wet crops suffered considerably from deficient rains.

7. The total length of roads planted with avenues in the District is 371 miles. The avenues were fairly maintained.

8. The amount of revenue derived from lime-stone quarries during the year was Rs. 301 as compared with Rs. 304 in 1886—87. The value of the out-turn of iron, *viz.* 4,000 maunds, was Rs. 8,000.

The approximate value of the principal manufactures of the year was Rs. 1,50,870 or Rs. 14,960 less than in 1886—87.

9. The export trade was valued at Rs. 9,75,694—7—4. Besides food grains the principal articles of export were cumblies and cloths.

10. Prices throughout the year ranged lower than in 1886—87.

11. The total expenditure by officers of the Revenue Department on minor Revenue and Police buildings in the District amounted to Rs. 1,092—13—2, of which Rs 219—4—0 were expended on the construction of policemen's huts at Banjagondanahalli in the Holalkere Taluk and Rs. 873—9—2 on repairs.

12. The revenue of the District for 1887—88 exclusive of the revenue, *viz.* Rs. 60,477—11—8, credited under the heads of Local, Irrigation and District Funds, amounted in the aggregate to Rs. 9,89,801—5—8½, exhibiting a net increase of Rs. 1,44,277—7—8½ as compared with 1886—87.

The land revenue of the year was Rs. 5,78,471—2—10 as against Rs. 5,69,209—0—7 in 1886—87. The increase of Rs. 9,262—2—3 was due mainly to extension of cultivation.

The revenue under Forests was Rs. 15,632—6—7, or Rs. 4,268—8—5 more than in 1886—87. The increase was under Tangadi bark and Date leaves.

The revenue from abkari increased by Rs. 17,392—1—0 owing to the enhanced rate at which the toddy contract of the District was disposed of.

Including the outstanding balance of Rs. 1,04,230—9—3 which remained uncollected on the 31st March 1887, the gross demand amounted to Rs. 10,94,031-14-11½, of which Rs. 9,63,179—3—4½ were collected, and Rs. 3,959—11—0 remitted, leaving a balance at the close of the year of Rs. 1,27,093—0—7.

13. During the year under notice 5,495 deaths were registered, or 296 more than in 1886—87. There were 78 deaths from cholera. The number of deaths from fevers was 2,996 against 3,094 in 1886—87. 358 persons succumbed to small-pox during the year under notice as against 284 in 1886—87.

The number of births registered was 10,305 against 10,322 in 1886- -87.

14. Three new dispensaries were opened during the year at Hiriyur, Molakalmuru and Holalkere. The total number of persons treated was 10,758 against 12,149 in 1886—87.

15. In the Municipalities of the District some attention was paid to sanitary matters. The necessity of improving the water supply of villages outside Municipalities must be steadily kept in view.

16. The total number of vaccine operations effected during the year was 8,944 as against 9,363 in 1886—87.

17. Ten original revenue cases were disposed of during the year under review. The balance of revenue work remaining undisposed of at the end of the year was small.

18. The condition of the boundary marks is not reported upon. It is desirable that many of these should be inspected by the Deputy Commissioner and Jamabandi Officers personally.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Deputy Commissioner, Chitaldroog District.

READ THE FOLLOWING PAPER :—

Revenue Administration Report of the Shimoga District for 1887—88.

No. 1578—55, DATED, CAMP MYSORE, 29TH MAY 1889.

REVIEW THEREON.—The average rain-fall of the District for the year under review was 65·96 inches as compared with 58·47 in 1886—87. The rain-fall was in excess of that of 1886—87 in the Sorab, Sagar, Nagar and Tirthahalli Taluks. In Honnali the total fall was scanty. The greatest rain-fall was in the Nagar Taluk where the quantity gauged was 178·72 inches.

2. The prices of the principal food grains during the year under notice ranged lower than in 1886—87, due mainly to favorable harvests.

3. The table given in paragraph 6 of the report does not show the total amount of each description of agricultural stock. Murrain and foot and mouth disease were rife in the District, and caused much loss.

4. Seventy-three iron forges were at work, yielding a revenue of Rs. 876 as compared with 89 in 1886. Sixteen forges, which could not be worked at a profit, were closed during the year under review. The estimated out-turn of the iron manufacture in 1887—88 was Rs. 11,575 and of the manufacture of coarse cloth Rs. 22,271—0—0. There was a considerable decrease in the value of manufactures as compared with the year 1886—87.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 29th May 1889.

5. The total expenditure on works under the head of District Funds during the year under review was Rs. 86,187—0—0 against a grant of Rs. 95,610—0—0. The greater portion of this outlay was on account of the annual maintenance of District Funds throughout the District.

6. The Deputy Commissioner and his Assistants made personal inspection of 145 tanks brought up to standard by the Department of Public Works.

Attention was paid to the execution of the repairs of minor tanks. The bunds of 66 tanks were strengthened and improved by the raiyats.

7. Repairs to Revenue and Police buildings were carried out by the Revenue Department at a cost of Rs. 820—6—8.

8. The outstanding balance on the 1st April 1887 was Rs. 1,88,599—2—5 and the total demand for the year under review, inclusive of District and Municipal Funds, was Rs 21,91,887—6—11, making in the aggregate Rs 23,80,486—9—4 against Rs. 24,74,473—4—11 in 1886—87, the result being a net decrease of Rs. 93,986—11—7. A large portion of this decrease was nominal and occurred chiefly under the head of Still-head duty, the realizations from which were credited in the accounts of the Bangalore District Treasury.

The revenue from Sayer shows a fall of Rs. 11,098—7—11½.

The unrealized balance at the close of the year was Rs. 90,764—2—2.

9. During the year under review 12,056 deaths were registered. There were 357 deaths from cholera. It followed the dispersion of the pilgrims from Tripati, and spread through the Shimoga and Honnali Taluks. It also showed itself in sporadic cases in the Nagar and Tirthahalli Taluks.

The total number of births registered during the year under notice was 10,655.

10. There were 8 Dispensaries open during the year 1887—88. The total number of patients treated was 37,663 as against 39,655 in 1886—87, a decrease of 1,992.

11. The total number of vaccine operations effected during the year was 10,845 as against 9,301 in 1886—87.

12. At the First Examination in Arts 3 candidates from the Shimoga College were successful and 9 matriculated.

13. The income of the Muzarayi Department aggregated Rs. 36,010—4—3 being Rs. 5,022—9—3 less than that of 1886—87. Rs. 33,603 were allotted for expenditure on account of the Devastanams, Chattrams, Matts, &c., under the management of the Muzarayi Department.

14. The bandhs were inspected by the Deputy Commissioner and his Assistants personally ; and attention was also paid to the maintenance of avenues.

15. The number of original cases disposed of was 8 as compared with 29 in 1886—87. The number of appeals heard was 4. The quantity of miscellaneous revenue work remaining undisposed of at the close of the year under review was small.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Deputy Commissioner, Shimoga District.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 31st May 1889.

READ THE FOLLOWING PAPERS :—

Docket from the Deputy Commissioner, Chitaldroog, dated 7th May 1889, No. 62—57.

Proceedings of the Municipal Board dated 13th April 1889, received with Chitaldroog Deputy Commissioner's No. 23—22 of the same date.

No. 1584-93—Cir. 33, DATED BANGALORE, 31ST MAY 1889.

ORDER THEREON.—Mr. Lingappa, a merchant of Chitaldroog, was appointed on 30th September 1880 as a member of the Municipality of the town of Chitaldroog, but owing to his absence on other work he has not been able to take part in the Municipal work. Mr. Ram Rao, a non-official Municipal Member of the same Municipality having now resigned his appointment, the members of the Municipality passed a Resolution on 13th April 1889 in which they accepted Mr. Ram Rao's resignation, and requested Mr. Lingappa to join the Board. It is not stated whether Mr. Lingappa is now willing to join the Municipal Board and do his part of the work, but the Government presume that he is willing, and have no objection to his joining the Municipal Board. In future, however, it must be understood that in all Municipalities excepting those of Bangalore and Mysore which are governed by a special enactment, a member absenting himself during three consecutive Meetings or six Meetings in a year should be considered to have vacated his post and the Deputy Commissioner should recommend the appointment of another in his place.

2. The Municipal Members should meet at least once a month and the President of each Head-quarter Municipality is requested to submit to the Dewan's Office a statement every month showing the number of Meetings held by each Municipality in his District during the month.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The President of the Municipality of Chitaldroog.
The Deputy Commissioners of Districts.
The Comptroller.

PART I.

EDUCATIONAL.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Educational),—dated 13th May 1889.

READ THE FOLLOWING PAPER:—

Draft Educational Budget submitted by the Education Secretary for the official year 1889—90.

No. 12, DATED 13TH MAY 1889.

ORDER THEREON.—The receipts under Education, Provincial, for the current official year are estimated at Rs. 35,000, while the estimate of ordinary charges under the head amounts to Rs. 1,94,418, and it is proposed to provide for additional expenditure as shown below :—

Items.	Amount.	Total.
I. Re-transfer of Taluk Schools and Taluk School Building charges, as well as Taluk Branch Schools, with provisions made for their increases ...	81,000	91,000
Re-transfer of Subordinate Inspection Agency, with provision for increases.	10,000	
II. Grants-in-aid.—Original Grants	4,500	16,220
Do Increases to existing Grants	5,220	
Building Grants, including the Grant proposed to the Industrial School at Hassan of Rs. 1,000	6,500	
III. Increase to Book Department	720	720
IV. Increases to Munshis, &c., in Colleges and Schools	1,094	1,094
V. Furniture	800	800
Total.....	...	1,09,854

2. *Taluk Vernacular Schools.*—The income and expenditure of Taluk Vernacular Schools, which had previously formed part of the Provincial Educational Budget, were transferred to the Local Funds during the financial pressure of 1879—80 to relieve the Provincial Funds entirely of the burden of Vernacular Education. In the interests of Primary Vernacular Education, however, this arrangement now requires revision. Accordingly, with a view to devote the Local Funds realised from the 24 per cent of the Local Cess, set apart for Education purposes, entirely to meet the cost of Primary Vernacular Education in Hobli and Village Schools for the benefit of the rural population, the Government deem it advisable to re-transfer the receipts and charges connected with the Taluk Vernacular Schools to the Provincial Funds. This arrangement will take effect from the beginning of the current official year.

It does not, however, appear expedient to adopt a similar course in the case of Taluk Branch schools, which really are not distinguishable from Hobli Schools, except as regards the experimental levy of fees. The cost of the Subordinate Inspection Agency will also continue to be charged to Local Funds as has always been the practice previous even to the revision of 1879—80.

3. *Grants-in-aid.*—Under Grants-in-aid the increase budgetted for amounts to Rs. 16,220, for which full details are given in the memorandum submitted by the Education Secretary. An additional provision under this head is necessary, as it is desirable to relieve the Bangalore City Municipality of nearly the whole of the grants now made from its funds to schools in the City which are not in any way under its own immediate supervision, on the principle that the Municipality cannot in fairness be required to contribute towards the maintenance of Educational institutions with

the control and management of which it exercises no functions. To meet all requirements on account of Grants-in-aid a lump sum of Rs. 65,000 (inclusive of Rs. 9,000 on account of Grants hitherto charged to the Bangalore Municipality) will be entered in the Budget, subject to separate orders being passed as regards appropriations therefrom on a full consideration of the existing and proposed grants. This provision also includes a sum of Rs. 3,600 on account of the pay of a Lady Superintendent for H. H. the Maharani's Girls' School, Mysore, at Rs. 300 per mensem.

4. *Government Book Depôt.*—The increase provided for the Government Book Depôt Establishment is Rs. 720. This Depôt, which was formerly located in the late High School (the present Central College premises) used to sell books to the public in Bangalore, besides supplying school books, furniture, maps, &c., to the various Government schools in the Province. In 1878, the local sale of books purchased by Government was experimentally entrusted to the Cantonment Bible, Tract and Book Depôt Society, allowing the Society a discount of 15 per cent on the sale proceeds of books, leaving the Government Book Depôt to supply books, maps, &c. to the schools out of Bangalore. There is reason to believe that this dual arrangement has been a source of great inconvenience to students and the general public. The Government therefore resolves to cancel this arrangement, and to re-transfer the sale of Government Books in Bangalore to the Government Book Depôt, after giving reasonable notice to the Bible, Tract and Book Depôt Society. The accommodation for the Government Book Depôt in the Public Offices is found to be very inadequate and its removal to a central place such as the late District Lock-up would be a great convenience to both students and the public. Such removal should be effected as early as possible. In consideration of the increase of work entailed by this arrangement on the Government Book Depôt, the additional provision of Rs. 720 referred to, for increase to its establishment, is approved.

5. *Other Increases.*—The other increases proposed are deemed necessary, and they are sanctioned.

6. *Grant to the Hassan Students' Home.*—A special Building grant of Rs. 5,000 is proposed to the Students' Home now under constuction in Hassan. It is not possible to make this sum available from the District Fund—a branch of Local Funds—which is devoted to other important purposes and which admittedly is too limited even for its ordinary legitimate requirements. The proposed grant may, however, be allotted from the 24 per cent of the Local Cess available for Educational purposes.

7. *Students' Home for Central College.*—It is highly desirable to establish a suitable Students' Home in connection with the Central College in Bangalore for the convenience of Muffasil students. The matter has been under discussion for some time past, and early steps will be taken to acquire the site required and to construct a suitable building.

8. The Receipts and Charges of the Provincial Educational Budget for the current official year, as now revised, stand as shown in the subjoined statement:—

Estimated Receipts.

Details.	1888—89	1889—90	Difference.
I. School Fees in English Colleges and Schools	15,000	22,800

Proceedings of the Government of His Highness the Maharaja of Mysore, (Educational),—dated 13th May 1889.

9. The increase as compared with the Budget for 1888—89 is over one lakh. Of this, Rs. 71,500 are due to charges transferred from Local to Provincial Funds as a measure of simple justice, and about Rs. 16,000 are due to new and increased grants-in-aid which are considered necessary owing to the rapid spread of education both of boys and girls, and Rs. 9,000 to the transfer of certain grants from the Bangalore Municipality to the Provincial Budget.

10. With the foregoing remarks, the Provincial Educational Budget of 1889—90 is sanctioned.

By Order,

L. RICE,

Education Secretary.

To—The Comptroller.

PART I.

MILITARY.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Military).—dated 7th May 1889.

READ THE FOLLOWING PAPER:—

Agricultural Report of the Government Stud Farm at Kunigal for the year 1887—88.

No. 999—18, DATED 7TH MAY 1889.

REVIEW THEREON.—The weather during the year under review was on the whole favorable to agricultural operations. The rain-fall was above the average and favorably distributed.

Six acres and 11 guntas of land under the Begur tank channel were purchased at a cost of Rs. 230, making the total area of the Farm 279 acres and 19 guntas.

During the year under review, the boundaries have been fenced in and kaval lands levelled, and other estate improvements carried out.

One hundred and ninety-four acres and 31 guntas were sown with ragi, oats, cholam (Sorgham Vulgare), Lucerne, guinea grass, &c. The results obtained were satisfactory. The yield from 3 acres under the Begur tank channel sown with oats was small, possibly due to water stagnating on the land.

Lucerne was grown on 30 guntas of land. The great weight of green fodder it gives per acre has been well brought forward, and the slight trouble incident on its cultivation is a point much in its favor.

Guinea grass was grown to a small extent and yielded a valuable fodder crop. Hay was extensively cultivated.

2. The number of dairy cattle, &c., on the 1st April 1887 was 113; 6 bull-calves and 6 cow-calves were born during the year; 2 cows and 2 bulls were purchased; 2 bulls, 2 cows and 6 calves died, leaving 119 at the close of the year under review. There were 38 pairs of working bullocks on the Farm.

3. The new stables for the accommodation of foals was in course of construction, and Rs. 679—11—2 were expended on the repairing of the pump-well, stables, kitchen, and the construction of the carriage stall and tunnel for conveying water to troughs.

4. The receipts of the Farm amounted to Rs. 6,015—2—0 against Rs. 5,083-2-9 in 1886—87. The expenditure incurred was Rs. 5,086—2—5, leaving a balance in favor of Government of Rs. 928—15—7, or an increase of Rs. 344-4-10 over that of 1886—87. The items which contributed to this increase were hay and country cholam (Sorgham Vulgare).

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Military Secretary.

PART I.

PUBLIC WORKS.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Public Works),—dated 6th May 1889.

READ THE FOLLOWING PAPERS —

Preliminary Issue of the Public Works Budget Estimates for the year 1889—90.

Chief Engineer's Note thereon, dated 23rd March 1889.

The Budget Estimates for 1889—90 aggregate Rs. 27,88,000, or Rs. 91,000 less than the final grant for 1888—89. These estimates are to be met from the following sources:—

Rs.	
20,00,000	from Provincial Funds.
5,26,000	from District Funds and Local Funds General.
2,50,000	from Provincial Irrigation Fund.
12,000	from Palace Fund.
27,88,000	

PROVINCIAL BUDGET.

2. The grant for this budget has been fixed at 20 lakhs, which is the same as that for 1888—89. One half of this amount is for "Irrigation," and it has been set apart, as usual, as a grant-in-aid to Provincial Irrigation Fund. The distribution of the Provincial grant over the several budget heads, as compared with that of the previous year, will be found in the Abstract pages 2 and 3.

3. *Original.*—Under Military, 3 new works and one incomplete work of 1888-89 (noted in the detailed budget) have been provided for, with allotments aggregating Rs. 24,500. The Military Secretary considers these works to be necessary for the proper accommodation of the Silahdar and Barr troops stationed in Mysore and Bangalore. A sum of Rs. 3,500 for original minor works, and Rs. 6,000 for "Repairs," Military, have also been provided, making the total grant for "Military Works" Rs. 34,000.

4. A forecast statement of the expenditure required under this head during the next few years has been obtained from the Military Secretary, as ordered in para 3 of Proceedings No. 2049—389 of 9th May 1888, passing orders on Preliminary Budget for 1888—89. This will be submitted to Government shortly.

5. Under the head "Civil Buildings," a sum of Rs. 1,82,000 has been provided, *viz.* Rs. 1,33,300 for major works and Rs. 46,700 for minor works. Of the former amount upwards of Rs. 18,000 have been allotted for Dispensaries and other Medical accommodation, considered necessary by the Senior Surgeon. For the construction of new Taluk Cutcherries and improving existing ones, a sum of Rs. 25,000 has been provided, while small allotments aggregating Rs. 9,500 have been made for improving District offices, &c. Large allotments have also been provided for the completion of the new Public Offices, Victoria Jubilee Institute and Hindu Visitors Quarters, all in the town of Mysore. A new building for the Maharaja's College at Mysore has been proposed, and pending final settlement of the question, an allotment of Rs. 5,000 has been made for the work.

6. For minor works of this class, a sum of Rs. 46,700 has been reserved; of which Rs. 30,000 will be given for new Police Stations and Lines against Rs. 35,000 allotted for the same purpose during 1888—89. It has not been possible to devote more money to this head.

7 The total charges under the head "Irrigation" which amount to Rs. 10,00,000, (*viz.* Rs. 8,16,000 for works and Rs. 1,84,000 for establishment) will, as usual, be treated, as a grant-in-aid to the Irrigation Fund Budget. Further remarks on Irrigation works will be found in paras dealing with the Irrigation Fund.

8. Under "Communications" Rs. 1,82,000 have been provided, of which one lakh goes towards the construction of the two important bridges, across the Tunga at Hariharpur and Bhadra at Balehonnur. These bridges were started in December last, and the large allotments provided, *viz.* Rs. 50,000 each, are necessary in view to their rapid progress. Provision to the extent of Rs. 18,000 has been made for Travellers' Bungalows, Musafarkhanas, Inspection Lodges and one Chattram. The necessity for these buildings has been explained in the Note on the Preliminary Budget for 1888—89. For the extension of the Urigam Gold Field Railway Feeder, which is in progress since 1887—88, an allotment of Rs 10,000 has been provided to ensure its early completion. The other works do not call for special notice.

9. The provision under "Miscellaneous Public Improvements" for the year under report is Rs. 85,000 against Rs. 1,95,000 of the previous year. Some of the important major works under this head will be out of hand in a few months hence, and require only small allotments for their completion.

10. A sum of Rs. 20,000 has been provided for the "Mysore Water-Supply Project," but it will probably be necessary to augment this amount later in the year. The work of water distribution from the Kukarhalli reservoir has almost been completed, and only Rs. 6,000 being the unexpended balance of the sanctioned estimate, has now been provided. It has not been found possible to provide specially for the scheme for the thorough drainage of Mysore which has been under consideration for some time. The project has not been sufficiently developed to warrant a demand for funds and involving as it does difficult questions of heavy compensation and wholesale removal of tenements in overcrowded quarters, it will require some special measures to allow of the details being properly matured and put into shape for the consideration of Government.

11. The erection of a permanent Exhibition building in the Lal-Bagh gardens at Bangalore has already been approved of by Government, and a project for the same is in course of preparation. An allotment of Rs. 10,000 has been provided for the year, but it is feared the cost of a suitable and sufficiently large building will prove heavier than has been anticipated. The remaining works do not call for any special mention.

12. *Repairs.*—The total grant under this head is Rs. 3,29,400 against Rs. 2,57,000 for 1888—89. The large increase is due to the transfer of the marginally noted District Fund roads to Provincial Funds. It has been found necessary to resort to this arrangement in order to relieve the District Fund Budget of the maintenance of the above important roads (measuring in all 642 miles) for the purpose of keeping the expenditure under that Budget within its annual estimated income in accordance with para 22 of Proceedings No. 2049—387 of 9th May 1888. The roads enumerated are not merely local lines, meeting purely local wants. They serve the interests of through traffic and of the commerce of the Province as a whole, and their up-keep may therefore be fairly considered as reasonable charge against the general revenue. It has been found impracticable to maintain them in satisfactory order out of Local Funds and at same time to devote sufficient money from the District assets to the many growing purely local wants of the several Districts, more especially to sanitation. The arbitrary arrangement by which the roads throughout the Province were classfied some years ago as "Provincial" and "District" was not a final one. It will have in fact to be revised from time to time,

Mysore-Manantoddi road.
Nanjangud-Hasanur Ghat road.
Gundlupet-Sultan's Battery road.
Mysore-Yelwal road.
Bangalore-Kadapa road.
Kadapa road Railway feeder.
Bangalore-Hindupur road.
Tumkur-Bellary road *vid* Pavagada.
Chitaldroog-Challakere road.
Banavar-Belur road.
Vastara-Koppa road.
Anjur, Gonibid-Belur road.
Shimoga-Harihar road.
Shimoga-Hyderghar Ghat road.
Hassan-Chikmagalur road.

with the varying revenues and the demands on the resources of the State and of the District Boards. The total mileage to be maintained from Provincial Fund during the year will be 1,730 miles against 1,062 of 1888—89

13. *Establishment.*—Particulars under this head are given under "General Remarks."

DISTRICT FUNDS BUDGET.

14. The grants for the several Divisions have been fixed, as usual, on the estimated annual income, less the amount audited by the Comptroller—*Vide* para 3 of Dewan's Proceedings No. 2669-80—61 of 25th July 1884. The total amount from this source comes to Rs. 4,59,000 as per abstract statement showing the assets and grants of District Funds, &c., (pages 6 and 7) furnished by the Comptroller of Mysore. This amount has proved quite inadequate to meet the actual requirements of the works in progress and those brought forward by Local Fund Boards, necessitating the arrangement as regards the transfer of some of the more important roads to Provincial Fund as explained above at some length. Notwithstanding the relief afforded by this transfer, it will be necessary to postpone for a time the opening out of some minor projected lines of undoubted immediate importance to the Districts concerned, as well as the general improvement of several unbridged and unmetalled lines which ought to be radically dealt with once for all.

15. The grant fixed for the Kadur District has been found totally insufficient to meet the demands of that District. The opening out of the Railway feeder from Lingadahalli to Birur, which is in progress on an estimate of Rs. 16,567, has an allotment of only Rs 2,000, whilst the Executive Engineer requires Rs. 7,000 for the year. It is proposed that a special grant of Rs. 6,100 (Rs. 5,000 for works and Rs. 1,100 for establishment) be given for this work from Local Funds General, there being no District Fund assets at the credit of the Kadur District as shown in the Comptroller's statement referred to above. A grant-in-aid of Rs. 60,900 is also required from Local Fund General for the Yegachi bridge at Belur, Hassan Division, *viz.* Rs. 50,000 for work and Rs. 10,900 for establishment. Inclusive of these grants-in-aid, the District Fund Budget will stand at Rs. 5,26,000 against Rs. 6,22,000 for the previous year. The distribution of the former grant by service heads and by Divisions is given in abstract pages 8 and 9.

PROVINCIAL IRRIGATION BUDGET.

16. The total grant under this budget (including the grant-in-aid of Rs. 10,00,000 from Provincial Funds referred to in para 2) amounts to Rs. 12,50,000 against Rs. 11,72,000 for 1888—89. The grant-in-aid has been entirely devoted to "Original Works" and to cover the cost of establishment chargeable thereto—*Vide* para 8 of Proceedings quoted in para 4. 255 major works with a total allotment of Rs. 7,69,000 have been provided for under "Original" *vide* Part I of Detailed Budget, pages 32 to 55. An allotment of Rs. 20,000 has been given to each of the 3 new large reservoirs, *viz.* Ramasagara, Srinivasasagara and Venkatesasagara now under construction in Kolar Division. The Executive Engineer, Tumkur Division, has submitted a project amounting to Rs. 99,768 for constructing a new tank at Sampaganahalli in Maddagiri Taluk, which is under consideration. Rs. 5,000 have been provided for this work. For Borankanave project, item No. 109, an allotment of Rs. 20,000 has been given and Rs. 25,000 for Rekalgere Anikat and Channel in Chitaldroog Division—Item No. 157. Large sums have also been given for the other important works now in progress, such as "Maddur Ané Channels (Rs. 15,000); restoring Sulikere Tank, Malvalli Taluk (Rs. 20,000); improving Ramasamudram Channel (Rs. 30,000); Rampur Channel works (Rs. 40,000) and Sogal Anikat and Channels (Rs. 15,000). A most important project, the construction of a new anikat across the Cauvery river at Kalnatpur to supersede the Chikdevaraysagar, Viziyanadi and Devaroy dams, and largely extend the existing irrigation, is brought forward for the first time, with an allotment of Rs. 10,000. The ultimate cost will

probably be as much as 15 lakhs. Rupees 10,000 have also been provided for the Hulhalli Channel, on right bank of the Kabani, from the Rampur Anikat, an entirely new work, approximate estimated cost of which is Rs. 4,09,000. It is desirable to assign much larger allotments to some of the above works, but this will be looked into later on and when the Final Budget comes to be prepared, it may be possible to increase the assignments to the larger works by re-appropriation. It may be stated here that fewer works, on a large scale with larger expenditure annually on each, would be desirable, but difficulties as regards labor, prevent this, whilst the immense number of tanks and channels to be dealt with all over the country demands a wide distribution of funds and consequently reduced allotments to each work. For minor irrigation works Rs. 47,000 have been provided.

17. The grant under Irrigation Fund proper is fixed at Rs. 2,50,000. Of this amount, Rs. 2,04,400 has been set apart for " Repairs" and Rs. 45,600 for " Establishment," *vide* para 7 of Proceedings quoted above. The former amount includes a sum of Rs. 35,000 for the annual repairs of river channels in the Mysore and Hassan Districts.

GENERAL REMARKS.

18. Besides the budgets enumerated above, a grant of Rs. 22,500 was made in the first instance from Palace Funds for constructing a glazed roof over the Courtyard of Zenana wing of His Highness the Maharaja's Palace at Bangalore ; also for conservatory and such other minor works as may be required in connection therewith. The project for the glazed roof having however fallen through, the grant has now been reduced to Rs. 12,000, which is considered sufficient to meet all requirements.

19. *Establishment.*—The total charges under this head aggregate Rs. 5,06,000 or Rs. 6,000 more than that provided for 1888—89. The increase is due principally to the entertainment of additional temporary Overseers. An increased provision has also been made under "Travelling Allowances," the same having been found necessary. It may be found necessary to enhance the allotment under this head in the Final Budget, should the proposals now before Government for strengthening the Accounts branch meet with approval. A proposal to place the Sanitary Engineer on a better footing as regards salary is also under consideration.

20. The establishment charges come to 18 per cent on the total grant or same as that for 1888—89. The charges are rateably distributed to all budgets as noted below, Palace Budget excepted,which it is not usual to debit with supervision charges.

					Rs.
Provincial Budget at 18 per cent				...	1,80,600
Provincial Irrigation Fund	do			...	2,29,600
District Fund	do	do	...	...	95,800
				Total Rs.....	5,06,000

Proceedings of the Government of His Highness the Maharaja of Mysore, (Public Works).—dated 6th May 1889.

No. 1907—286, DATED, OOTACAMUND, 6TH MAY 1889.

ORDER THEREON—

Provincial.

The grant from Provincial revenue has been fixed at 20 lakhs as in 1888—89 and one-half of this amount will be devoted to original irrigation works and the cost of establishment chargeable thereto.

2. The balance of 10 lakhs is distributed as follows.—

	Original.	Repairs.	Total.
Military Buildings	28,000	6,000	34,000
Civil Buildings	1,80,000	44,000	2,24,000
Communication	1,82,000	2,74,000	4,56,000
Miscellaneous Public Improvements	85,000	5,400	90,400
Tools and Plant	...	...	15,000
Establishment	...	...	1,80,600
Total...	...	...	10,00,000

3. The grants on account of Military buildings are restricted to actual requirements.

4. Under Civil Buildings, (Original), the large buildings now in course of construction at Mysore absorb Rs. 70,000 and the balance is distributed as follows :—

14 new dispensaries, enlargement of an existing Dispensary and quarters for Assistant Surgeon at Bangaloro Maternity	20,800
6 new Taluk Cutcherries	24,000
Addition to District Head-Quarter Offices	7,500
Police stations and huts	4,500
Educational buildings	6.500
Reserve—Minor Works	46,700
Total.....	1,10,000

The aggregate amount of reserve-minor works is large, but it is distributed over the ten Divisions and would be available for unforeseen new minor works. Projects for a new College building at Mysore and for the conversion of the Kolar Jail buildings into offices are still under consideration, and if they are not finally approved, the amounts shown against these items may be available for certain new buildings required at Bangalore City and not provided for in the budget.

5. Under "Communications", the most important items are the bridges across the Tunga at Hariharpur and across the Bhadra at Bale-honnur for which one lakh is provided. 16 buildings (Travellers' Bungalows, Musafarkhanas and Inspection

Lodges) have allotments aggregating Rs. 28,000, while Rs. 29,700 is provided for new roads in various stages of completion and Rs. 24,300 is reserved for unforeseen minor works.

6. Under "Miscellaneous Public Improvements," the various works in progress in the City of Mysore including the supply and distribution of water in that City absorb Rs. 69,000, leaving only Rs. 16,000 for the water-supply of Bangalore City and the Lal-Bagh Exhibition buildings. The drainage and other sanitary works required at Shimoga, require very early attention and a grant of Rs 15,000 for them, as well as one of Rs. 10,000 for improvements in Bangalore City, will be made hereafter when the respective projects have been further investigated and finally sanctioned.

7. The Chief Engineer's recommendation for the transfer of 642 miles of roads from District to Provincial funds is sanctioned. Owing to this transfer, the total number of miles maintainable from Provincial Funds is increased to 1,730. The mileage rates allowed for the various roads are approved. The total mileage allowance amounts to Rs. 2,43,555 against Rs. 1,74,030 for the previous year, the average annual allowance per mile being, however, reduced to Rs. 141 from Rs. 161. The total mileage allowance for the 642 miles of District Fund roads transferred to Provincial was Rs. 64,295.

District Funds.

8. Owing to the insufficiency of the assets at the credit of the various District Funds, the aggregate grant from these funds has had to be reduced to Rs. 4,59,000 from Rs. 5,29,500 for 1888—89. Grants-in-aid from Local Fund General amounting to *Rs. 67,000 are sanctioned. The following distribution of the total grant thus available is approved :—

*To Kadur ...	6,100	
Do Hassan ...	60,900	
	67,000	

Communications	Original	2,03,600	4,14,500
	Repairs	2,10,900	
Miscellaneous Public Improvements			13,600
Establishment			95,800
Tools and Plant			2,100
			5,26,000

9. Original works under "Communications" consist mostly of bridging and otherwise improving existing roads and the grant for the year is about Rs. 25,000 less than in 1888—89. The grant for repairs of Communications is reduced by Rs. 68,600 owing chiefly to the transfer already referred to of certain roads from District to Provincial Funds for purposes of maintenance.

Irrigation Fund.

10. For irrigation works, (Original), the whole of the funds required have been assigned from the Provincial revenue, and the grant from the Irrigation Fund which is fixed at 2½ lakhs for the year will therefore be restricted, 1st towards the cost of the establishment of Tank Inspectors, 2ndly towards the repair of masonry works of such tanks as have been brought up to standard, and 3rdly towards the repairs of all tanks and other irrigation works.

11. The budget for Original irrigation works, amounting to Rs. 8,16,000 as per details and the grant of Rs. 2,04,400 for repairs of all irrigation works are ap-

proved. The proposed new channel from Kalnathpur is an important work already in partial progress. The project should be divided into two parts, namely, 1st, the head works and the channels on either bank to supply the existing channels and the south channel to near the Mysore Travellers' Bungalow, and 2ndly the extension of the south channel so as to irrigate new land. The first part of the project should be carried into execution as early as possible.

12. It is important that the larger irrigation works now in hand should be completed as early as possible and where the funds now assigned are found inadequate, additional grants will be given later in the year upon report of actual progress.

13. The Chief Engineer will be requested to prepare a statement showing all works (irrigation, bridges, buildings, &c.) estimated to cost above Rs. 20,000 each, the amount spent upon them up to 31st March 1889, and the balance of funds required in the current and each subsequent year to complete them. Such a statement is required in order to enable the Government to make a forecast of expenditure during the next few years.

Establishment.

14. The total estimated cost of establishment (permanent and temporary) amounting to Rs. 5,06,000 against Rs. 5,00,000 for 1888—89 is approved, as well as the rateable distribution of the total cost to Provincial, Irrigation and District Funds.

15. Separate orders will be passed on the proposal for strengthening the Account establishment.

16. With the foregoing observations, the Preliminary Public Works Department Budget for 1889—90 and the grants hereunder specified are sanctioned :—

	Rs.
From Provincial Revenue	20,00,000
Do District Local Funds	4,59,000
Do Local Fund General	67,000
Do Irrigation Fund	2,50,000
Do Palace Fund	12,000
Total.....	27,88,000

17. An additional grant of one lakh from Provincial revenue will be placed at the disposal of the Public Works Department for the additional expenditure referred to in paras 6 and 12 above, and the Chief Engineer is requested to submit in due course for the orders of Government a supplemental budget showing what allotments he would recommend out of this additional grant.

By Order,

C. BOWEN, *Lieut.-Col., R. E.,*
Secretary to the Government of Mysore,
P. W. D.

PART II.
